## **Puritan Conversion Narrative:**

*The Puritan Conversion Narrative* Patricia Caldwell, 1985-11-29 In the mid seventeenth century persons on both sides of the Atlantic wishing to join a Puritan church had to appear before all of its members and tell the story of their religious conversion in effect to give convincing verbal evidence that their souls were saved This book explores the testimonies of spiritual experience delivered by puritans in the mid seventeenth century in order to qualify for membership of their local churches

*The Puritan Conversion Narrative* Patricia Caldwell, 1985-11-29 In the mid seventeenth century persons on both sides of the Atlantic wishing to join a Puritan church had to appear before all of its members and tell the story of their religious conversion in effect to give convincing verbal evidence that their souls were saved New England's Puritans widely adopted this practice and in this book Patricia Caldwell attempts to unravel the mystery of this procedure by viewing it as a literary phenomenon that met the special imaginative and expressive needs of troubled people in a time of great turmoil In the first comparative reading of conversion stories as literary expression Caldwell shows that these symbolic and deeply religious narratives represent the first faint murmurings of a truly American voice

**The Puritan Conversion Narrative** Patricia Caldwell, 1983

*The Personalization of American Christianity* Curran Davis Bishop, 2021 The North American Puritans introduced a concept that has shaped American theology a test of subjective assurance as a predicate to communing church membership While previous Reformed communities had tested would be communicants in their knowledge of church teaching and their adherence to that teaching in their lives The New England colonists added a relation of the individual's experiential conversion This was intended to protect the purity of the church while also ministering to the individual by encouraging them in their faith by their inclusion in church membership The results of the test led immediately to declining numbers of adults becoming communing members which produced tensions for the interconnected systems of the Puritan society Scholars have disagreed over whether the test represented a change in ecclesiology whether later adaptations improved or worsened the situation and whether these later adaptations were even more significant breaks with the Reformed tradition This study argues that the initial test introduced a fundamental instability into the New England Way The test was not a change in ecclesiology but in soteriology and flowed out of the ongoing evolution of the doctrine of assurance in the Reformed tradition The policy adaptation of the second generation in the half way covenant continued to hold the presupposition that experiential conversion was normative to subjective assurance Consequently it failed to address the issues that created the problem in the first place The decline in membership was corrected over the course of the last quarter of the seventeenth century because the traumas of this tumultuous time creating experiential conditions like those of the first generation from which individuals were able to draw subjective assurance sufficient to pursue church membership The sacramental renaissance of this period led to sacramental innovation in Stoddardianism though it was not as extreme as scholars have often understood it While faulting the founders test itself Stoddardianism continued to share the

presupposition of the normativity of experiential conversion and so it was unable to correct the instability inherent in the New England Way

**John Eliot's Puritan Ministry to New England "Indians"** Do Hoon Kim, 2021-12-10 John Eliot 1604-90 has been called the apostle to the Indians This book looks at Eliot not from the perspective of modern Protestant mission studies the approach mainly adopted by previous research but in the historical and theological context of seventeenth century puritanism Drawing on recent research on migration to New England the book argues that Eliot like many other migrants went to New England primarily in search of a safe haven to practice pure reformed Christianity not to convert Indians Eliot's Indian ministry started from a fundamental concern for the conversion of the unconverted which he derived from his experience of the puritan movement in England Consequently for Eliot the notion of New England Indian mission was essentially conversion oriented Word centered and pastorally focused and in common with the broader aims of New England churches pursued a pure reformed Christianity Eliot hoped to achieve this through the establishment of Praying Towns organized on a biblical model where preaching pastoral care and the practice of piety could lead to conversion leading to the formation of Indian churches composed of sincere converts

**Prepared by Grace, for Grace** Joel R. Beeke, Paul M. Smalley, 2013-05-23 Few teachings of the Puritans have provoked such strong reactions and conflicting interpretations as their views on preparing for saving faith Many twentieth century scholars dismissed preparation as a prime example of regression from the Reformed doctrine of grace for a man centered legalism In *Prepared by Grace for Grace* Joel Beeke and Paul Smalley make careful analysis of the Puritan understanding of preparatory grace demonstrate its fundamental continuity with the Reformed tradition and identify matters where even the Puritans disagreed among themselves Clearing away the many misconceptions and associated accusations of preparationism this

study is sure to be the standard work on how the Puritans understood the ordinary way God leads sinners to Christ

*The Culture and Commerce of the American Short Story* Andrew Levy, 1993-09-24

*The Culture and Commerce of the Short Story* is a cultural and historical account of the birth and development of the American short story from the time of Poe. It describes how America through political movements changes in education, magazine editorial policy, and the work of certain individuals built the short story as an image of itself and continues to use the genre as a locale within the realm of art where American political ideals can be rehearsed, debated, and turned into literary forms. While the focus of this book is cultural, individual authors such as Edgar Allan Poe and Edith Wharton are examined as representative of the phenomenon. As part of its project, this book also contains a history of creative writing and the workshop dating back a century. Andrew Levy makes a strong case for the centrality of the short story as a form of art in American life and provides an explanation for the genre's resurgence and ongoing success.

**(Extra)Ordinary Presence**

Markus Gottwald, Kay Kirchmann, Heike Paul, 2017-08-15

Taking its cue from contemporary western debates on presence in the social sciences and the humanities, this volume focuses on presence both as everyday experience and as an experience of intense moments. It raises questions about diverse social configurations of presence as well as about the specific cultural repertoires which encode, articulate, and shape discourses of presence. The contributions take as a premise that phenomena of presence are connected to particular forms of knowledge. Especially tacit knowledge pre-determines experiences of individual and collective presence and becomes tangible in moments of presence or presentification.

**Sourcebook on Rhetoric**

James Jasinski, 2001-07-19

This book is designed to introduce readers to the language of contemporary rhetorical studies. The book format is an alphabetized glossary with appropriate cross-listings of key terms and concepts in contemporary rhetorical studies. An introductory chapter outlines the definitional ambiguities of the central concept of rhetoric itself. The primary emphasis is on the contemporary tradition of rhetorical studies as it has emerged in the discipline of speech communication. Each entry in the glossary ranges in length from a few paragraphs to a short essay of a few pages. Where appropriate, examples are provided to further illustrate the term or concept. Each entry will be accompanied by a list of references and additional readings to direct the reader to other materials of possible interest.

**"The Pompe and Pride of Man"** Sandra

Slater,2024-10-28 Huddled on dank ships and tossed about in the waves of the Atlantic English Puritans envisioned a new society predicated on the values of individual and communal humility Pride a pervasive sin jeopardized their very survival and incited God s wrath The first generation of New England settlers deeply affected by the miseries of their migration experience crafted New England society on the dichotomy of pride and humility Embracing demonstrative suffering as essential Puritans embraced perpetual martyrdom often taking great pride in the extent of their humiliation This ideology affected self perceptions and informed legal codes theology and community values Anxieties around pride resulted in violent efforts to eradicate proud individuals but also whole communities as demonstrated by the Pequot War 1636 37 The dichotomy of pride and humility permeated all aspects of New England Puritanism **Tethered to the Cross** Thomas Breimaier,2020-10-20 What guided English Baptist minister Charles H Spurgeon s reading of Scripture Tracing the development of Spurgeon s thought and his approach to biblical hermeneutics throughout his ministry theologian and historian Thomas Breimaier argues that Spurgeon viewed the entire Bible through the lens of the cross of Christ

**Jonathan Edwards's Philosophy of History** AviHu Zakai,2009-02-09 AviHu Zakai analyzes Jonathan Edwards s redemptive mode of historical thought in the context of the Enlightenment As theologian and philosopher Edwards has long been a towering figure in American intellectual history Nevertheless and despite Edwards s intense engagement with the nature of time and the meaning of history there has been no serious attempt to explore his philosophy of history Offering the first such exploration Zakai considers Edwards s historical thought as a reaction in part to the varieties of Enlightenment historical narratives and their growing disregard for theistic considerations Zakai analyzes the ideological origins of Edwards s insistence that the process of history depends solely on God s redemptive activity in time as manifested in a series of revivals throughout history reading this doctrine as an answer to the threat posed to the Christian theological teleology of history by the early modern emergence of a secular conception of history and the modern legitimation of historical time In response to the Enlightenment refashioning of secular historical time and its growing emphasis on human agency Edwards strove to re establish God s preeminence within the order of time Against the de Christianization of history and removal of divine power from the historical process he sought to re enthrone God as the author and lord of history and thus to re enchant the historical world Placing Edwards s historical thought in its broadest context this book will be welcomed by those who study early modern history American history or religious culture and experience in America **African Spirituality in Black Women's Fiction** Elizabeth J. West,2012-12-07 African Spirituality in Black Women s Fiction traces the beginnings and transformations of African spirituality in African American women s literature and culminates with an examination of its return to center stage in the fiction of black Renaissance writers Nella Larsen and **Powerhouse for God** Jeff Todd Titon,2020-07-03 The Fellowship Independent Baptist Church near Stanley Virginia was a group of fundamental Christian believers broadly representative of southern Appalachian belief and practice Jeff Todd Titon worked with this Baptist

community for more than ten years in his attempt to determine the nature of language in the practice of their religion. He traces specialized vocabulary and its applications through the acts of being saved, praying, preaching, teaching, and in particular singing. Titon argues that religious language is performed and the context of its occurrence is crucial to our understanding and to a holistic view of not only religious practice but of folklife and ethnomusicology. Titon's monumental study of The Fellowship Independent Baptist Church produced not only the first edition book but also an album and documentary film. In this second edition of *Powerhouse for God*, Titon revisits The Fellowship Independent Baptist Church nearly four decades later. Brother John Sherfey, the charismatic preacher steeped in Appalachian tradition, has passed away and left his congregation to his son Donnie to lead. While Appalachian Virginia has changed markedly over the decades, the town of Stanley and the Fellowship Church have not. Titon relates this rarity in his new Afterword: a church founded on Biblical literalism and untouched by modern progressivism in an area of Appalachia that has seen an evolution in population, industry, and immigration. Titon's unforgettable study of folklife, musicology, and Appalachian religion is available for a new generation of scholars to build upon.

Wounds, Flesh, and Metaphor in Seventeenth-Century England S. Covington, 2009-08-31. *Wounds, Flesh, and Metaphor in Seventeenth Century England* explores the theme of physical and symbolic woundedness in mid-seventeenth century English literature. This book demonstrates the ways in which writers attempted to represent the politically and religiously fractured state of the time and reimagined the nation through language and metaphor in the process. By examining the creative permutations of the wound metaphor, Covington argues for the centrality of the charged imagery and language itself in shaping the self-representations of an age.
