**Puritanism and the Wilderness** Peter Neil Carroll,1968

**Exile and Kingdom** Avihu Zakai,2002-08-22 This book

explores the ideological origins of the Puritan migration to and experience in America *Hawthorne's Wilderness: Nature and Puritanism in Hawthorne's The Scarlet Letter and "Young Goodman Brown"* Marina Boonyaprasop,2013-06-01 Nathaniel Hawthorne is one of America's most noted and highly praised writers and a key figure in US literature. Although he struggled to become an acknowledged author for most parts of his life, his work stands in the limelight of the American literary consciousness. For he is a direct descendant of Massachusetts Bay colonists in the Puritan era of the 17th and 18th century. New England served as a lifelong preoccupation for Hawthorne and inspired many of his best-known stories. Hence, in order to understand the author and his work, it is crucial to apprehend the historical background from which his stories arose. The awareness of the Puritan legacy in Hawthorne's time and their Calvinist beliefs, which contributed to the establishment of American identity, serve as a basis for fathoming the intention behind Hawthorne's writings. His forefathers' concept of wilderness became an important part of their religious life, and in many of Hawthorne's tales, nature can be perceived as an active agent for the plot and the moral message. Therefore, it is indispensable to consider the development behind the Puritan perception as well as the prevailing opinion on nature during the writer's lifetime. After the historical background has been depicted, the author himself is focused. His ambiguous character and non-persistent lifestyle are the source of many themes which can be retrieved from his works. Thus, understanding the man behind the stories is necessary in order to analyze the tales themselves. Seclusion, nature, and Puritanism are constantly recurring topics in the author's life and work. To become familiar with Hawthorne's relation to nature, his ancestors, and religion, it is essential to understand the vast amount of symbols in his stories. His stories will be brought into focus and will be analyzed on the basis of the historical and biographical facts, and further, his particular style and purpose will be taken into consideration. The second part of this book analyzes two of the author's most eminent and esteemed works, namely *Young Goodman Brown* and *The Scarlet Letter*, in terms of nature symbolism and the underlying moral intention. Further, it is examined to which extent the images correspond to the formerly explained historical facts and Hawthorne's emphasized characteristic features. The comparison of the two works focuses on the didactic purpose, for in all of his works, Hawthorne's aim was to give a lesson. Thus, it will *Power and the Pulpit in Puritan New England* Emory Elliott,2015-03-08 For years, scholars have attempted to understand the powerful hold that the sermon had upon the imagination of New England Puritans. In this book, Emory Elliott puts forth a complex and striking thesis that Puritan religious literature provided the myths and metaphors that helped the people to express their deepest doubts and fears, feelings created by their particular cultural situation and aroused by the crucial social events of seventeenth-century America. In his early chapters, the author defines the psychological needs of the second and third generation Puritans.

arguing that these needs arose from the generational conflict between the founders and their children and from the methods of child rearing and religious education employed in Puritan New England In the later chapters he reveals how the ministers responded to the crisis in their society by reshaping theology and constructing in their sermons a religious language that helped to fulfill the most urgent psychological needs of the people Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Puritan in the Wilderness** John Townsend Fitch,1995      **The Poetics and Politics of the Desert** Catrin

Gersdorf,2009 This study explores the ways in which the desert as topographical space and cultural presence shaped and reshaped concepts and images of America Once a territory outside the geopolitical and cultural borders of the United States the deserts of the West and Southwest have since emerged as canonical American landscapes Drawing on the critical concepts of American studies and on questions and problems raised in recent debates on ecocriticism The Poetics and Politics of the Desert investigates the spatial rhetoric of America as it developed in view of arid landscapes since the mid nineteenth century Gersdorf argues that the integration of the desert into America catered to the entire spectrum of ideological and political responses to the history and culture of the US maintaining that the Americanization of this landscape was and continues to be staged within the idiomatic parameters and in reaction to the discursive authority of four spatial metaphors garden wilderness Orient and heterotopia      *Puritanism, the Wilderness, and the Frontier* Alan Heimert,1953

Puritanism and the American Experience Michael McGiffert,1969      **From Wilderness to Wasteland** Charles

Berryman,1979      **Conscience and Community** Andrew R. Murphy,2009-03-02 Religious toleration appears near the top of any short list of core liberal democratic values Theorists from John Locke to John Rawls emphasize important interconnections between the principles of toleration constitutional government and the rule of law Conscience and Community revisits the historical emergence of religious liberty in the Anglo American tradition looking deeper than the traditional emergence of toleration to find not a series of self evident or logically connected expansions but instead a far more complex evolution Murphy argues that contemporary liberal theorists have misunderstood and misconstrued the actual historical development of toleration in theory and practice Murphy approaches the concept through three myths about religious toleration that it was opposed only by ignorant narrow minded persecutors that it was achieved by skeptical Enlightenment rationalists and that tolerationist arguments generalize easily from religion to issues such as gender race ethnicity and sexuality providing a basis for identity politics      The Puritan Origins of American Patriotism George McKenna,2008-10-01 In this absorbing book George McKenna ranges across the entire panorama of American history to

track the development of American patriotism That patriotism shaped by Reformation Protestantism and imbued with the American Puritan belief in a providential errand has evolved over 350 years and influenced American political culture in both positive and negative ways McKenna shows The germ of the patriotism an activist theology that stressed collective rather than individual salvation began in the late 1630s in New England and traveled across the continent eventually becoming a national phenomenon Today American patriotism still reflects its origins in the seventeenth century By encouraging cohesion in a nation of diverse peoples and inspiring social reform American patriotism has sometimes been a force for good But the book also uncovers a darker side of the nation s patriotism a prejudice against the South in the nineteenth century for example and a tendency toward nativism and anti Catholicism Ironically a great reversal has occurred and today the most fervent believers in the Puritan narrative are the former outsiders Catholics and Southerners McKenna offers an interesting new perspective on patriotism s role throughout American history and he concludes with trenchant thoughts on its role in the post 9 11 era

**Thornton Wilder and the Puritan Narrative Tradition** Lincoln Konkle, 2006 Fresh examination of the works of Thornton Wilder emphasizing continuities in American literature from the seventeenth through twentieth centuries Sees Wilder as a literary descendant of Edward Taylor who drew from the Puritan worldview and tradition Includes in-depth readings of *Shadow of a Doubt* *The Trumpet Shall Sound* and others Provided by publisher

**Gardens in the Wilderness** Ralph John Coffman, 1978 *Gardens in the Wilderness* Ralph John Coffman, 1976 *The Noble Savage in the New World Garden* Gaile McGregor, 1988 This book is a literary history of the Noble Savage and a comprehensive metamorphology of the American mind Wide ranging and deep diving this book suggests many reevaluations of American heroes and attitudes

**Voices in the Wilderness** Patricia Roberts-Miller, 2014-05-12 A work of composition theory rhetorical theory and cultural criticism this volume ultimately provides not only new approaches to argumentation and the teaching of rhetoric composition and communication but also an original perspective on the current debate over public discourse

**The Calvinist Roots of the Modern Era** Alik Barnstone, Michael Tomasek Manson, Carol J. Singley, 1997 This collection of essays traces Calvinism s presence in twentieth century literature and demonstrates its impact as psychological construct cultural institution and socio political model

**The Puritans in America** Alan Heimert, Andrew Delbanco, 2009-07-01 In a felicitous blend of documents and narrative Heimert and Delbanco recapture the sweep and restless change of Puritan thought from its incipient Americanism through its dominance in New England society to its fragmentation in the face of dissent from within and without

## Adopting the Song of Term: An Psychological Symphony within **Puritanism And The Wilderness**

In a global eaten by monitors and the ceaseless chatter of quick interaction, the melodic beauty and psychological symphony developed by the prepared word often diminish into the background, eclipsed by the constant noise and disturbances that permeate our lives. However, situated within the pages of **Puritanism And The Wilderness** an enchanting fictional prize brimming with raw feelings, lies an immersive symphony waiting to be embraced. Crafted by an outstanding musician of language, that fascinating masterpiece conducts visitors on an emotional trip, skillfully unraveling the hidden tunes and profound impact resonating within each carefully crafted phrase. Within the depths of this moving assessment, we shall discover the book is central harmonies, analyze their enthralling publishing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
