Purity Of Arms An American In The Israeli Army:

A Purity of Arms Aaron Wolf, 1989 *Fateful Triangle* Noam Chomsky, 2015-02-17 A comprehensive indictment of what Noam Chomsky calls the disgraceful and extremely dangerous policy the US has enacted towards Israel *American Foreign Policy & Its' Link to Terrorism in the Middle East* Khalil T. Azar, 2011-07-08 This book is a study that explores how American foreign policy is linked to the development of terrorism in the Middle East mainly using the Palestine Israel conflict as a case study It discusses questions that consider how American foreign policy in the Middle East is managed What values and what political systems produce this policy Who influences this policy What is the relationship between the countries in the Middle East especially Palestine and Israel to America This book will specifically focus on how American foreign policy was influenced by American presidents from Woodrow Wilson to George Bush II Israeli Counter-Insurgency and the Intifadas Sergio Catignani, 2008-01-24 This volume analyzes the conduct of the Israel Defence Forces IDF counter insurgency operations during the two major Palestinian uprisings 1987 1993 and 2000 2005 in the Territories of the West Bank and Gaza Strip It employs primary and secondary resources to produce a comprehensive analysis on whether or not the IDF has been able to adapt it *War and Peace in the Jewish Tradition* Lawrence H. Schiffman, Joel B. Wolowelsky, 2007 *The Great War for Civilisation* Robert Fisk, 2007-12-18 A sweeping and dramatic history of the last half century of conflict in the Middle East from an award winning journalist who has covered the region for over forty years The Great War for Civilisation unflinchingly chronicles the tragedy of the region from the Algerian Civil War to the Iranian Revolution from the American hostage crisis in Beirut to the Iran Iraq War from the 1991 Gulf War to the American invasion of Iraq in 2003 A book of searing drama as well as lucid incisive analysis The Great War for Civilisation is a work of major importance for today's world

The Israel Lobby and U.S. Foreign Policy John J. Mearsheimer, Stephen M. Walt, 2007-09-04 Originally published in 2007 The Israel Lobby and U S Foreign Policy by John Mearsheimer of the University of Chicago and Stephen M Walt of Harvard's John F Kennedy School of Government provoked both howls of outrage and cheers of gratitude for challenging what had been a taboo issue in America the impact of the Israel lobby on U S foreign policy A work of major importance it remains as relevant today as it was in the immediate aftermath of the Israel Lebanon war of 2006 Mearsheimer and Walt describe in clear and bold terms the remarkable level of material and diplomatic support that the United States provides to Israel and argues that this support cannot be fully explained on either strategic or moral grounds This exceptional relationship is due largely to the political influence of a loose coalition of individuals and organizations that actively work to shape U S foreign policy in a pro Israel direction They provocatively contend that the lobby has a far reaching impact on America's posture throughout the Middle East in Iraq Iran Lebanon and toward the Israeli Palestinian conflict and the policies it has encouraged are in neither America's national interest nor Israel's long term interest The lobby's influence also affects America's relationship with important allies and increases dangers that all states face from global jihadist terror The

publication of The Israel Lobby and U S Foreign Policy led to a sea change in how the U S Israel relationship was discussed and continues to be one of the most talked about books in foreign policy

Blaming the Victims Christopher Hitchens, Edward W. Said, 2020-05-05 Since the 1948 war which drove them from their heartland the Palestinian people have consistently been denied the most basic democratic rights Blaming the Victims shows how the historical fate of the Palestinians has been justified by spurious academic attempts to dismiss their claim to a home within the boundaries of historical Palestine and even to deny their very existence Beginning with a thorough expos of the fraudulent assertions of Joan Peters concerning the indigenous inhabitants of Palestine prior to 1948 the book then turns to similar instances in Middle East research where the truth about the Palestinians has been systematically suppressed from the bogus though still widely believed explanations of why so many Palestinians fled their homes in 1948 to today's distorted propaganda about PLO terrorism The volume also includes sharp critiques of the wide consensus in the USA which supports Israel and its territorial ambitions while maintaining total silence about the competing reality of the Palestinians

Israel's Wars of Attrition Avi Kober, 2009-09-11 This book analyzes the way Israel has coped with nine wars of attrition from the 1950s to the recent Second Lebanon War 2006 questioning the belief that Western democracy cannot sustain prolonged wars of attrition Challenging Israel with attrition has been compatible with the Arab way of war which emphasizes staying power and with the belief that democracies cannot tolerate wars of attrition either economically or psychologically Israel for its part developed a self image of incapacity to sustain prolonged wars committing itself to a traditional offensive approach to blitzkrieg whenever possible The book offers an account of nine wars of attrition that Israel was involved in over almost 60 years from Palestinian infiltration and fedayeen activities against Israel in the early 1950s through to the Second Lebanon War in 2006 The author uses these cases to challenge the myth that Israel cannot afford to become involved in a draining war of attrition Focusing on central aspects typical of Western democracies engaged in wars of attrition operational effectiveness the societal staying power the economic burden of the war moral dilemmas and conflict management problems the book challenges the myth that Israel cannot afford to become involved in a draining war of attrition while at the same time highlighting the fact that in its wars of attrition Israel has not always succeeded in avoiding undesired escalation This book will be of much interest to students of strategic studies Israeli history Middle Eastern politics and security studies in general Avi Kober is a member of the Department of Political Studies at Bar Ilan University Israel and is a Senior Research associate with the BESA Center for Strategic Studies
