blood spattered cellar in Ekaterinburg Through the letters and diaries written by the couple and by those around them Virginia Rounding presents an intimate penetrating and fresh portrayal of these two complex figures and of their passion their love and their suffering She explores the nature and possible causes of the Empress s ill health and examines in depth the enigmatic triangular relationship between Nicky Alix and their favourite Ania Vyubova prot g e of the infamous Rasputin extracting the meaning from words left unsaid from hints and innuendoes The story of Alix and Nicky of their four daughters known collectively as OTMA and of their hemophiliac little boy Alexei is endlessly fascinating and Rounding makes these characters come alive presenting them in all their human dimensions and expertly leading the reader into their vanished world

**George, Nicholas and Wilhelm** Miranda Carter,2011-03-08 In the years before the First World War the great European powers were ruled by three first cousins King George V of Britain Kaiser Wilhelm II of Germany and Tsar Nicholas II of Russia Together they presided over the last years of dynastic Europe and the outbreak of the most destructive war the world had ever seen a war that set twentieth century Europe on course to be the most violent continent in the history of the world Through brilliant and often darkly comic portraits of these men and their lives their foibles and obsessions Miranda Carter delivers the tragicomic story of Europe s early twentieth century aristocracy a solipsistic world preposterously out of kilter with its times

*Kaiser Wilhelm II* John C. G. Rhl,2014-08-21 This is a concise edition of John R hl s prize winning three volume biography of Kaiser Wilhelm II of Germany It sheds new light on the Kaiser s troubled youth his involvement in social and political scandals and his role in foreign policy decisions that led to the outbreak of the First World War

Wilhelm II John C. G. Röhl,2004-08-19 Kaiser Wilhelm II 1859 1941 ruled Imperial Germany from his accession in 1888 to his enforced abdication in 1918 at the end of the First World War This book based on a wealth of previously unpublished archival material provides the most detailed account ever written of the first half of his reign Following on from John R hl s definitive and highly acclaimed *Young Wilhelm The Kaiser s Early Life 1859 1888 1998* the volume demonstrates the monarch s dynastic arrogance and the wounding abuse he showered on his own people as step by step he built up his personal power His thirst for glory his overweening nationalism and militarism and his passion for the navy provided the impetus for a breathtaking long term goal the transformation of the German Reich into the foremost power in the world Urgent warnings from all sides both against the revival of a semi absolute Personal Monarchy on the threshold to the twentieth century and against the challenge his goal of world power implied for the existing World Powers Great Britain France and Russia were brushed aside by the impetuous young ruler with his faithful military retinue and blindly devoted court favourites Soon the predicted consequences constitutional crisis at home and diplomatic isolation abroad began to make their alarming appearance
