Purpose Directed Theology Getting Our Priorities Right In Evangelical Conversations:

Dethroning Jesus Darrell L. Bock, Daniel B. Wallace, 2010-05-17 New York Times bestselling author Dr Darrell Bock teams up with Dr Daniel Wallace to help you separate fact from fiction among constant attacks on Christianity from popular culture and bogus scholars There is a quest going on to reduce Jesus to a mythic legend or to nothing more than a mere man Scholars such as Elaine Pagels and James Tabor are using recent discoveries like the Gospel of Judas and the Gospel of Thomas to argue that the Christ of Christianity is a contrived figure and that a different Christ one human and not divine is the true Christ Both research professors Bock and Wallace set out a vigorous defense of Christianity against a popular trend that they dub Jesusanity where Christ was simply a human teacher In their trademark easy to understand style the authors take on attempts to redefine Jesus in a convincing way that will help you understand that the orthodox understanding of Christ and his divinity is as trustworthy and sure as it ever was This book Refutes the six main claims that represent a large part of skepticism about Jesus today Provides credible answers to attacks on the traditional texts Defends against the interpretations of bogus scholars and the arguments of biased scholars Constructs a positive case for the Jesus of faith If you re exhausted by the constant attempts to dethrone Jesus renew the security of your knowledge of who Jesus really is the Son of God *Engaging Deconstructive Theology* Ronald T. Michener, 2016-04-29 Engaging Deconstructive Theology presents an evangelical approach for theological conversation with postmodern thinkers Themes are considered from Derrida Foucault Mark C Taylor Rorty and Cupitt developing dialogue from an open minded evangelical perspective Ron Michener draws upon insights from radical postmodern thought and seeks to advance an apologetic approach to the Christian faith that acknowledges a mosaic of human sources including experience literature and the imagination [Purpose-directed Theology](#) Darrell L. Lindbeck, 1996-01-01 Voted one of Christianity Today s 1997 Books of the Year Ours is an age of profound cultural change in which new categories and alliances are bound to arise In theology the liberal strategy has lost support having degenerated into mere anthropology and succumbed to the political agendas of its proponents And while the evangelical movement appears to be gaining ground it is simultaneously suffering an acute identity crisis Currently the postliberal or Yale school movement has found a strong resonance in some mainline denominational circles Its emphasis on the biblical text and Jesus Christ through which all other reality needs to be construed may turn out to be the most significant theological realignment in more than a century Are we witnessing a paradigm shift Can evangelicals and postliberals make common confession Might they even combine forces to reinvigorate the church its theology and its mission for a new era In this groundbreaking book creative evangelical and

Congress. House. Committee on Foreign Affairs. Subcommittee on Asia and the Pacific,2013 Melanchthon and Calvin on Confession and Communion Herman Speelman,2016-01-18 Melanchthon and Calvin were late medieval people stemming from a world of order and unity and at the same time they fully lived in the early modern world in which everything was changing In this new world they committedly enthusiastically and restlessly sought to introduce some order in theory as well as practice The sixteenth century church was governed by multiple coercive constructions and systems Did the two Reformers really succeed in disconnecting themselves from them and to what extent did they connect to for example the existing forms of eucharistic piety The established church had come under serious criticism and people were massively turning their backs on the less than attractive ecclesiastical practices something connecting that era to ours In these highly turbulent and suspenseful 1520s when it was not yet clear whether the ten year old evangelical movement in Germany was still viable Melanchthon tried to introduce at least some order into the chaos by means of a confession accompanied by a church order As it turned out the new doctrine on Christian freedom and justification by faith alone was easily interpreted in a one sided manner Through a careful analysis of the sources Herman A Speelman examines Melanchthon s church visitations in 1527 and Calvin s five attempts to shape the modernisation of ecclesiastical life In addition to the gospel also penance and the preaching of the law received a place in the Protestant liturgy and spirituality Melanchthon s and Calvin s contributions were not only to have an enormous impact on the theological evolutions in the evangelical movement in Europe but they also proved to be of eminent importance for the way in which the new doctrine was given meaning in practice Their instructions continue to be highly influential in large parts of Europe today **New York Magazine** ,1985-11-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Unrest in South Asia** United States.
