Right On! Bradford Chambers, Rebecca Moon, 1970 **Right On An Anthology of Black Literature** Bradford Chambers, 1976 Right On! Bradford Chambers, Rebecca Moon, 1970 *The Cambridge Companion to American Civil Rights Literature* Julie Armstrong, 2015-03-02 This Companion brings together leading scholars to examine the significant traditions genres and themes of civil rights literature *The Black Arts Enterprise and the Production of African American Poetry* Howard Rambsy, 2018-05-09 A closer look at the poets and publishers who made the Black Arts Movement such an enduring cultural enterprise **Digital Literary Redlining** Amy E. Earhart, 2025-06-24 Though canon concerns seem to be a relic of 1990s academia we are once again at a historical moment when there is resistance to teaching texts by writers of color and texts that deal with race ethnicity and gender At the same time algorithmic bias scholars are locating systemic bias encoded into systems from policing software to housing software Bringing these divergent areas together Amy E Earhart examines how technological and institutional infrastructures construct and deconstruct race ethnicity and gender identities Focusing on two central infrastructures the database a commonly used technological infrastructure in the digital humanities and the anthology a scholarly and pedagogical infrastructure Earhart considers how such seemingly naturalized infrastructures impact the representation and modeling of identity The book draws upon the building and use of DALA a collection of almost 100 years of generalist American and African American literature anthologies constructed to investigate questions of identity and representation in literary anthologies and by extension the larger literary canon The resulting examination and its rigorous discussion of how identities are created and recreated within Black literary histories has important implications for contemporary cultural and political debates about canon formation literary scholarship and the bias embedded in technological infrastructures **Focus on Minorities** Fort Bragg (N.C.). Library, 1973 The Pen is Ours Jean Fagan Yellin, Cynthia D. Bond, 1991 This bibliography of writing by and about African American women provides a much needed research tool to scholars and researchers in the field The bibliography lists writing by African American women whose earliest publication appeared before 1910 a supplemental bibliography lists writing published as of 1911

African-American Literature Paul Q. Tilden, 2003 Having its origins in the slave narratives and the folktales transmitted orally during that period the literature of the African American has been rich and varied Beginning with the first published work of fiction *Clotel Or the President s Daughter* in 1853 continuing under the influence of W E B Du Bois during the first part of this century and reaching a flowering during the Harlem Renaissance major contributions have been made to American literature Today African American writers such as Toni Morrison Alex Haley and Maya Angelou are recognised as among the most significant and popular authors in this country This new book presents an important overview of African American literature as well as a comprehensive bibliography with easy access provided by title subject and author indexes

Richard Wright Keneth Kinnamon, 2014-11-04 African American writer Richard Wright 1908 1960 was celebrated during

the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son*. By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through 2003. Arranged alphabetically by author, within years are some 8,320 entries ranging from unpublished dissertations to book-length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics. The Dictionary Catalog of the Vivian G. Harsh Collection of Afro-American History and Literature, the Chicago Public Library Chicago Public Library, 1978

Race, Rights and Reform Sarah C. Dunstan, 2021-02-18 Innovative new study mapping African American and Francophone black intellectual collaborations over human rights and citizenship from 1919 to 1963

African American Literature Stephen Currie, 2011-05-23 In this informative volume author Stephen Currie presents readers with an extensive survey of African American literature that covers the history of African American writing and authorship from the oral traditions of the seventeenth century to the publications of the present. Readers will learn about the importance, power, and prevalence of African American literature before, during, and after the Civil War and gain an insight into the way African American literature both shaped and was shaped by periods such as the Harlem Renaissance and the Civil Rights Movement. *The Cambridge Companion to African American Women's Literature* Angelyn Mitchell, Danille K. Taylor, 2009-04-30 The Cambridge Companion to African American Women's Literature covers a period dating back to the eighteenth century. These specially commissioned essays highlight the artistry, complexity, and diversity of a literary tradition that ranges from Lucy Terry to Toni Morrison. A wide range of topics are addressed from the Harlem Renaissance to the Black Arts Movement and from the performing arts to popular fiction. Together, the essays provide an invaluable guide to a rich, complex tradition of women writers in conversation with each other as they critique American society and influence American letters. Accessible and vibrant with the needs of undergraduate students in mind, this Companion will be of great interest to anybody who wishes to gain a deeper understanding of this important and vital area of American literature. African Migration, Human Rights and Literature Fareda Banda, 2020-12-24 This innovative book looks at the topic of migration through the prism of law and literature. The author uses a rich mix of novels, short stories, literary realism, human rights, and comparative literature to explore the experiences of African migrants and asylum seekers. The book is divided into two parts. Part one is conceptual and focuses on art, activism, and the myriad ways in which people have sought to write justice. Using Mazrui's diasporas of slavery and colonialism, it then considers histories of migration across the centuries before honing in on the recent anti-migration policies of western states. Achiume is used to show how these histories of imposition and exploitation create a bond which

bestows on Africans a status as co sovereigns of the First World through citizenship The many fictional examples of the schemes used to gain entry are set against the formal legal processes Attention is paid to life post arrival which for asylum seekers may include periods in detention The impact of the increased hostility of receiving states is examined in light of their human rights obligations Consideration is paid to how Africans navigate their post migration lives which includes reconciling themselves to status fracture taking on jobs for which they are over qualified while simultaneously dealing with the resentment borne of status threat on the part of the citizenry Part two moves from the general to consider the intersections of gender and status focusing on women LGBTI individuals and children Focusing on their human rights and the fictional literature chapter four looks at women who have been trafficked as well as domestic workers and hotel maids while chapter five is on LGBTI people whose legal and literary stories are only now being told The final substantive chapter considers the experiences of children who may arrive as unaccompanied minors Using a mixture of poetry and first person accounts the chapter examines the post arrival lives of children some of whom may be citizens but who are continually made to feel like outsiders The conclusion follows starting with two stories about walls by Hadero and Lanchester which are used to illustrate the themes discussed in the book Few African lawyers write about literature and few books and articles in Western law and literature look at books by or about Africans so a book that engages with both is long overdue This book provides fascinating reading for academics students of law literature gender and migration studies and indeed the general public

The Civil Rights Reader Julie Buckner Armstrong, Amy Schmidt, 2009-01-01 This anthology of drama essays fiction and poetry presents a thoughtful classroom tested selection of the best literature for learning about the long civil rights movement Unique in its focus on creative writing the volume also ranges beyond a familiar 1954-68 chronology to include works from the 1890s to the present The civil rights movement was a complex ongoing process of defining national values such as freedom justice and equality In ways that historical documents cannot these collected writings show how Americans negotiated this process politically philosophically emotionally spiritually and creatively Gathered here are works by some of the most influential writers to engage issues of race and social justice in America including James Baldwin Flannery O'Connor Amiri Baraka and Nikki Giovanni The volume begins with works from the post Reconstruction period when racial segregation became legally sanctioned and institutionalized This section titled The Rise of Jim Crow spans the period from Frances E. W. Harper's *Iola Leroy* to Ralph Ellison's *Invisible Man* In the second section The Fall of Jim Crow Martin Luther King Jr's Letter from Birmingham Jail and a chapter from *The Autobiography of Malcolm X* appear alongside poems by Robert Hayden June Jordan and others who responded to these key figures and to the events of the time Reflections and Continuing Struggles the last section includes works by such current authors as Rita Dove Anthony Grooms and Patricia J. Williams These diverse perspectives on the struggle for civil rights can promote the kinds of conversations that we as a nation still need to initiate

Re-Membering and Surviving Shirley A. James Hanshaw, 2020-10-01 The first book length critical study of the black

experience in the Vietnam War and its aftermath this text interrogates the meaning of heroism based on models from African and African American expressive culture It focuses on four novels Captain Blackman 1972 by John A Williams Tragic Magic 1978 by Wesley Brown Coming Home 1971 by George Davis and De Mojo Blues 1985 by A R Flowers Discussions of the novels are framed within the historical context of all wars prior to Vietnam in which Black Americans fought The success or failure of the hero on his identity quest is predicated upon the extent to which he can reconnect with African or African American cultural memory He is engaged therefore in re membering a term laden with the specificity of race that implies a cultural history comprised of African retentions and an interdependent relationship with the community for survival The reader will find that a common history of racism and exploitation that African Americans and Vietnamese share sometimes results in the hero s empathy with and compassion for the so called enemy a unique contribution of the black novelist to American war literature

Africana Studies James L. Conyers,1997 Known variously as African studies black studies African American studies Afro American studies and Africology the academic study of the African diaspora as a holistic discipline is a relatively new phenomenon University programs have been created with reference to a disciplinary matrix retarding the development of appropriate theory and methods throughout Africana studies Fifteen leaders in the field of Africana studies provide the conceptual framework for establishing the field as a mature discipline The focus is on four basic areas administration and organizational structure disciplinary matrix Africana womanism and cultural aesthetics The work examines both the theory and the method of scholars in African and African diaspora studies

Wayne,2014-12-09 A comprehensive encyclopedia tracing the history of the women s rights movement in the United States from the American Revolution to the present day Few realize that the origin of the discussion on women s rights emerged out of the anti slavery movement of the 19th century and that suffragists were active in the peace and labor movements long after the right to vote was granted Thus began the confluence of activism in our country where the rights of women both followed and led the social and political discourse in America Through 4 volumes and more than 800 entries editor Tiffany K Wayne with advising editor Lois Banner examine the issues people and events of women s activism from the early period of American history to the present time This comprehensive reference not only traces the historical evolution of the movement but also covers current issues affecting women such as reproductive freedom political participation pay equity violence against women and gay civil rights

The Civil Rights Theatre Movement in New York, 1939-1966 Julie Burrell,2019-03-27 This book argues that African American theatre in the twentieth century represented a cultural front of the civil rights movement Highlighting the frequently ignored decades of the 1940s and 1950s Burrell documents a radical cohort of theatre artists who became critical players in the fight for civil rights both onstage and offstage between the Popular Front and the Black Arts Movement periods The Civil Rights Theatre Movement recovers knowledge of little known groups like the Negro Playwrights Company and reconsiders Broadway hits including Lorraine

Hansberry's *A Raisin in the Sun* showing how theatre artists staged radically innovative performances that protested Jim Crow and U.S. imperialism amidst a repressive Cold War atmosphere. By conceiving of class and gender as intertwining aspects of racism, this book reveals how civil rights theatre artists challenged audiences to reimagine the fundamental character of American democracy.
