FT Guide to Management Ann Francke, 2014-02-19 Practical concise and full of tips that every manager needs to know The Financial Times Guide to Management provides a powerful guide for leaders at every level Arianna Huffington Chairman President and Editor in Chief The Huffington Post Media Group This is clear encouraging and packed with good sense just like its author A winner Eleanor Mills Editorial Director The Sunday Times Amidst the myriad of books on leadership this guide presents an unusually concrete comprehensive and practical set of principles and learnings for managers at every level John Pepper Forme *Umiker's Management Skills for the New Health Care Supervisor* Charles McConnell, 2010-10-25 Today's healthcare supervisors are continuously faced with smaller budgets fewer workers greater responsibilities and time pressure The all new Fifth Edition of Umikers Management Skills for the New Health Care Supervisor continues to provide valuable information for future health care managers and supervisors who must address these challenges daily Written primarily for those who have little to no management training Umikers offers practical suggestions for improving effectiveness both as a supervisor and as an organization Ideal for students in junior undergraduate community and career college programs author Charles McConnell maintains Bill Umikers clear jargon free writing style **Right on Time!** Lester R. Bittel, 1991 BUSINESS ECONOMICS **Umiker's Management Skills for the New Health Care Supervisor** McConnell, 2016-12 Textbook for HIT 201 Management Principles for Health Professionals Class is using 7th ed HIT201

Quality Time David D. Van Fleet, 2020-10-01 Managers who focus on time usually concentrate on the wrong things Quality Time presents a new approach to achieving productivity through time management Time itself is not what matters but rather how that time is used to achieve individual and organizational goals Managers who get upset over employees coming to work late or socializing on the job often care more about them putting in time than putting their time to good use Quality Time is for managers and others who care about everyone putting their time to good use to contribute to the value of the organization Based on unique concepts Quality Time offers both general and specific information and advice from an individual and a team or group point of view It is designed so that the manager is involved first and then group or team members are engaged Through reciprocal communication all parties can arrive at better uses of time While focused on managers anyone can achieve productivity from the use of the unique framework and assessments Quality Time is different from other time management books Most are focused solely on the individual Quality Time is intended to serve individuals but also workgroups or teams Quality Time is readable It uses straightforward language to involve the reader It makes learning easier and enjoyable by making the material realistic and interesting The material is up to date and accurate as well Praise for Quality Time I own a one employee company Reading Quality Time enlightened me It was not a difficult read and full of useful concepts many I have never considered We have all been taught plan your work work your plan Dr David Van Fleet s book keeps me focused on better ways to use time wisely to create a better plan Steve Nemeth Realtor Broker The

framework and assessments in the book should be valuable to any organization Todd LaPorte CEO of HonorHealth Scottsdale Teamwork is a fact of life in organizations and the struggle to make teams use time more effectively is another ongoing fact of life This book is a broadly comprehensive and immediately applicable look at the ways we can make team s use of time better The novel use of the V REEL Framework to focus the efforts to improve team time is both insightful and helpful My hearty applause is offered to David Van Fleet s unique perspective that will serve to improve team interactions and performance through the use of quality time G David Flint Co founder of Value Creation Company and author of Think Beyond Value Building Strategy to Win Having completed the first time management program offered by Time Systems Inc in 1980 I was keen to discover what David Van Fleet would offer to add to those earlier ideas and refine recommended practices that were previously known Professor Van Fleet has offered here some wonderful time management tips but even more importantly he has demonstrated how to move from personal goal setting to managing team time more readily achieving institutional goals In particular his idea of developing a means end staircase for a team is a significant contribution toward the management of time expended toward organizational goals It necessarily includes consideration of the individual goals of each team member and should be highly motivating to everyone on the team David has also addressed the necessary process of managing both the positive and negative effects of stress on employee performance This book goes a long way toward explaining how to implement the principles in my own book Richard N Morrison Author Activate Human Capital
