Right Projects Done Right From Business Strategy To Successful Project Implementation:

Right Projects Done Right Paul C. Dinsmore, Terence J. Cooke-Davies, 2005-10-24 The Right Projects Done Right reflects the advances that have been made since the concern for managing multiple projects in organizations first emerged more than a decade ago This book includes findings and solutions that address three vital questions Has the right portfolio of projects been chosen to ensure that company strategy is implemented successfully Have the right projects with the right scope been selected as candidates for the portfolio Are the projects managed well Dinsmore and Cooke Davies help managers answer these questions by providing them with the information they need to implement an enterprise wide project management environment

Project Portfolios in Dynamic Environments Brian Hobbs, Yvan Petit, PMP, 2012-05-01 Project Portfolios in Dynamic Environments Organizing for Uncertainty is a comprehensive report of research that addresses this important rising issue Authors Yvan Petit and Brian Hobbs present the results of their investigation in a report that significantly advances the theory and also offers tips for practice Currently those applying project portfolio management tend to focus on the selection prioritization and strategic alignment of projects Little attention is afforded the potential disturbances to project portfolios such as new projects terminated projects delayed projects incorrect planning due to high uncertainty and changes in the external environment Yet these factors can have highly disruptive even show stopping influence This research seeks to answer How is uncertainty affecting project portfolios managed in dynamic environments

Enterprise Project Governance Paul C. Dinsmore, Luiz Rocha, 2012-03-28 In our increasingly competitive global economy companies in all industries are struggling to survive and seeking new ways to do more and this places unprecedented pressure on project managers to take on and govern multiple efforts simultaneously Enterprise Project Governance reveals proven techniques for dealing with the multiplicity of projects and ensuring that programs and initiatives create the value needed to help your organization prosper Through enlightening examples and case studies readers will learn how to examine new project proposals and align them with the priorities resources and strategies of the organization But this isn't a one person job As its title suggests Enterprise Project Governance takes a more systemic approach to the important work of managing projects teaching practical methods for incorporating enterprise project governance into an organization's culture synchronizing it with corporate governance and maximizing efficiency and results across departments Whether you're a boardroom exec an experienced project manager struggling to keep up or someone working in the trenches and hoping to advance this go to guide will help you manage your workload and even increase it with ease
