T&T Clark Reader in Abortion and Religion, 2022-12-29 This volume introduces students to the history of cultural and theological responses to abortion as background for understanding a diversity of ethical positions in contemporary Christian Jewish and Muslim writings Politicized debates about abortion are often presented in terms of a binary rhetoric of prolife versus prochoice however this collection of essays shows how that binary often breaks down when abortion is seen from different religious perspectives and in light of the voices of women themselves While abortion is a global phenomenon this volume focuses on the U S context American abortion politics and culture wars have been dominated by Christian voices nevertheless Jewish and Muslim abortion ethics engage many of the same issues from different cultural and religious perspectives Finally this volume presents important examples of recent social scientific studies about the relationship of religion and abortion in the diverse cultural racial and economic fabric of American society Pedagogical features include Introduction to the subject matter by the editors Introductory essays to all five parts of the book Questions for classroom discussion Additional pedagogical materials can be found at <https://abortionreligionreader.com>

Feminism Beyond Left and Right Holly Lawford-Smith, 2025-07-14 An unquestioned assumption of contemporary politics is that the left owns minority groups in the sense that the left exclusively champions the interests of minorities and is for that reason owed the allegiance of minorities This in turn gives rise to the sense of dissonance created by right wing dissenters the black social conservative the gay ultra nationalist the female libertarian the poor pro capitalist This same dissonance exists for women and feminism creating a default assumption that a feminist is a left wing woman We don't make a distinction between left wing feminists and feminists we don't need to There's nothing a philosopher loves more than an unquestioned assumption and in this book political philosopher Holly Lawford Smith systematically dismantles the assumption that feminism is an exclusively left wing project Once dismantled the path is clear to a new set of questions Who counts as a feminist in the first place If women from anywhere on the political spectrum can be feminists who is it that feminists should or shouldn't be

working with And what can be said more generally about the ethics of alliances and coalitions In *Feminism Beyond Left and Right* Lawford Smith makes the case for non partisan feminism feminism outside the constraints of the left right political spectrum a feminism for and about all women as women Rights and Demands Margaret Gilbert,2018 Margaret Gilbert presents the first full length treatment of a central class of rights demand rights To have such a right is to have the standing or authority to demand a particular action of another person Gilbert argues that joint commitment is a ground of demand rights and gives joint commitment accounts of both agreements and promises Performance of a Lifetime Cerise Merola,2013-09-17 Cerise Merola or CC as affectionately addressed by her friends was a cross between Antie Mame Gypsie Rose Lee and a jigger of Tulalla Bankhead *Accent Pieces* Amy Mangan,2021-06-17 From her pen to our hearts the columns and essays enrich and entertain Carolanne Griffith Roberts Former Editor Southern Living *Accent Pieces* is a personal homage to creating the life you want right where you are Amy s collection of essays makes sense of life home love heartache and friendships all while sharing a decorating tip or two **Everyday Courage** Niobe Way,1998-04 Developmental psychologist Way interprets first person accounts of what it means to be among the nearly 40 percent of poor and or ethnic minority adolescents in the 1990s drawing upon 71 interviews protocols appended with a sample of the 95 plus percent who do not meet the media stereotypes of destructive urban teens or superheroes With relational themes clustered in conceptual matrices and statistics belying perceptions of the degree of high risk behavior among youth she challenges the pathological pictures which emerge from quantitative studies representing them in preconceived categories Annotation copyrighted by Book News Inc Portland OR *Police Civil Liability* Victor E. of Fascism in France explores the origins development and action of fascism and extreme right and fascist organisations in France since the First World War Synthesizing decades of scholarship it is the first book in any language to trace the full story of French fascism from the First World War to the modern National Front via the interwar years the Vichy regime and the collapse of the French Empire Chris Millington unpicks why this extremist political phenomenon has at times found such fervent and widespread support among the French people The book chronologically surveys fascism in France whilst contextualizing this within the broader European and colonial frameworks that are so significant to the subject Concluding with a useful historiographical chapter that brings together all the previously explored aspects of fascism in France A History of Fascism in France is a crucial volume for all students of European fascism and France in the 20th century **The**

National Magazine ,1905 *How a useless startup burns 25 millions in 3 days* Michael Wenkart,2014-04-10 Did you observe new Startups burning Millions in just a few days This is what happened more than once in recent years however sometimes startups are successful If you are seriously thinking about starting your own business you need to give deep consideration to a lot of factors before taking the plunge A very high percentage of start ups fail often in a very short space of time And the reasons for failure are numerous and wide ranging If you don t give sufficient thought and planning to your new venture it is very likely that you will be among them It is always helpful to know of other people s experiences in these sort of areas What they did or didn t do can provide you with clear pointers as to how you should proceed Many people have been down the road and many have failed Their failures might contain the seeds of your success if you are able to understand where they went wrong and use that information to your benefit Running your own business takes guts and stamina among lots of other qualities If you are thinking of taking the plunge you will need and deserve a lot of luck Good hunting
