Gerlinde Groitl

Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China:

Rights Beyond Borders Rosemary Foot, 2000 Over the five decades since the establishment of the UN Charter and Universal Declaration of Human Rights human rights issues have become a dominant feature of the international system embracing new actors eroding the traditional Westphalian concept of sovereignty and leading to an acceptance that the treatment of individuals and groups within domestic societies is legitimately a focus of global attention This book examines the effect of this normative evolution on the individual state institutional and advocacy network behaviour Having described this normative environment it assesses its impact on key actors relationships with China particularly in the period since the Tiananmen bloodshed in June 1989 It also examines China's responses international and internal to being the focus of global attention in this issue area The book's theoretical concerns are to uncover the mechanisms through which international human rights norms influence especially the external but also the domestic behaviour of states

Rights Beyond Borders Rosemary Foot, 2000

Rising China's Influence in Developing Asia Evelyn Goh, 2016-04-22 Rising China has been reshaping world order for the last two decades but this volume argues that we cannot accurately understand rising China's global impacts without first investigating whether and how its growing power resources are translated into actual influence over other states choices and policies Concentrating on the developing countries in East and South Asia where the power asymmetry is greatest and China ought to have the biggest influence the volume investigates China's influence in bilateral relationships and on key political actors from these countries within key issue areas and international institutions Using an influence framework the volume demonstrates how China tends to try to gain the support of smaller and weaker countries without forcing them to change their preferences or to act against their own interests China does purposefully coerce induce or persuade others to behave in certain ways but whether and the extent to which it succeeds is determined as much by the reactions political context and decision making processes of the target states as it is by how skilfully Chinese actors deploy these tools The contributors detail how China's influence even over these weaker states does not result from easy applications of power rather it tends to be mediated through the competing interests of target state actors the imperatives of other existing security and economic relationships and more complex strategic thinking than we might expect The book's findings carry lessons for conceptual refinement as well as policy implications for those coping with China's reshaping of international order

Transnational Civil Society in China J. Chen, 2012-09-01 This book discusses the penetration growth and operation of transnational civil society TCS in China It explores impacts on the incremental development of China's political pluralism mainly through exploring the influences of the leading TCS actors on the country's bottom up and self governing activist NGOs that have sprung up spontaneously in terms of capacities strategies leadership and political outlook as a result of complex interactions between the two sectors

Wrongful Convictions in China Na Jiang, 2016-08-08 The primary focus of this comparative and empirical work is to address wrongful convictions between China and common law

countries in order to promote a better understanding of wrongful convictions in China's practice with the help of comparative analyses verifiable and empirical data and case studies It examines the scope of wrongful convictions and offers new insights into the worldwide movement to prevent them assesses how far it has progressed and what reforms are most needed The book suggests that adversarial and inquisitorial systems alike could benefit from this research and learn valuable lessons from one another on how to effectively reduce the risk of wrongful convictions

The Europeanization of French Foreign Policy R. Wong, 2005-12-16 This study examines the record of French and EU interactions with China Japan and Vietnam in the areas of economic exchanges political security relations and human rights to establish if there has been a trend of converging European politics and collective European conceptions of interest and identity It argues that the utility and impact of EU institutions on French foreign policy behaviour is more significant than is commonly imagined or admitted and that foreign policies of EU member states tend over the long term towards convergence

China's Search for Security Andrew J. Nathan, Andrew Scobell, 2012-11-06 Despite its impressive size and population economic vitality and drive to upgrade its military China remains a vulnerable nation surrounded by powerful rivals and potential foes Understanding China's foreign policy means fully appreciating these geostrategic challenges which persist even as the country gains increasing influence over its neighbors Andrew J Nathan and Andrew Scobell analyze China's security concerns on four fronts at home with its immediate neighbors in surrounding regional systems and in the world beyond Asia By illuminating the issues driving Chinese policy they offer a new perspective on the country's rise and a strategy for balancing Chinese and American interests in Asia Though rooted in the present Nathan and Scobell's study makes ample use of the past reaching back into history to illuminate the people and institutions shaping Chinese strategy today They also examine Chinese views of the United States explain why China is so concerned about Japan and uncover China's interests in such problematic countries as North Korea Iran and the Sudan The authors probe recent troubles in Tibet and Xinjiang and explore their links to forces beyond China's borders They consider the tactics deployed by mainland China and Taiwan as Taiwan seeks to maintain autonomy in the face of Chinese advances toward unification They evaluate the strengths and weaknesses of China's three main power resources economic power military power and soft power The authors conclude with recommendations for the United States as it seeks to manage China's rise Chinese policymakers understand that their nation's prosperity stability and security depend on cooperation with the United States If handled wisely the authors believe relations between the two countries can produce mutually beneficial outcomes for both Asia and the world

Ethnicity in China: A Critical Introduction Xiaowei Zang, 2015-06-05 On the global stage China is often seen to be a homogenous nation when in fact it is a diverse multi ethnic society with 55 minority nationality groups recognized by the government Scattered across the vast landmass ethnic minorities in China occupy a precarious place in the state where the Confucian concept of cultural community plays down ethnicity and encourages integration of minority nationalities into the majority Han Chinese society

This insightful book reveals the ethnic diversity underlying the People's Republic of China and examines how ethnicity intersects with social and political issues through key themes such as ethnic inequality, the preservation and contribution of the rich traditions and customs of minority cultures and the autonomy of regions such as Tibet and Xinjiang. The author investigates the important role of the state and Beijing's assimilation stance to show how its nationality policy, driven by Confucian assimilation ideology, has dictated China's own minority rights regime and influenced its foreign policy towards international minority rights. This book, by a distinguished scholar of ethnicity in China, will be essential reading for students and scholars of race and ethnic relations, nationalism and Chinese culture and society.

Knowledge, Desire and Power in Global Politics Chengxin Pan, 2012-01-01

China, threat or China opportunity like beauty is in the eyes of the beholder. Western imaginations of China come under close scrutiny in this book in a new philosophical depth seldom attempted before. Dr Pan displays in full force his analytical skills and his mastery of knowledge both East and West. Contrary to conventional approaches, he takes a step back to exercise a powerful reflective process to watch the China watchers with illuminating results. Dr Pan's book deserves wide and careful reading.

Professor Gerald Chan, University of Auckland, New Zealand

The rise of China is largely seen as either a threat or an opportunity. Chengxin Pan exposes both of these representations as expressions of Western fears and desires for certainty and predictability. His call for a more reflective and culturally sensitive understanding of China offers an important contribution to one of the big political debates of our time.

Professor Roland Bleiker, University of Queensland, Australia

This is a brilliant and insightful treatment of Western representations of China with a theoretical framework suggesting they come not only from China itself but also the West. Although it is not the first treatment of this topic, it is innovative in considering the China threat and China opportunity. Both aspects of the rise of China are of crucial importance for our times. With provocative conclusions, it is a truly path-breaking contribution to the literature. I recommend it highly.

Emeritus Professor Colin Mackerras, Griffith University, Australia

Pan has produced a book which not only challenges some basic assumptions about the nature of China's rise but more importantly forces us to rethink the very basic starting points of how we know what we know about China.

Professor Shaun Breslin, University of Warwick, UK

How is the rise of China perceived in the West? Why is it often labelled as threat and/or opportunity? What are the implications of these China imageries for global politics? Taking up these important questions, this groundbreaking book argues that the dominant Western perceptions of China's rise tell us less about China and more about Western self-imagination and its desire for certainty. Chengxin Pan expertly illustrates how this desire, masked as China knowledge, is bound up with the political economy of fears and fantasies, thereby both informing and complicating foreign policy practice in Sino-Western relations. Insofar as this vital relationship is shaped not only by China's rise but also by the way we conceptualise its rise, this book makes a compelling case for critical reflection on China-watching.

Knowledge, Desire and Power in Global Politics is the first systematic and deconstructive analysis of contemporary Western representation of China's rise. Setting itself apart from the

mainstream empiricist literature its critical interpretative approach and unconventional and innovative perspective will not only strongly appeal to academics students and the broader reading public but also likely spark debate in the field of Chinese international relations

Handbook of International Relations Walter Carlsnaes, Thomas Risse-Kappen, Thomas Risse, Beth A Simmons, 2002-03-13 NEW IN PAPERBACK FEBRUARY 2005 The most systematic and wide ranging survey of the multifaceted field of International Relations yet produced It is sure to become a standard reference work and teaching text and is unlikely to be superseded at any time in the near future It should be considered as essential reading International Affairs The Handbook of International Relations published 2002 in hardback quickly established itself as the benchmark volume providing a state of the art review and indispensable guide to the study of international relations It is now released in paperback in order to be accessible to students in classroom use Divided into three parts the volume reviews both the historical philosophical analytical and normative roots to the discipline and the key contemporary topics of research and debate today The first part introduces the major approaches within the field and unpacks many of the on going debates within the discipline including those between rationalist and constructivist approaches The second part moves on to explore the key concepts and contextual factors important to the subject from concepts like the state and power to international and transnational actors debates around globalization and contending feminist perspectives The final part reviews a number of the key substantive issues in international relations and is designed to complement the analytical tools and perspectives presented in Parts I and II Examples of the many topics included are foreign policy war and peace security nationalism and ethnicity finance trade development the environment and human rights

Russia, China and the Revisionist Assault on the Western Liberal International Order Gerlinde Groitl, 2023-05-22 This book analyzes Russian and Chinese revisionism in the face of US and Western post Cold War liberal international order building and asks why both powers have turned revisionist in the late 2000s The study develops a neoclassical realist model of international order building and contestation and posits to view revisionism as a strategic choice States go revisionist if the status quo international order threatens their vital security needs broadly defined not only as territorial security but also political economic normative and ontological and if they have the means to challenge the undesirable status quo Russia and China were both unhappy with the post Cold War international order of American designs but had to opt for accommodation in the 1990s and early 2000s strategic accommodation in the Chinese case resentful accommodation in the Russian case before revisionism became even more of a necessity and a real policy option from the late 2000s onward constructive revisionism in the Chinese case destructive revisionism in the Russian case The author calls for a policy of neo containment to counter Moscow's and Beijing's efforts to game and erode the international order

Chinese Foreign Policy in Transition Guoli Liu, 2017-07-12 Since the establishment of the People's Republic of China in 1949 and particularly after the opening brought about by economic reforms roughly thirty years thereafter China has become an influential player in regional and global affairs Increasingly

both American and European policymakers examine Chinese foreign policy as a flexible pragmatic and significant element in world affairs This has accelerated in the middle of the new first decade of this century as business firms and political officials have developed interests in the sources processes and significance of China's reemergence as a global force This volume examines how in conjunction with rapid economic growth and profound social transformation China's foreign policy is experiencing significant transition The purpose of this truly deep and probing collection is to deepen Western understanding of the sources substance and significance of Chinese foreign policy with a focus on the post Cold War environment Contributors include academic specialists area researchers and distinguished journalists all with firsthand experience in the field of China studies The volume is divided into four parts 1 theory and culture 2 perspective and identity 3 bilateral relationships and 4 retrospective and prospective essays on Chinese policy concerns The volume is sensitive to changes in national leadership and Communist Party structure as well as continuity and change in foreign policy As Lowell Dittmer of the University of California notes in his Foreword precisely because it is so difficult to do well the analysis of foreign policy is often conducted rather tritely Thus it is a real pleasure to find assembled here a treasure trove of some of the finest work by some of the field's most penetrating minds This is fortunate for at the core of this volume is one of the biggest and most portentous questions to confront the world at the outset of the twenty first century That *China, the United States, and Global Order* Rosemary Foot, Andrew Walter, 2010-12-20 The United States and China are the two most important states in the international system and are crucial to the evolution of global order Both recognize each other as vital players in a range of issues of global significance including the use of force macroeconomic policy nonproliferation of nuclear weapons climate change and financial regulation In this book Rosemary Foot and Andrew Walter both experts in the fields of international relations and the East Asian region explore the relationship of the two countries to these global order issues since 1945 They ask whether the behaviour of each country is consistent with global order norms and which domestic and international factors shape this behaviour They investigate how the bilateral relationship of the United States and China influences the stances that each country takes This is a sophisticated analysis that adroitly engages the historical theoretical and policy literature

A Handbook of China's International Relations Shaun Breslin, 2012-07-12 This Handbook comprising around twenty five chapters provided by numerous experts in the field will prove invaluable to students of international affairs academics researchers businesspeople and policy analysts Chapters will give up to date and unbiased information on the current state of Chinese international relations in historical perspective

Quest for Status Deborah Welch Larson, Alexei Shevchenko, 2019-01-01 A look at how the desire to improve international status affects Russia's and China's foreign policies Deborah Welch Larson and Alexei Shevchenko argue that the desire for world status plays a key role in shaping the foreign policies of China and Russia Applying social identity theory the idea that individuals derive part of their identity from larger communities to nations they contend that China and Russia have used various modes of emulation

competition and creativity to gain recognition from other countries and thus validate their respective identities To make this argument they analyze numerous cases including Catherine the Great s attempts to westernize Russia China s identity crises in the nineteenth century and both countries responses to the end of the Cold War The authors employ a multifaceted method of measuring status factoring in influence and inclusion in multinational organizations military clout and cultural sway among other considerations Combined with historical precedent this socio psychological approach helps explain current trends in Russian and Chinese foreign policy East Asian Law Lucie Cheng,Arthur Rosett,Margaret Woo,2003-09-02 This work explores the tension in East Asia between the trend towards a convergence of legal practices in the direction of a universal model and a reassertion of local cultural practices The trend towards convergence arises in part from globalisation from rule of law programs promulgated by institutions such as the International Monetary Fund and the Asian Development Bank and from widespread migration in the region whilst the opposing trend arises in part from moves to resist such globalisation This book explores a wide range of issues related to this key problem covering China in particular where resolving differences in conceptions about the rule of law is a key issue as China begins to integrate itself into the World Trade Organisation regime

China and the International Society Jinjun Zhao,2014 What is the relationship between China and the international society It is a question of historical and realistic significance for China and the world to answer Since the reform and opening up China initiated a journey to get integrated into the international society As an emerging power China is trying to seek identities display strength and build a good reputation Under various determinants and possibilities the relationship between China and the international society manifests a feature of complexity and multiple dimensions Following a guideline of OC on China for the worldOCO this volume intends to introduce Chinese scholars latest studies on China s global strategies theories and policies to the outside world Contents The Self consciousness of Chinese Characteristic Diplomatic Practice and Theory China and International System Two Way Socialization under the Logic of Practice An Analytical Study of the Ideological Sources of China s Conduct Self generated Transformation On China s Agency in Its Interaction with International Human Rights Norms Border Geopolitics and China s International Relations Study Evolution of OC NeighborhoodOCO Concept and China s Foreign Strategies The Role and Influence of China s Mainstream Media in South China Sea Disputes OCo An Analysis from the Perspective of Signaling Public Policy and Cross border Investment by Chinese Enterprises China s Approaches and Future Prospects for Participation in United Nation Peacekeeping and Peacebuilding A Report Based on Field Research of UN Peacekeeping and Peacebuilding Missions in Africa Origin of the Forum on China Africa Cooperation Readership Academics professionals undergraduate and graduate students interested in China s diplomatic practice and theory and China s international relations studies *Modern China* Xiaobing Li,2015-11-23 Providing an indispensable resource for students educators businessmen and officials investigating the transformative experience of modern China this book provides a comprehensive summary of the culture institutions traditions and international relations that have shaped

today's China In *Modern China* author Xiaobing Li offers a resource far beyond a conventional encyclopedia providing not only comprehensive coverage of Chinese civilization and traditions but also addressing the values issues and critical views of China As a result readers will better understand the transformative experience of the most populous country in the world and will grasp the complexity of the progress and problems behind the rise of China to a world superpower in less than 30 years Written by an author who lived in China for three decades this encyclopedia addresses 16 key topics regarding China such as its geography government social classes and ethnicities gender based identities arts media and food each followed by roughly 250 short entries related to each topic All the entries are placed within a broad sociopolitical and socioeconomic contextual framework The format and writing consistency through the book reflects a Chinese perspective and allows students to compare Chinese with Western and American views On Global Order University Lecturer in International Relations and Fellow Andrew Hurrell, Andrew Hurrell, 2007-11-08 A clear and wide ranging introduction to the analysis of global political order The book offers engaging answers to the key questions of contemporary world politics A landmark study

Rekindling the Strong State in Russia and China ,2020-04-20 Rekindling the Strong State in Russia and China offers a thorough analysis of the profound regeneration of the State and its intense interaction with the external projections of Russia and China In the international political scene leaderships are under constant negotiation Financial crisis social and cultural transformations values setting and migration flows have a deep impact on global powers leading to the appearance of new actors At present the assumed rise of a new axis between two emerging powers such as Russia and China effaces their different backgrounds leading to misinterpretations of their positioning in the geopolitical arena This book is an essential and multifaceted guide aimed at understanding the deep changes that affect these two countries and their global aspirations Contributors are Marco Puleri Andrea Passeri Marco Balboni Carmelo Danisi Mingjiang Li Mahalakshmi Ganapathy Rosa Mul Olga Dubrovina Evgeny Mironov Yongshun Cai Vasil Sakaev Eugenia Baroncelli Sonia Lucarelli Nicol Fasola Stefano Bianchini Stanislav Tkachenko Vitaly Kozyrev Marco Borraccetti Francesco Privitera Antonio Fiori Massimiliano Trentin Arrigo Pallotti Giuliana Laschi Michael Leigh

Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China Introduction

In today's digital age, the availability of Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Rights Beyond

Borders The Global Community And The Struggle Over Human Rights In China books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China books and manuals for download have transformed the way we access information. They provide a cost-effective and

convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China books and manuals for download and embark on your journey of knowledge?

FAQs About Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China Books

1. Where can I buy Rights Beyond Borders The Global Community And The Struggle Over Human Rights In China books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
