Chainoglou, Anna Sledzinska-Simon**

Rights Of Minority Cultures:

The Rights of Minority Cultures Will Kymlicka, 1995 This text collects together the most important contemporary articles on the rights of minority cultures While drawing on particular case studies the articles focus on the more general theoretical and normative issues raised by the accommodation of cultural differences *Multicultural Citizenship* Will Kymlicka, 1996-09-19 The increasingly multicultural fabric of modern societies has given rise to many new issues and conflicts as ethnic and national minorities demand recognition and support for their cultural identity This book presents a new conception of the rights and status of minority cultures It argues that certain sorts of collective rights for minority cultures are consistent with liberal democratic principles and that standard liberal objections to recognizing such rights on grounds of individual freedom social justice and national unity can be answered However Professor Kymlicka emphasises that no single formula can be applied to all groups and that the needs and aspirations of immigrants are very different from those of indigenous peoples and national minorities The book discusses issues such as language rights group representation religious education federalism and secession issues which are central to understanding multicultural politics but which have been surprisingly neglected in contemporary liberal theory **Culture and Equality** Brian Barry, 2002 All major western countries today contain groups that differ in their religious beliefs customary practices or ideas about the right way in which to live How should public policy respond to this diversity Barry challenges the currently popular answer and develops a powerful restatement of an egalitarian liberalism for the 21st century *Liberalism: The limits of liberalism* G. W. Smith, 2002 Encompassing the relationship between the state and the individual society and the individual the nature of freedom and the concept of the person this four volume set covers the main tenets of the liberal tradition The collection includes material from the rich background and history of classical writings and also emphasizes modern scholarship and contemporary issues Fully indexed and including a new introduction by the editor this is an invaluable reference tool for both researchers and students in the field **Group Rights** Peter Jones, 2022-03-24 Nowadays rights are frequently ascribed to groups distinguished by their nationality culture religion or language Rights are also commonly ascribed to institutionalised groups such as states businesses trade unions and private associations Yet the ascription of rights to groups remains deeply controversial Many people reject the very idea of group rights Amongst those who do not there is radical disagreement about which sorts of group might possess rights and why Some believe that group rights threaten the freedom and well being of individuals while others argue that the rights of groups can complement them Some claim that group rights can also be human rights others find that claim incoherent The contributions making up this volume wrestle with these and many other of the issues that surround group rights This volume brings together twenty four of the journal articles that have contributed most significantly to contemporary thinking on group rights **A Woman's Right to Culture** Linda L. Veazey, 2015-11-01 A Woman's Right to Culture Toward Gendered Cultural Rights is a new and insightful analysis of the usual meme that cultural

rights in international law are at odds with the rights of women in affected societies Rather than seeing these concepts as mutually exclusive Linda Veazey frames cultural rights through detailed case studies and analysis of law in a way that incorporates and enriches the very gender protective norms they are often thought to defeat Adding a Foreword by University of Southern California professor Alison Dundes Renteln the study makes the case and supports it with illustrations over several continents and cultures that the only way out of the dilemma is to have a gendered conception of cultural rights The book writes Renteln provides a novel interpretation of women s human rights This superb monograph written by political scientist and human rights advocate Dr Linda Veazey is cutting edge research in sociolegal scholarship concerning the status of global feminism Renteln concludes that the author shows convincingly that scholars and advocates must take greater care in analyzing policy debates in the light of competing international human rights claims In her engaging work Veazey makes an important contribution to legal theory public law feminist studies political science and human rights scholarship Her fascinating analysis of the interrelationship between women s rights and cultural rights will undoubtedly be considered a classic There is simply no book like it A new and important book in international human rights and gender studies from the independent academic press Quid Pro Books

Childhood Disability in a Multicultural Society Barry Jones,2003 This is a concise guide to the problems faced in managing children with disabilities from culturally different backgrounds It examines how to vary the care of children with disabilities from different cultural or religious backgrounds without compromising the quality of the care given

Territorial Rights Tamar Meisels,2007-09-20 Liberal defences of nationalism have become prevalent since the mid 1980 s Curiously they have largely neglected the fact that nationalism is primarily about land Should liberals throw up their hands in despair when confronting conflicting claims stemming from incommensurable national narratives and holy texts Should they dismiss conflicting demands that stem solely from particular cultures religions and mythologies in favour of a supposedly neutral set of guidelines Does history matter Should ancient injustices interest us today Should we care who reached the territory first and who were its prior inhabitants Should principles of utility play a part in resolving territorial disputes Was John Locke right to argue that the utilisation of land counts in favour of its acquisition And should Western style settlement projects work in favour or against a nation s territorial demands When and how should principles of equality and equal distribution come into play Territorial Rights examines the generic types of territorial claims customarily put forward by national groups as justification for their territorial demands within the framework of what has come to be known as liberal nationalism The final outcome is a multifarious theory on the ethics of territorial boundaries that supplies a workable set of guidelines for evaluating territorial disputes from a liberal national perspective and offers a common ground for discussion including disagreement and for the mediation of claims

Autonomy Markku Suksi,1998-03-06 Autonomy arrangements have gradually become more numerous on the other hand it may in addition contain an explicit minority protection component designed to offer special protection to minority groups in

society Especially in the latter sense the issue of effective participation of a minority in the government is an important issue in this respect there is a connection between autonomy a general understanding of democracy

Democracy, Minorities and International Law Steven Wheatley, 2005-12-22 Examines the regulation of cultural conflicts from the perspective of international law

Challenges to Law at the End of the 20th Century: Rights International Association for Philosophy of Law and Social Philosophy. World Congress, 1997

Law in the Age of Pluralism Andrei Marmor, 2007-12-31 Law in the Age of Pluralism contains a collection of essays on the intersection of legal and political philosophy Written within the analytical tradition in jurisprudence the collection covers a wide range of topics such as the nature of law and legal theory the rule of law the values of democracy and constitutionalism moral aspects of legal interpretation the nature of rights economic equality and more The essays in this volume explore issues where law morality and politics meet and discuss some of the key challenges facing liberal democracies Marmor posits that a liberal state must first and foremost respect people's personal autonomy and their differing though reasonable conceptions of the good and the just This basic respect for pluralism is shown to entail a rather skeptical attitude towards grand theories of law and state such as contemporary constitutionalism or Dworkin's conception of law as integrity The values of pluralism and respect for autonomy however are also employed to justify some of the main aspects of a liberal state such as the value of democracy the rule of law and certain conceptions of equality The essays are organized in three groups the first considers the rule of law democracy and constitutionalism The second group consists of several essays on the nature of law legal theory and their relations to morality Finally the collection concludes with essays on the nature of rights the limits of rights discourse and the value of economic equality

Universal Human Rights in Theory and Practice Jack Donnelly, 2003 4 Choice of Means

Economic, Social and Cultural Rights Manisuli Ssenyonjo, 2017-05-15 Economic Social and Cultural Rights is a collection of seminal papers examining legal conceptual and practical questions regarding the international legal protection of economic social and cultural rights The volume discusses what human rights obligations economic social and cultural rights entail for states and non state actors the nature and scope of substantive economic social and cultural rights such as education health work water enjoyment of the benefits of scientific progress and cultural rights as well as the justiciability of these rights at an international level and at the national level The paramount importance of such questions is illustrated among other things by the catastrophic situation of economic social and cultural rights as human rights in developing and developed states The volume is divided into three main parts which focus on human rights obligations for states and non state actors arising from treaties protecting economic social and cultural rights analysis of selected substantive rights and finally the justiciability of economic social and cultural rights in various contexts such as within the United Nations Europe Inter American and African systems as well as within the domestic system

Politics: Key Concepts in Philosophy Iain MacKenzie, 2009-07-24 An introduction to political philosophy for the student encountering this key philosophical subdiscipline for the first time

Liberalism, Community, and Culture Will Kymlicka, 1991 Examines the nature and value of community and culture from a liberal viewpoint and links the theories under discussion to more familiar liberal views on individual rights and state neutrality

A Companion to State Power, Liberties and Rights Sharon Morley, Jo Turner, Karen Corteen, Paul Taylor, 2017-02-15 Interest in the study of state power civil liberties human rights and state sponsored crime is growing and there is a need for a book which brings these topics together This book part of the Companions series provides succinct yet robust definitions and explanations of core concepts and themes in relation to state power liberties and human rights The entries are bound by their inter relatedness and relevance to the study of crime and harm and the volume draws upon established and emerging commentaries from other social and political disciplines Laid out in a user friendly A Z format it includes entries from expert contributors with clear direction to related entries and further reading The contributors critically engage with the topics in an accessible yet challenging way ensuring that the definitions go beyond a simple explanation of the word or theme It will be suitable for undergraduate and postgraduate students on a variety of courses such as Criminology Criminal Justice International Relations Politics Social Policy Policing Studies and Law as well as other researchers in these areas

Citizenship and Rights in Multicultural Societies Michael Dunne, 2019-07-29 This topical book examines the debates around contemporary conflicts between liberal democracies and increasingly vociferous special interest groups within society It analyses the way a new sense of difference and the growth of multi culturalism are straining modern notions of citizenship and rights looking in particular at how ethnic conflicts in Eastern Europe have escalated to international tragedies while in the US and Canada race ethnicity and radical feminism are at the heart of a social conflict which challenges national identity and the unity of the state

Groups and Group Rights Christine T. Sistare, Larry May, Leslie Francis, 2001 In matters such as affirmative action or home schooling rights of ethnic and other minority groups often come into conflict with those of society in a culturally diverse population such as ours But before considering the dilemmas posed by these issues we must first ask such basic but important questions as what group rights are and how they intersect with the principles of democracy This new collection brings together some of today's leading thinkers from the cutting edge of these debates taking in a broad range of issues confronting philosophers sociologists and political scientists Contributors such as Carl Wellman Carol Gould and Rex Martin examine the nature of groups and the conflict between group rights and democracy and also consider case studies depicting current issues in cultural ethnic and religious rights The first section on the nature of groups examines some of the perplexing alternatives in the formulation of a theory of group rights These articles investigate the kinds of rights minorities might claim and ask when groups can be held responsible for the acts of some of their members The second section addresses the treatment of groups in a democracy and the precarious balance between indifference toward minorities and capitulation to their demands Here the contributors examine five principles for the sensitive treatment of minority and disadvantaged groups in a democratic society A final section explores specific

conflicts between subgroup and societal claims through case studies dealing with affirmative action religious practice and the education of children and the land rights of indigenous peoples By drawing on the legal and political dilemmas related to these cases the authors confront issues of core versus peripheral interests of individual member versus subgroup rights and of the possibilities for social openness raised in the preceding sections Written from varied perspectives Groups and Group Rights offers stimulating reading for both students and professionals as it takes on some of the most pressing dilemmas confronting our society *Culture and Human Rights: The Wroclaw Commentaries* Andreas J. Wiesand, Kalliopi Chainoglou, Anna Sledzinska-Simon, 2016-11-07 The WROCLAW COMMENTARIES address legal questions as well as political consequences related to freedom of and access to the arts and old new media questions of religious and language rights the protection of minorities and other vulnerable groups safeguarding cultural diversity and heritage and further pertinent issues Specialists from all over Europe and the world summarise and comment on core messages of legal instruments the essence of case law as well as prevailing and important dissenting opinions in the literature with the aim of providing a user friendly tool for the daily needs of decision or law makers at different juridical administrative and political levels as well as others working in the field of culture and human rights

Rights Of Minority Cultures Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Rights Of Minority Cultures free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Rights Of Minority Cultures free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Rights Of Minority Cultures free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Rights Of Minority Cultures. In conclusion, the internet offers

numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Rights Of Minority Cultures any PDF files. With these platforms, the world of PDF downloads is just a click away.
