Smith, 1999 [The Rigoberta Menchú Controversy](#) Arturo Arias, David Stoll, 2001 Guatemalan indigenous rights activist Rigoberta Menchu first came to international prominence following the 1983 publication of her memoir I Rigoberta Menchu which chronicled in compelling detail the violence and misery that she and her people suffered during her country s brutal civil war The book focused world attention on Guatemala and led to her being awarded the Nobel Peace Prize in 1992 In 1999 a book by David Stoll challenged the veracity of key details in Menchu s account generating a storm of controversy Journalists and scholars squared off regarding whether Menchu had lied about her past and if so what that would mean about the larger truths revealed in her book In *The Rigoberta Menchu Controversy* Arturo Arias has assembled a casebook that offers a balanced perspective on the debate The first section of this volume collects the primary documents newspaper articles interviews and official statements in which the debate raged many translated into English for the first time In the second section a distinguished group of international scholars assesses the political historical and cultural contexts of the debate and considers its implications for such issues as the culture wars historical truth and the politics of memory Also included is a new essay by David Stoll in which he responds to his critics **Intellectual Morons** Daniel J. Flynn, 2004-09-21 Why do well educated antiwar activists call the president

of the United States the new Hitler and argue that the U S government orchestrated the September 11 attacks Why does Al Gore believe that cars pose a mortal threat to the security of every nation Why does the Princeton professor known as the father of the animal rights movement object to humans eating animals but not to humans having sex with them and why does PETA defend that position In other words why do smart people fall for stupid ideas The answer Daniel J Flynn reveals in *Intellectual Morons* is ideology Flynn the author of *Why the Left Hates America* shows how people can be so blinded to reality by the causes they serve that they espouse bizarre sometimes ridiculous and often dangerous positions The most influential social movements have spawned ideologues who do not care whether an idea is good or bad true or false but only whether it can serve their cause It is startling how many Americans and particularly how many media academic and political elites fall for bad ideas The trouble is their lies become institutionalized as truth and we all suffer as a result In *Intellectual Morons* Flynn reveals How rabid anti Americans simply parrot the delusional claims of a few gurus How the environmental movement spawned by a scientist whose doomsday predictions are almost always wrong has bred fanaticism stupidity and dishonesty How the hero of the animal rights crowd is a crank who promotes infanticide and euthanasia How a scientific fraud and pervert launched the sexual revolution How abortion rights activists ignore or cover up the fact that their matron saint advocated eugenics and concentration camps How our universities have become hothouses of leftist ideology How historians and journalists have airbrushed history to turn a racial separatist into a civil rights icon Filled with jaw dropping lapses in common sense from even our most celebrated opinion leaders *Intellectual Morons* is a welcome reality check for the glaring excesses of today s political and cultural debates This is a sophisticated pile driver of a book guiding us through the wiles of great luminaries of the netherworld And such liveliness in the writing and such erudition I was quite fascinated by *Intellectual Morons* William F Buckley Jr *Intellectual Morons* is exceptionally aptly named The thought of all that brainpower going down the intellectual drain is sad but Daniel Flynn s description of it is hilariously on point This is must reading G Gordon Liddy *Intellectual Morons* is a delight a wonderful intellectual history of the past hundred years Flynn ably describes the purveyors of the bad ideas that have undermined our free society Burton W Folsom Jr professor of history Hillsdale College A famous bit of folk wisdom says You ve got to stand for something or you ll fall for anything Some of the crackpot notions now fashionable in academic circles as here documented by Daniel Flynn suggest that saying is an understatement If you want to know how crazy and scary intellectual morons can get you have to read this book M Stanton Evans author of *The Theme Is Freedom* contributing editor to *Human Events*      **Beckley Family of Northumberland County, Pennsylvania**  
,1890      [A Study Guide for Rigoberta Menchu's "I, Rigoberta Menchu: An Indian Woman in Guatemala"](#) Gale, Cengage Learning,2016      *Who Is Rigoberta Menchu?* Greg Grandin,2011-08-23 In 1984 indigenous rights activist Rigoberta Mench published a harrowing account of life under a military dictatorship in Guatemala That autobiography I Rigoberta Mench transformed the study and understanding of modern Guatemalan history and brought its author international renown She

won a Nobel Peace Prize in 1992 At that point she became the target of historians seeking to discredit her testimony and deny US complicity in the genocidal policies of the Guatemalan regime Told here is the story of an unlettered woman who became the spokesperson for her people and clashed with the intellectual apologists of the world s most powerful nation What happened to her autobiography speaks volumes about power perception and race on the world stage This critical companion to Mench s work will disabuse many readers of the lies that have been told about this courageous individual

Adolph Hitler Joseph Stalin Mao Zedong Fidel Castro and more recently Hugo Chavez among others This book seeks to understand the sources of these misjudgements and misperceptions the specific appeals of particular dictators and the part played by their charisma or pseudo charisma It sheds new light not only on the political disposition of numerous Western intellectuals such as Martin Heidegger Eric Hobsbawm Norman Mailer Ezra Pound Susan Sontag and George Bernard Shaw but also on the personality of those political leaders who encouraged and in some instances helped to design the cult surrounding their rise to dictatorship The Concept of Other in Latin American Liberation Eugene Walker

Gogol,2002-01-01 In this exciting new study Eugene Gogol interweaves three strands that form the intellectual bedrock for the concept of the Other in the Latin American context Hegel s dialectic of negativity Marx s humanism and autochthonal emancipatory thought From this foundation the book explores the relation of liberatory philosophic thought to today s social and class movements Gogol considers the logic of capitalism on Latin American soil the ecological crisis in Latin America and the concept and practice of self liberation Still one of the most contested terrains of Latin American thought the Other has been of central concern for many luminary thinkers including Leopoldo Zea Octavio Paz and JosZ Carlos MariOtegui While these writers may not garner much publicity in the world press the highly public and ongoing struggles of the Zapatistas and Brazil s Landless Workers Movement demonstrate the continuing need to theorize the volatile nature of Latin American social reality **The Limits of Idealism** Melvyn L. Fein,2007-08-28 If the truth be known I am only a partially reformed idealist In the secret depths of my soul I still wish to make the world a better place and sometimes fantasize about heroically eradicating its faults When I encounter its limitations it is consequently with deep regret and continued surprise How I ask myself is it possible that that which seems so fight can be a chimera And why I wonder aren t people as courageous smart or nice as I would like The pain of realizing these things is sometimes so intense that I want to close my eyes and lose myself in the kinds of daydreams that comforted me as a youngster One thing is clear my need to come to grips with my idealism had its origin in a lifetime of naivet6 From the beginning I wanted to be a good person Often when life was most treacherous I retreated into a corner from whence I escaped into reveries of moral glory When I was very young my faith was in religion In Hebrew school I took my lessons seriously and tried to apply them at home By my teen years this had been replaced by an allegiance to socialism In the Brooklyn where I grew up my teachers and relatives made this seem the natural course When I reached my twenties however and was obliged to confront a series of personal deficiencies psychotherapy shouldered its way to the fore **Insight Guides Central America: Travel Guide eBook** Insight Guides,2024-03-01 This Central America

**Betraying the Nobel** Unni Turrettini, 2020-11-03 A revelatory examination of the Nobel Peace Prize the most prestigious admired and controversial honor of our time The Nobel Prize regardless of category has always been surrounded by politics intrigue even scandal But those pale in comparison to the Peace Prize In *Betraying the Nobel* Norwegian writer Unni Turrettini completely upends what we thought we knew about the Peace Prize both its history and how it is awarded As 1984 s winner Desmond Tutu put it No sooner had I got the Nobel Peace Prize than I became an instant oracle However the Peace Prize as we know it is corrupt at its core In the years surrounding World War I and II the Nobel Peace Prize became a beacon of hope and through its peace champions became a reference and an inspiration around the world But along the way something went wrong Alfred Nobel made the mistake of leaving it to the Norwegian Parliament to elect the members of the Peace Prize committee which has filled the committee with politicians more loyal to their political party s agenda than to Nobel s prize s prerogative As a result winners are often a result of political expediency *Betraying the Nobel* will delve into the surprising and often corrupt history of the prize and examine what the committee hoped to obtain by its choices including the now infamously awarded Cordell Hull as well as Henry Kissinger Al Gore and Barack Obama Turrettini shows the effects of increased media attention which have turned the Nobel into a popularity prize and a controversial and provocative commendation The selection of winners who are not peace champions according to the mandates of Alfred Nobel s will creates distrust So does lack of transparency in the selection process As trust in leadership and governance reaches historic lows the Nobel Peace Prize should be a lodestar Yet the modern betrayal of the Nobel s spirit and intentions plays a key role in keeping societal dysfunctions alive

But there is hope Betraying the Nobel will show how the Nobel Peace Prize can again become a beacon for leadership a catalyst for change and an inspiration for rest of us to strive for greatness and become the peace champions our world needs
