Corinthian pottery in the competition for the Etruscan market Toward the end of his extraordinarily long career around 515 or even later the red figure technique had been invented and was rapidly supplanting black figure in fashion By tracing the Amasis Painter's stylistic development from his earliest vases to his latest this book offers a survey of Attic black figure technique at the peak of its perfection The book was prepared to accompany an exhibition held at the Metropolitan Museum of Art the Toledo Museum of Art and the Los Angeles County Museum of Art in 1985 1986 The exhibition is the first ever to be devoted to the work of a single artist from ancient Greece and twenty two museums and private collectors have lent the vases on display **Books and Pamphlets, Including Serials and Contributions to Periodicals** Library of Congress.
