wide ranging look at Brown s achievement and the growth of museum culture during this crucial period Harris combines his in depth knowledge of American history and culture with extensive archival research and he has interviewed dozens of key players to reveal how Brown s showmanship transformed the National Gallery At the time of the Cold War Washington itself was growing into a global destination with Brown as its devoted booster Harris describes Brown s major role in the birth of blockbuster exhibitions such as the King Tut show of the late 1970s and the National Gallery s immensely successful Treasure Houses of Britain which helped inspire similarly popular exhibitions around the country He recounts Brown s role in creating the award winning East Building by architect I M Pei and the subsequent renovation of the West building Harris also explores the politics of exhibition planning describing Brown s courtship of corporate leaders politicians and international dignitaries In this monumental book Harris brings to life this dynamic era and exposes the creation of Brown s impressive but costly legacy one that changed the face of American museums forever **A Legacy of Leadership** ,2000 Art Now Gallery Guide ,1995-05 America's Olympic Summer: Reflecting U.S. Values , Sacred Modern Pamela G. Smart,2010 Renowned as one of the most significant museums built by private collectors the Menil Collection in Houston Texas seeks to engage viewers in an acutely aesthetic rather than pedagogical experience of works of art The Menil s emphasis on being moved by art rather than being taught art history comes from its founders conviction that art offers a way to reintegrate the sacred and the secular worlds Inspired by the French Catholic revivalism of the interwar years that recast Catholic tradition as the avant garde Dominique and John de Menil shared with other Catholic intellectuals a desire to reorder a world in crisis by imbuing modern cultural forms with religious faith binding the sacred with the modern Sacred Modern explores how the Menil Collection gives expression to the religious and political convictions of its founders and how the Menil way is being both perpetuated and contested as the Museum makes the transition from operating under the personal direction of Dominique de Menil to the stewardship of career professionals Taking an ethnographic approach Pamela G Smart analyzes the character of the Menil aesthetic the processes by which it is produced and the sensibilities that it is meant to generate in those who engage with the collection She also offers insight into the extraordinary impact Dominique and John de Menil had on the emergence of Houston as a major cultural center *Renaissance to Rococo* Edgar Peters Bowron,Joseph Baillio,Hilliard Goldfarb,Wadsworth Atheneum Museum of Art,2004-01-01 The museum s distinguished director in the 1930s and 1940s Chick Austin acquired notable works by Strozzi Luca Giordano Claude and the first authentic Caravaggio in an American museum Today the Atheneum can present an exhibition beginning with such renaissance masters as Piero di Cosimo and Sebastiano del Piombo continuing with the finest examples of Baroque painting and culminating in a blaze of rococo splendor with Tiepolo Canaletto Guardi Melendez Greuze and Goya This catalogue includes a history of the collection by Eric Zafran and entries on the individual paintings by distinguished scholars **BOOK JACKET** **Sacred and Profane** Carol Crown,Charles Russell,2007 A sustained critical assessment of southern folk art and self taught art and artists

Fever Within Bernard L. Herman, 2016-02-29 Ronald Lockett 1965 1998 stands out among southern artists in the late twentieth century. Raised in the African American industrial city of Bessemer, Alabama, Lockett explored a range of recurring themes through his art: faith, the endless cycle of life, environmental degradation, historical events, the sweetness of idealized love, mourning, human emotion, and personal struggle. By the time Lockett died at age thirty-two, he had created an estimated four hundred works that document an extraordinary artistic evolution. This book offers the first in-depth critical treatment of Lockett's art alongside sixty full-color plates of the artist's paintings and assemblages, shedding light on Lockett's career and work. By placing Lockett at its center, contributors contextualize what might be best understood as the Birmingham-Bessemer School of art, which includes Thornton Dial, Joe Minter, and Lonnie Holley, and its turbulent social, economic, and personal contexts. While broadening our understanding of southern contemporary art, *Fever Within* uncovers how one artist's work has become emblematic of the frustrated yearning, unredeemed promises, and family and community resilience expressed by a generation of African American artists at the close of the twentieth century. Contributors include Paul Arnett, Sharon Patricia Holland, Katherine L. Jentleson, Thomas J. Lax, and Colin Rhodes.
