Bengel, 2016-03-01 Bengel's work on the New Testament is a valuable resource for modern students of the Scriptures In 1734 he published a carefully prepared Greek text of the New Testament with an Apparatus criticus which formed the point of departure for modern New Testament textual criticism His famous canon was The more difficult reading is to be preferred This critical work was followed by an exegetical one Gnomon Novi Testamenti Tubingen 1742 As a brief and suggestive commentary on the New Testament the Gnomon is still of considerable use today Bengel's chief principle of interpretation briefly stated is to read nothing into the Scriptures but to draw everything from them and suffer nothing to remain hidden that is really in them His Gnomon exerted considerable influence on exegesis in Germany and John Wesley translated most of its notes and incorporated them into his Annotatory Notes upon the New Testament London 1755 A Hauck Schaff Herzog Encyclopedia of Religious Knowledge This volume is 4 of a 5 volume set Each volume is sold separately **The Legends of the Jews: Notes to volumes 3 and 4: From Moses in the wilderness to Esther** Louis Ginzberg, 1946 **Horae Apocalypticae Vol. 3** E. Millenarianism and Messianism in Early Modern European Culture Volume IV John Christian Laursen,R.H. Popkin,2013-03-08 Any number of misconceptions about millenarians and messianism in the early modern period will be laid to rest by a reading of this volume It is too often thought that millenarianism was largely an English phenomenon One of the reasons for bringing these studies together is to show as Martin Mulsow puts it that we can understand this European wide movement as a millenarian international in analogy with the later socialist international Another misconception is that millenarianism and messianism were a world apart from mainstream developments in intellectual history but as Mulsow also insists a proper understanding of millenarianism places it in the context of the growth and stabilization of science material progress and political reform A third mistake is to conclude too quickly that millenarianism and messianism have formed a single monolithic bloc in history but we learn in this volume that there were all sorts of millenarians Readers of this volume will be struck by at least two things One is the sheer numbers of millenarian thinkers to be found throughout Europe in the early modern period especially north of the Mediterranean We will not list them all 1 here but the index to this book contains dozens and dozens of them The second striking point is the amount of work that remains to be done For every millenarian that we explore and explain here several are mentioned about which little is known

The Poems of Browning: Volume Four John Woolford,Daniel Karlin,Joseph Phelan,2014-05-12 The Poems of Robert Browning is a multi volume edition of the poetry of Robert Browning 1812 1889 resulting from a completely fresh

appraisal of the canon text and context of his work The poems are presented in the order of their composition and in the text in which they were first published giving a unique insight into the origins and development of Browning's art Annotations and headnotes in keeping with the traditions of Longman Annotated English Poets are full and informative and provide details of composition publication sources and contemporary reception Volumes one 1826-1840 and two 1841-1846 presented the poems from his Browning's early years while volume three 1847-61 covered the period of his marriage to Elizabeth Barrett and residence in Italy Volume four 1862-71 deals with the decade following Elizabeth's death and Browning's return to England These years saw the appearance of some of his most significant work and a steady rise in his critical reputation In *Dramatis Personae* 1864 Browning uses his characteristic dramatic mode to expose predicaments of thought and feeling in characters ranging from Shakespeare's Caliban to the cheating medium Mr Sludge other poems dramatize Browning's complicated feelings about the deceptions and self-deceptions of romantic love Balaustion's Adventure 1871 is an engaging reworking of Euripides' *Alceste* whose theme the resurrection of a beloved lost wife has poignant personal resonance for Browning while *Prince Hohenstiel-Schwangau* published in the same year offers a thinly veiled account of the life and actions of Napoleon III the recently deposed Emperor of France over whom Browning and Elizabeth had quarrelled In these two long poems Browning can be seen engaged in the dialogue with Elizabeth that was to shape much of his work during the remainder of his writing life
