Rise Of Historical Sociology Hb:

The Rise of the Social Sciences and the Formation of Modernity J. Heilbronn, Lars Magnusson, Björn

Wittrock, 2013-12-01 This volume offers one of the first systematic analyses of the rise of modern social science. Contrary to the standard accounts of various social science disciplines, the essays in this volume demonstrate that modern social science actually emerged during the critical period between 1750 and 1850. It is shown that the social sciences were a crucial element in the conceptual and epistemic revolution which paralleled and partly underpinned the political and economic transformations of the modern world. From a consistently comparative perspective, a group of internationally leading scholars takes up fundamental issues such as the role of the Enlightenment and the French Revolution in the shaping of the social sciences, the changing relationships between political theory and moral discourse, the profound transformation of philosophy and the constitution of political economy and statistics.

The Oxford Handbook of Analytical Sociology Peter

Hedström, Peter Bearman, 2009-07-16 Analytical sociology is a strategy for understanding the social world. It is concerned with explaining important social facts such as network structures, patterns of residential segregation, typical beliefs, cultural tastes, and common ways of acting. It explains such facts not merely by relating them to other social facts but by detailing in clear and precise ways the mechanisms through which the social facts were brought about. Making sense of the relationship between micro and macro thus is one of the central concerns of analytical sociology. The approach is a contemporary incarnation of Robert K. Merton's notion of middle range theory and represents a vision of sociological theory as a tool box of semi-general theories, each of which is adequate for explaining certain types of phenomena. The Handbook of Analytical Sociology brings together some of the most prominent sociologists in the world in a concerted effort to move sociology in a more analytical and rigorous direction. Some of the chapters focus on action and interaction as the cogs and wheels of social processes, while others consider the dynamic social processes that these actions and interactions bring about.

History, Its Rise and Development Harry Elmer Barnes, 1919 **German Thought and International Relations** R.

Shilliam, 2009-03-26 A fundamental question for IR is whether the value system of liberalism can be universalized or if in fact the illiberal reality of international politics systematically rules out such a universalisation. The book addresses this issue by focusing on the rise and fall of a specific liberal project supported by influential German intellectuals.

The Growth of Historical Studies at the University of Wisconsin, 1867-1910

Bernard Titowsky, 1949 *Reference Catalogue of Current Literature*, 1920 Law, Crime and Deviance since 1700 David Nash, Anne-Marie Kilday, 2016-11-17 CHOICE Outstanding Academic Title 2017 Law, Crime and Deviance since 1700 explores the potential for the micro study approach to the history of crime and legal history. A selection of in-depth narrative micro studies are featured to illustrate specific issues associated with the theme of crime and the law in historical context. The methodology used unpacks the wider historiographical and contextual issues related to each thematic area and facilitates

discussion of the wider implications for the history of crime and social relations The case studies in the volume cover a range of incidents relating to crime law and deviant behaviour since 1700 from policing vice in Victorian London to chain gang narratives from the southern United States The book concludes by demonstrating how these narratives can be brought together to produce a more nuanced history of the area and suggests avenues for future research and study *Subject Guide to Books in Print*, 1993 [The Rise of Historical Sociology](#) Dennis Smith, 1991-01-01 **The United States Catalog; Books in Print January 1, 1912** H.W. Wilson Company, 1921 [Urbanization and Its Impact in Contemporary China](#) Peilin Li, 2019-04-02 This book addresses a wide range of social issues in connection with urbanization which is providing new momentum for China's economic restructuring and social progress including the educational gap the middle class in urbanization consumption division of labor and social integration All chapters are based on updated nation wide sampling survey data Taken together they provide a lens for understanding various aspects of urbanization and its impacts on China's economy and society [A Cognitive-Historical Approach to Creativity](#) Subrata Dasgupta, 2019-03-20 At the heart of creativity is the practice of bringing something new into existence whether it be a material object or abstract idea thereby making history and enriching the creative tradition A Cognitive Historical Approach to Creativity explores the idea that creativity is both a cognitive phenomenon and a historical process Blending insights and theories of cognitive science with the skills mentality and investigative tools of the historian this book considers diverse issues including the role of the unconscious in creativity the creative process creating history with a new object or idea and the relationship between creators and consumers Drawing on a plethora of real life examples from the eighteenth century through to the present day and from distinct fields including the arts literature science and engineering Subrata Dasgupta emphasizes historicity as a fundamental feature of creativity Providing a unified integrative interdisciplinary treatment of cognitive history and its application to understanding and explaining creativity in its multiple domains A Cognitive Historical Approach to Creativity is essential reading for all researchers of creativity **Renaissance Civic Humanism** James Hankins, 2000 Civic humanism has been one of the most influential of all concepts in the history of ideas In this volume an eminent team of political theorists and historians of ideas have been brought together to reassess the impact on the subject of the pioneering work of Hans Baron 1966 and J G A Pocock 1975 creating a fresh intellectual landscape in which Renaissance civic humanism can be discussed Drawing on a wide range of political and historical texts this book evaluates civic humanism in the light of the emergence of oligarchy imperialism patronage politics and the Medici ascendancy in Florence in the 14th to 16th centuries It proposes new understandings of the evolution of important republican concepts such as liberty the rule of law virtue and the common good This thought provoking collection represents a significant contribution to the study of republican political ideology in the Renaissance and modern periods [The Ideological Origins of the British Empire](#) David Armitage, 2000-09-04 The Ideological Origins of the British Empire presents a comprehensive history of British conceptions of

empire for more than half a century David Armitage traces the emergence of British imperial identity from the mid sixteenth to the mid eighteenth centuries using a full range of manuscript and printed sources By linking the histories of England Scotland and Ireland with the history of the British Empire he demonstrates the importance of ideology as an essential linking between the processes of state formation and empire building This book sheds light on major British political thinkers from Sir Thomas Smith to David Hume by providing fascinating accounts of the British problem in the early modern period of the relationship between Protestantism and empire of theories of property liberty and political economy in imperial perspective and of the imperial contribution to the emergence of British identities in the Atlantic world *The Reference Catalogue of Current Literature* ,1921

Gentlemen, Scientists, and Doctors Mark Weatherall,2000 The development of the Cambridge medical school set in the context of the history of medicine science and education Knowledge, Curriculum, and Preparation for Work Stephanie Allais,Yael Shalem,2018-04-16 In Knowledge Curriculum and Preparation for Work the editors offer a timely collection of chapters approaching debates on economic and social change and employment within different types of economies Considering questions of knowledge and curriculum these works interrogate ways of thinking about relationships between different forms of work and education The focus is both on the curriculum the ways in which different types of knowledge affect the quality and organization of curricula that are intended to prepare for work and the factors influencing and constraining what education can do to prepare for work as well as how these factors shape and limit the role of educational preparation for work

An Unproclaimed Empire: The Grand Duchy of Lithuania Zenonas Norkus,2017-07-28 An Unproclaimed Empire The Grand Duchy of Lithuania is an interdisciplinary study of the Grand Duchy of Lithuania GDL that is historical in subject but social scientific in approach It is also the first study to apply this comparative and social scientific method to the GDL In this book Zenonas Norkus draws on national historiographies and applies theories from comparative empire studies involving historians sociologists political scientists anthropologists and scholars in the theory of international relations allowing it to transcend differences in national viewpoints It also provides answers to contested issues in the history of the GDL and raises a number of new questions including whether the Grand Duchy was an empire or a federation and why and when it failed By adopting this imperial approach of considering the GDL as an empire this book brings something new to the research surrounding the Grand Duchy and is ideal for academics and postgraduates of early modern Lithuania early modern Eastern Europe historical sociology and the history of empires

The Italian Renaissance in the German Historical Imagination Martin A. Ruehl,2015-10-15 Explores German engagement with the Italian Renaissance in the decades from German unification to the Weimar republic
