Archaeology of the Political Unconscious Jennifer Williams, 2024-09-03 This book investigates the aesthetic and political dialectics of East Berlin to argue how its theater and opera stages incited artists to act out and resist the troubled construction of political legitimacy This volume investigates three case studies of how leading East Berlin stages excavated fragmentary materials from Weimar dramatist Bertolt Brecht's oeuvre and repurposed them for their post fascist society Uta Birnbaum's 1967 *Man Equals Man* at the Berliner Ensemble Joachim Herz's 1977 *Rise and Fall of the City of Mahagonny* at the Komische Oper and Heiner Müller's own productions of his trailblazing plays In each instance reused theatrical artifacts dialectically expressed the contradictions inherent in East German political legitimacy at once amplifying and critiquing it Illuminated by original archival research and translations of letters and artistic ephemera published in English for the first time and engaging with alternative East German feminist epistemologies this book's critical investigation of culture and political legitimacy in the shadow of Germany's fascist past resonates beyond the Iron Curtain into the twenty first century Its final chapter examines how performative artifacts influence the process of political legitimization in more recent history ranging from Checkpoint Charlie tourism to the January 6 2021 US insurrection This study will be of great interest to students and scholars in theater and performance studies art history musicology German studies anthropology and political science

After Globalization Eric Cazdyn, Imre Szeman, 2012-11-28 AFTER GLOBALIZATION Relentlessly remorselessly endlessly we are told there is no alternative to globalization whether our lecturers are bourgeois economists progressive journalists or imaginative litterateurs Eric Cazdyn and Imre Szeman dare to go beyond the standard thinking of the day and query the very heart of mobile capital and its impact on daily life Their alternative vision breathes new life into our sense of evolution and inevitability Toby Miller author of *Globalization and Sport* and *Global Hollywood* Cazdyn and Szeman begin with the idea that the current economic crisis has historicized globalization turning it from a process that looked as inevitable as say global warming still does into an episode in the history of capitalism hence the possibility not just of more globalization but of an after globalization And hence also they argue the renewed possibility of an after capitalism In powerful critiques of what they describe as the common sense of capital today they sketch out the terms in which changes more radical than substituting generous and honest leaders for the greedy and dishonest ones we've currently got might begin to be imagined Walter Benn Michaels University of Illinois at Chicago In lively and unflinching prose Eric Cazdyn and Imre Szeman argue that contemporary thought about the world is disabled by a fatal flaw the inability to think an after to globalization After establishing seven theses on education morality nation future history capitalism and common sense that

challenge the false promises that sustain this time limit After Globalization examines four popular thinkers Richard Florida Thomas Friedman Paul Krugman and Naomi Klein and considers how their work is dulled by these promises Cazdyn and Szeman then speak to students from around the globe who are both unconvinced and uninterested in these promises and who understand the world very differently than the way it is popularly represented After Globalization argues that a true capacity to think an after to globalization is the very beginning of politics today **Sam Shepard and the Aesthetics of**

Performance E. Creedon,2015-07-22 By concentrating on Sam Shepard s visual aesthetics Emma Creedon argues that a consideration of Shepard s plays in the context of visual and theoretical Surrealism illuminates our understanding of his experimental approach to drama *The City-State of the Soul* Kevin Crotty,2016-04-29 The City State of the Soul Self Constitution in Plato s Republicexplores Plato s idea that the moral life consists in the founding of one s own soul This insight is central to the long argument of the Republic and in particular to the complex relation between the city and the human soul This fruitful picture of the moral life however has not received the attention it deserves As Kevin M Crotty argues Plato s distinctive insight is that justice is above all a creative force Plato presents justice not as a relation amongst fully formed individuals but rather as the quality that galvanizes a diverse welter of disparate parts into a coherent entity above all a soul or a city Justice then is the virtue most closely associated with being the source of its philosophical stature Plato presents a conception of justice meant to impress the young bright and ambitious as a noble pursuit and a task worthy of their best talents The City State of the Soul is written for anyone interested in the Republic including but not limited to students and scholars of ancient philosophy political philosophy ethics and ancient Greek literature *Essays on Brecht* Siegfried Mews,Herbert Knust,2020-05-01 These essays represent the push to provide interdisciplinary Brecht research to English speaking audiences following his death in 1956 and offer novel readings of his works indicative of the major literary questions of the time The essays explore both Brecht s theoretical approach and political thought with many also taking a comparative approach to analysis of individual plays The contributors are Reinhold Grimm Karl Heinz Schoeps Herbert Knust Hans Meyer Siegfried Mews Raymond English James Lyon Darko Suvin Gisela Bahr Grace Allen Ralph Ley John Fuegi Andrzej Wirth and David Bathrick
