In the Zone Michael Murphy, Rhea A. White, 2011-06-07 DIVDIV Michael Murphy bestselling author of *Golf in the Kingdom* explains the power of athletics to transform the body mind and spirit divDIV divDIV Athletes and coaches often say they feel in the zone while participating in sports or other endeavors and Esalen Institute cofounder Michael Murphy carefully documents this phenomenon in one of the most comprehensive works of its kind Murphy and coauthor Rhea A White categorize twenty types of extraordinary athletic feats exalted states of consciousness and altered perceptions that they say evoke the richness of a spiritual practice divDIV divDIV This wide ranging compendium includes insights from amateur Olympic and professional athletes such as Michael Jordan Mario Andretti Jack Nicklaus and Arnold Schwarzenegger div div *Against the Gods* Peter L. Bernstein, 2012-09-11 A Business Week New York Times Business and USA Today Bestseller Ambitious and readable an engaging introduction to the oddsmakers whom Bernstein regards as true humanists helping to release mankind from the choke holds of superstition and fatalism The New York Times An extraordinarily entertaining and informative book The Wall Street Journal A lively panoramic book Against the Gods sets up an ambitious premise and then delivers on it Business Week Deserves to be and surely will be widely read The Economist A challenging book one that may change forever the way people think about the world Worth No one else could have written a book of such central importance with so much charm and excitement Robert Heilbroner author The Worldly Philosophers With his wonderful knowledge of the history and current manifestations of risk Peter Bernstein brings us Against the Gods Nothing like it will come out of the financial world this year or ever I speak carefully no one should miss it John Kenneth Galbraith Professor of Economics Emeritus Harvard University In this unique exploration of the role of risk in our society Peter Bernstein argues that the notion of bringing risk under control is one of the central ideas that distinguishes modern times from the distant past Against the Gods chronicles the remarkable intellectual adventure that liberated humanity from oracles and soothsayers by means of the powerful tools of risk management that are available to us today An extremely readable history of risk Barron s Fascinating this challenging volume will help you understand the uncertainties that every investor must face Money A singular achievement Times Literary Supplement There s a growing market for savants who can render the recondite intelligibly witness Stephen Jay Gould natural history Oliver Sacks disease Richard Dawkins heredity James Gleick physics Paul Krugman economics and Bernstein would mingle well in their company The Australian

Phenomenology and the Extreme Sport Experience Eric Brymer, Robert Schweitzer, 2017-03-27 Understanding the motivations behind those who partake in extreme sports can be difficult for some If the popular conception holds that the incentive behind extreme sports participation is entirely to do with risking one s life then this confusion will continue to exist However an in depth examination of the phenomenology of the extreme sport experience yields a much more complex picture This book revisits the definition of extreme sports as those activities where a mismanaged mistake or accident would most

likely result in death Extreme sports are not necessarily synonymous with risk and participation may not be about risk taking Participants report deep inner transformations that influence world views and meaningfulness feelings of coming home and authentic integration as well as a freedom beyond the everyday Phenomenologically these experiences have been interpreted as transcendent of time other space and body Extreme sport participation therefore points to a more potent life enhancing endeavour worthy of further investigation This book adopts a broad hermeneutic phenomenological approach to critique the assumed relationship to risk taking the death wish and the concept of No Fear in extreme sports and repositions the experience in a previously unexplored manner This is valuable reading for students and academics interested in Sports Psychology Social Psychology Health Psychology Tourism Leisure Studies and the practical applications of phenomenology
