## **Risky Living:**

*Risky Living* Jamie Buckingham, 1976-10-01 Why is happiness in life so elusive even for Christians who are walking in the Spirit Is happiness even possible Will I always scream at the children Do I have to live with this lustful spirit forever Why am I fat and miserable Will I ever reach the place where I won't lose my temper with my spouse Why does my stomach get all knotted up when I think about that hurtful event in the past If you have ever asked yourself one of these questions or countless others like them then you need to know this The Holy Spirit came not only to comfort the afflicted but to afflict the comfortable Unfortunately too many of us who call ourselves Spirit filled have grown comfortable finding it easier to wear a mask than to permit ourselves to live transparently and run the risk of being seen for who we really are That's what this book is all about Transparency Openness Risky living the kind that if practiced will allow the Holy Spirit to take off your mask peel back the layers and heal you from the inside out All who are self-sufficient should stop here This book won't apply to you But if you are not really happy if your inner person is lonely empty and confused if you know your mask is keeping you from experiencing authentic relationships with people and with God then read on Real happiness is possible Are you willing to take the risk Risky Living Ministries Inc [www.rlmin.com](http://www.rlmin.com)

**Dying to Live** Clive Calver, 2009 Many Christians acknowledge that they love Jesus but are disillusioned about their spiritual condition They come to Christ to drink from the well of his new life yet find that their thirst remains Why has the Christian life not met their expectations for spiritual growth and how can they satisfy this craving for their Christian walk to have a deeper impact Do you desperately yearn for a deeper relationship with God Clive Calver pastor preacher and longtime church statesman can relate As a young preacher and fairly new Christian he felt deeply frustrated in his efforts to experience spiritual transformation Then it dawned on him that Jesus' death on the cross achieved two things how to die and how to live Crucified love was God's gift to us resurrected life with Christ was his purpose for us For far too long we have been presented with a version of the Christian faith that majors on what we get rather than on what we give The cross has been portrayed as the place where Jesus died for us and where we receive from him but rarely as the location of our joint crucifixion with him The uncomfortable truth is that Jesus calls us to share his cross If anyone would come after me he must deny himself and take up his cross and follow me Matthew 16:24 Fortunately we don't have to be some kind of a Super Christian to allow God's power to work through us Calver shows how a number of ordinary believers have discovered the paradoxical fulfillment of the crucified life as they die to self and serve God and other people By dying to live you too can know the joy of resurrection

Catland Kathryn Hughes, 2024-06-04 How cat mania exploded in the early twentieth century transforming cats from pests into beloved pets In 1900 Britain and America were in the grip of a cat craze An animal that had for centuries been seen as a household servant or urban nuisance had now become an object of pride and deep affection From presidential and royal families who imported exotic breeds to working class men competing for cash prizes for the fattest tabby people became enthralled to the once humble cat Multiple industries sprang up to feed

this new obsession selling everything from veterinary services to leather bootees via dedicated cat magazines Cats themselves were now traded for increasingly large sums of money bolstered by elaborate pedigrees that claimed noble ancestry and promised aesthetic distinction In Catland Kathryn Hughes chronicles the cat craze of the early twentieth century through the life and career of Louis Wain Wain's anthropomorphic drawings of cats in top hats falling in love sipping champagne golfing driving cars and piloting planes are some of the most instantly recognizable images from the era His round faced fluffy characters established the prototype for the modern cat which cat fanciers were busily trying to achieve using their newfound knowledge of the latest scientific breeding techniques Despite being a household name Wain endured multiple bankruptcies and mental breakdowns spending his last fifteen years in an asylum drawing abstract and multicolored felines But it was his ubiquitous anthropomorphic cats that helped usher the formerly reviled creatures into homes across Europe Beautifully illustrated and based on new archival findings about Wain's life the wider cat fancy and the media frenzy it created Catland chronicles the fascinating history of how the modern cat emerged
