Initiation Between Two Worlds Jens Peter Schjødt,2008 The purpose of this book is to apply theories and perspectives from the Study of Religion or Comparative Religion to the study of the pre Christian culture in the North The basic idea is that such an application will enlighten our understanding of some myths and other narratives which from other points of view may seem obscure and thus give us a glimpse into the world view of the pagan Scandinavians which cannot be obtained otherwise The book deals with problems within the study of Religion as well as within Scandinavian Studies and hopefully it can inspire scholars from both fields

Desire for beauty is at the heart of human existence Some find this meaning out of their religious or spiritual perspective Some find it at the edge of their traditions And others find it outside any recognizable tradition This book speaks especially to the second and third groups of people Desire releases us to explore difference and to honor alternatives Desire shapes our lives in unique ways It centers our energies for personal and relational change where difference can be debated and variety permitted We might transcend circumstances that limit us Desire is more than meaningfulness it is captivation of mind and spirit to life s possibility In my discovery desire is an abandonment to beauty
