Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach

**Heiko Biehl, Bastian
Giegerich, Alexandra Jonas**

Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach:

Security Policy Reorientation in Peripheral Europe Kjell Engelbrekt, 2019-09-18 This title was first published in 2002 This rich comparative analysis looks at security policy reorientation in four European states located at the periphery of the European continent During the post Cold War period Greece Bulgaria Sweden and Finland conducted a security policy that was heavily influenced by their close proximity to the iron curtain Probing this transition during a decisive phase of the post Cold War reconstitution of the wider European security order the author analyzes national security policy making from the standpoints of three international relations traditions realism institutionalism and political anthropology This engaging work is invaluable for students scholars and policy analysts working in the field of international relations and European politics

European Union and Strategy Kjell Engelbrekt, Jan Hallenberg, 2010-09-13 This edited volume sets out to explore the paradox that the European Union EU produces policies with strategic qualities but lacks the institutions and concepts to engage in strategic reasoning and action proper The book has a two fold agenda exploring current EU external policies that are or seem to be linked to strategic priorities and also studying the concept of strategy in the particular context of EU decision and policymaking The volume first examines the character of the Union as a strategic actor at this stage of its development It then explores the ability of the Union to act and otherwise influence both its periphery and the wider world focusing in particular on how it is perceived by other actors The final section comprises personal assessments by a group of contributors regarding the character of the union as a strategic actor in the present and future When these are pieced together a picture emerges of a European strategy in the making albeit one that so far is modest and partial This book will be of interest to students of European Security European Politics and IR *Studia diplomatica*, 2006 *American Book Publishing Record*, 2003

Forthcoming Books Rose Arny, 2002 **Security Policy Reorientation in Peripheral Europe** Kjell Engelbrekt, 2001 **The British National Bibliography** Arthur James Wells, 2003 **Books in Print Supplement**, 2002 *Old Europe, New Security* Mary Troy Johnson, Janet Adamski, Cristina M. Schweiss, 2017-11-30 Many of the US criticisms of Western European reluctance to engage in the 2004 war in Iraq stem from a perception that these governments are weak on defence or unwilling to pull their own weight in the international system Secretary Rumsfeld pejoratively designated traditional Atlantic Alliance allies as Old Europe to distinguish them from the freshly minted cooperative states of New Europe In doing so Rumsfeld accused Old Europe of yet again relying on the United States to solve shared security problems This volume critically evaluates the validity of this view of Western European choices and policies Rather than a primary reliance on military force as first line defence it proposes that Western European governments are expanding the set of tools they have to apply to the post Cold War array of security and defence problems The volume examines the emergent European security approach from multiple perspectives in multiple institutions and identities and in different geographic contexts **Europe After the Cold War** Wojciech Kostecki, 1996 **Strategic Cultures in Europe**

Heiko Biehl, Bastian Giegerich, Alexandra Jonas, 2013-04-09 European countries work together in crisis management conflict prevention and many other aspects of security and defence policy Closer cooperation in this policy arena seems to be the only viable way forward to address contemporary security challenges Yet despite the repeated interaction fundamental assumptions about security and defence remain remarkably distinct across European nations This book offers a comparative analysis of the security and defence policies of all 27 EU member states and Turkey drawing on the concept of strategic culture in order to examine the chances and obstacles for closer security and defence cooperation across the continent Along the lines of a consistent analytical framework international experts provide case studies of the current security and defence policies in Europe as well as their historical and cultural roots

The Making of European Security Policy

Roberta Haar, Thomas Christiansen, Sabina Lange, Sophie Vanhoonacker, 2021 This volume addresses how and in what capacity the European Union and its member states are able to respond to fundamental shifts occurring in global politics and are able to remain relevant for the future The changing nature of the international system is subject to considerable contestation among scholars with many claiming that the fundamentals of the post war international system are being rewritten This volume brings together prominent scholars in the field of European security to address a range of pertinent issues related to Europe s role in the context of evolving global challenges The first section focuses on whether the EU is an actor with a strategic nature and the means to act on a global security strategy The second section considers the institutional dynamics and the approaches at the EU s disposal to fulfil its possible intended global roles The third section addresses Europe s most important strategic relationship the partnership it has with the United States This section considers the recalibration of the transatlantic relationship in light of the changing international system and the reorientation of U S foreign policy This book will be of much interest to students of European Union policy European Security policy European foreign policy and International Relations in general

A Critical Approach to European Security

Przemysław Grudziński, Peter van Ham, 1999 This work examines the key elements of Europe s dynamic security framework It analyzes how European institutions and their policies influence the security of the continent looking also at the broader political setting in particular how the development of a European identity might influence European security It aims to bring clarity into the often muddled discussion on European security and elucidates some of the concepts that are central to the current discourse on the topic

Cross-Disciplinary Perspectives on Regional and Global Security Paweł Frankowski, Artur Gruszczak, 2018-04-06 This book focuses on current key issues of international security from an actor centered approach The volume is divided into 3 sections the first part analyses an array of security issues in Europe the second one explores how those security issues play out in the Americas and the third focuses on Africa Each of the chapter authors outlines the relevant ideas interests and institutions The volume provides an overview of how global regional and national actors differ in their management approaches capacity levels and how these differences translate into cross regional cooperation on security issues

European Security in the Twenty-First Century Adrian Hyde-Price, 2007-02-12 Combining a sophisticated theoretical analysis with detailed empirical case studies this book provides an original view of the challenges and threats to a stable peace order in Europe The end of Cold War bipolarity has transformed Europe Using structural realist theory Adrian Hyde Price analyzes the new security agenda confronting Europe in the twenty first century Europe he argues is not primed for peace as mainstream thinking suggests rather it faces new security threats and the challenge of multipolarity This critical and original volume looks at European security after the Iraq War the failure of the EU constitution and the change of government in Germany Reflecting on the inherently competitive and tragic nature of international politics it concludes that realism provides the only firm foundations for an ethical foreign and security policy European Security in the Twenty First Century will appeal to students and scholars of international relations European politics and security studies

Small States and International Security Clive Archer, Alyson J. K. Bailes, Anders Wivel, 2016-10 This book explains what small states are and explores their current security challenges in general terms and through specific examples It reflects the shift from traditional security definitions emphasizing defence and armaments to new security concerns such as economic societal and environmental security where institutional cooperation looms larger These complex issues linked with traditional power relations and new types of actors need to be tackled with due regard to democracy and good governance Key policy challenges for small states are examined and applied in the regional case studies The book deals mainly with the current experience and recent past of such states but also offers insights for their future policies Although many of the states covered are European the study also includes African Caribbean and Asian small states Their particular interest and relevance is outlined as is the connection between their security challenges and their smallness Policy lessons for other states are then sought The book is the first in depth multi continent study of security as an aspect of small state governance today It is novel in placing the security dilemmas of small states in the context of wider ideas on international and institutional change and in dealing with non European states and regions

Perceptions of Security Richard Smoke, 1996 This is the first book to reveal what people in the eastern half of Europe really think about the international political climate in which they find themselves after the Cold War Most of the chapters in this volume are written from the viewpoints of the main countries of the region Russia Ukraine Poland Hungary and the Czech and Slovak Republics

The European Security Strategy Sven Biscop, 2016-12-05 In December 2003 the EU adopted the European Security Strategy the first ever common strategic vision of the Member States This volume examines how the Strategy can form the basis of a comprehensive approach that integrates all dimensions of EU external action from aid and trade to defence under the same agenda of effective multilateralism or global governance This agenda can be translated into the core public goods to which every individual on earth is entitled promoting access to these global public goods can be the essence of a distinctive European approach emphasizing long term stabilization and conflict prevention On that basis the Strategy can be a global agenda for positive

power global because of its worldwide scope and comprehensive nature for an EU with effective power to achieve positive objectives The book will appeal to audiences interested in the EU as an international actor foreign policy security and defence development and trade It is also suitable for policy makers in the EU institutions and the Member States The Politics of European Security Policies Xymena Kurowska, Patryk Pawlak, 2014-06-03 The book is a timely investigation into the European security policy dynamic from the perspective of actors engaged in the contentious policy process Instead of looking at security actors in isolation from one another the book enquires into the practice of the policy process and maps out the constellations of formal and informal actors sponsoring concrete ideas on what European security should be about The understandings of security shift and advocating a particular reading of security involves entering the political contest with actors advancing different conceptions The contributors analyse these different modalities overlapping scenes and shifting meanings that bring about EU security policies Our case studies illustrate how these processes unfold both at the intra EU level where different institutions supply and endorse their security framings and vis vis the EU and its neighbours The purpose of the book is to uncover by pluralistic means the rules of the game that structure the field of the EU s security making That way rather than impose a rigid theoretical model the editors structure the inquiry around three concepts security politics and policy This book was published as a special issue of Perspectives on European Politics and Society

Perspectives for a European Security Strategy Towards Asia Gustaaf Geeraerts, 2011 As the geopolitical point of gravity moves to the east the European Union EU faces the challenge of ongoing global power shifts and this study addresses the options opportunities and obstacles that lie ahead as the EU becomes a security actor in Asia and Africa Contributors address a number of key issues including the EU s soft power overall strategic planning European interests in Asia and the role of Russia in Asia s security climate

Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach Introduction

In today's digital age, the availability of Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach books and manuals for download are incredibly convenient. With just a computer or

smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach books and manuals for download and embark on your journey of knowledge?

FAQs About Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach Books

1. Where can I buy Security Policy Reorientation In Peripheral Europe A Comparative Perspective Approach books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
