CHARACTERS: HUMAN AND NON-HUMAN Beth Daniels,2018-03-27 The best stories grow from who characters are from what they have experienced in the past and what they will need to deal with in the future In fiction these characters might be human but they might be something other than human No matter what they are they need to act according to the needs of the story and that means they need to be convincingly real to the reader After all even if there is a mystery to be solved folks to be rescued or protected treasure to be searched out a villain to be overcome or love to be found it is your character or characters who need to do the work They need to be prepared for the job You need to build them to fit the requirements And those requirements aren t just for insuring that they save the day they are about the things that haunt them color the choices they make or stand off from making based on past experiences This is about portraying characters as though they are real people with real problems foibles hopes and dreams Even if they are demons **NIKROVA'S**
