Seduction Of Morality:

The Seduction of Morality Thomas Murphy, 1994 The Irish playwright Tom Murphy's first novel Featuring a 38 year old who returns from America to the small Irish town of her childhood it is a story about the awakening of a woman's capacities for love and sex and a tale of family rivalries

Morality and the Literary Imagination Gabriel R. Ricci, In a letter to Boccaccio Petrarch extolled the virtue of poetry and letters for promoting an understanding of both human nature and morals The letter was designed to console him after hearing a prediction that he was soon to die and that he ought to renounce poetry The prophecy came from an elder renowned for his piety but Petrarch admonished that too often dishonesty and fraud are couched in religious sentiments Nothing not even death according to Petrarch ought to divert us from literature For Petrarch Virgil was the source for understanding how literary studies not only promote eloquence but enhance morals If anything literature dispels the fear of death The claims of this volume is that it may be the case that the virtuous life can be achieved by those ignorant of letters but a more direct and certain route is guaranteed by a devotion to literature The collected works in this new volume of the Transaction series Religion and Public Life heeds Petrarch's advice that literature not only orients us to life's developmental stages it can provide us with a more complete understanding of the human character while artfully advancing morals To this end Michelle Darnell's opening chapter entitled A New Age of Reason explains how existentialism is an argument for how literature can take on philosophical form not as formal argument but as persuasive narrative Over the objections of even those who study Sartre Darnell uses Sartre's The Age of Reason as a model and shows how his literary output was a legitimate philosophical inquiry In addition to the Darnell piece the volume boasts a series of outstanding and innovative works by scholars in the field Taken together as a whole these authors not only illustrate the moral consequences of an original choice but oblige the reader to explore the ramifications of such a choice in one's own life Gabriel R Ricci is professor of humanities and the chair of the Department of History at Elizabethtown College He is the author of Time Consciousness The Philosophical Uses of History and the editor of Transaction's much admired Religion and Public Life series

Seduction, Prostitution, and Moral Reform in New York, 1830-1860 Larry Whiteaker, 2021-12-12 First published in 1998 In June 1831 the New York Magdalen Society published its first annual report The Society charged that widespread sexual deviation primarily in the form of prostitution existed in New York City The Magdalen Report claimed that approximately ten thousand women earned their livings as public prostitutes and another ten thousand were private or part time prostitutes The Magdalen Society's establishment and the subsequent publication of the Magdalen Report marked the beginning of a crusade in New York City to curtail sexual deviation and this study looks at the changes and reforms that took place

Tom Murphy's Theatre of Everyday Space Moonyoung Hong, 2025-05-08 By the time of his death in 2018 Tom Murphy was widely recognised as one of Ireland's most important modern playwrights Ireland's experience of rapid modernisation emigration and globalisation is vividly captured in his plays challenging generic notions of space place and the

nation In particular his drama reconfigures Irish theatre's uneasy relationship with globalisation with the peasant kitchen the pub and the bog having traditionally been exported as the quintessential Irish spaces Focusing on one of Murphy's central innovations his experimentation with theatre and everyday space the book considers the significance of Murphy's work in modern drama more broadly The idea of home has preoccupied modern playwrights since the naturalist dramas of Henrik Ibsen and Anton Chekhov leading theatre scholars to focus on the everyday space of the home to the exclusion of other everyday spaces Murphy's works by contrast offer a new politics of the exterior engaging with a diverse range of other spaces such as dancehalls grocery shops pubs hotels offices churches gasworks and airports His drama presents a global sense of the local an emotional map of the shifting geographies of everyday life By applying new theoretical perspectives and showcasing new archival materials inaccessible to previous scholars the book revisits Murphy as an international playwright a cartographer of our modern day global village The Seductions of Pilgrimage Michael A. Di Giovine, David

Picard, 2016-03-09 The Seductions of Pilgrimage explores the simultaneously attractive and repellent beguiling and alluring forms of seduction in pilgrimage It focuses on the varied discursive imaginative and practical mechanisms of seduction that draw individual pilgrims to a pilgrimage site the objects places and paradigms that pilgrims leave behind as they embark on their hyper meaningful travel experience and the often unforeseen elements that lead pilgrims off their desired course Presenting the first comprehensive study of the role of seduction on individual pilgrims in the study of pilgrimage and tourism it will appeal to scholars of anthropology cultural geography tourism heritage and religious studies Discourses of Seduction Hosea Hirata, 2020-03-17 If the postmodernist ethical onslaught has led to the demise of literature by exposing its political agenda if all literature is compromised by its entanglement with power why does literature's subterranean voice still seduce us into reading Why do the madness and the scandal of transgressive literature its power to force us to begin anew its evil escape the gaze of contemporary literary criticism Why do we dare not reject ethics and the ethical approach to literature If the primary task of literary criticism is to correct others ethical missteps should we not begin by confronting the seductiveness of ethics our desire for ethics the pleasure we take in being ethical And what is the relationship between ethics and history in the study of literature What would be the ethical consequences of an erasure of history from literary criticism In a series of essays on the writings of Kawabata Yasunari Murakami Haruki Karatani Kjin Furui Yoshikichi Mishima Yukio Oe Kenzaburo Natsume Soseki and Kobayashi Hideo Hosea Hirata visits the primal force of the scandalous in an effort to repeat in the Kierkegaardian sense the originary scene that initiates the obscure yet insistent poetry that is literature and to confront the questions raised Gender and Morality in Anglo-American Culture, 1650-1800 Ruth H.
