 Kattán-Ibarra, 2004-06-01 Modern Spanish Grammar A Practical Guide is an innovative reference guide to Spanish combining
 traditional and function based grammar in a single volume The Grammar is divided into two parts The shorter section covers
 traditional grammatical categories such as word order nouns verbs and adjectives The larger section is carefully organized
 around language functions and notions such as giving and seeking information putting actions into context expressing likes
 dislikes and preferences comparing objects and actions All grammar points and functions are richly illustrated and
 information is provided on register and relevant cultural background Written by experienced teachers and academics the
 Grammar has a strong emphasis on contemporary usage Particular attention is paid to indexing and cross referencing across
 the two sections This is the ideal reference grammar for learners of Spanish at all levels from elementary to advanced It will
 prove invaluable to those with little experience of formal grammar as no prior knowledge of grammatical terminology is
 assumed and a glossary of terms is provided The book will also be useful to teachers seeking back up to functional syllabuses
