Seeds of Tomorrow Robert James Koyich,2017-05-02 The seeds are planted word by word row by row field by field This book is for communal yields to be shared with many more than a few Through the author s claim of being A Yellow Overtone Seed we have yet to see what type of seed they are The book follows The First Three Fountains as the 4th Fountain book 100% of the earnings will go towards the Seed Fund yet the ideas of the author hold value for other people s personal gardens too Towards and from different points of time the journey of the young shoulsmen Robert continues within the valley in fertile soil The hushed awareness of what may help the fields grow is held in this His future is not clear yet through the years that follow we will see hear and read the evolution Although calling out for a select few to heed the intuition of a global mission there must be more to the process than just scrabbled natterings There IS an involution of many years of devotion layered in this even if not yet clear how or where the glacier moves You are invited into the heart and mind of the author to see and share your being with the future We are all focused on our own work yet once in a while it may be good to stop and remember to breathe The Seeds of Tomorrow will be tended towards fruition yet this will require a combined consecrated effort

Dadson,2022-08-19 Aba Dadson struggled with low self esteem anxiety and depression for years She was convinced that she was alone and had no one but herself to lean on Even after she became a born again Christian she struggled to find healing

Fortunately God led her to Scriptures with powerful messages that led her to the right path and people who helped heal her heart and mind In this book she shares her struggles and considers questions such as How can you build a better relationship with God What can you do to let go of the past How can you tune in to God s voice and find direction What steps can you take to rewrite the story of your life Healing can be bittersweet There are moments when you feel the hurt all over again and other days when you feel so great you want to shout it to the world The best way to navigate the process is to seek out and praise the Lord Seeds of tomorrow.
