Hosier, 2022-03-31 In 2 Timothy 2:15 we are commanded to study the Word of God More than following a command however a close relationship with God comes from a sincere desire to know Him and His Word better It is only through close and repeated study of the Bible that we can have revelation Scott writes about his insightful and thought provoking journey through the Bible and shares the keys to his stronger and informative faith based relationship with God The Genesis series encourages all to take their time and study the Word of God for themselves Included are many scriptures as his biblical proof for his newfound revelation thus confirming the Word of God by the Word of God As you read his book he asks that you search each included scripture for yourself and let God's Spirit lead you through a unique inspirational and informative time of revelation Seeing Beyond the Word Finney, 1999-05-12 This collection of essays seeks to redefine the discussion of Calvinism's impact on the visual arts through an exploration of Reformed artistic influences in England France Switzerland Germany Hungary the Netherlands and America 200 illustrations many in color *The Art of Seeing Beyond Oneself* Doil Kim, 2025-12-17 This book offers a philosophical reconstruction of Confucian humility a virtue deeply rooted in East Asian traditions yet often overlooked or conflated with Western and contemporary notions of modesty and humility It bridges classical textual analysis with insights from cultural psychology and comparative philosophy to clarify its distinctive nature and broader ethical significance In contemporary discourse self lowering is often mistaken for self effacement or undue self sacrifice Confucian humility conceived as a distinctive mode of self lowering presents a different vision it cultivates a form of personhood that resists self centered impulses and fosters genuine attention to others enabling deeper connection across relationships communities and the broader world Far from being a relic of the past Confucian humility offers a timely response to the rise of extreme individualism egoism and the ethos of isolated survival shaped by relentless competition and the imperative of self commodification in contemporary society Provided by publisher SEEING BEYOND NOTHING DUANE THE GREAT WRITER, 2013-06-26 As we have all come into a physical body from who knows where From Beyond Nothing A study of Human History clearly shows how the documentation the masses look to was contrived by the Political System who invented the pinnacle of religion for the sole purpose of control from all angles It is true there have so many who have had what has

been termed as spiritual experiences which actually have nothing to do with the political formulation of religion It has been so that the Religious Orders have actually used the experiences of others and claimed them as their own to then sell to the public their version of what they have decided what took place and how it should be defined according to them All of this is right in front of everyone yet most people still look to the Ruling Systems as those to be in the know I am for the free choice of everyone and so each person knows their own mind and life and their own free will www DuaneTheGreatWriter Info
