

VISION

BY JESSIE B. RITTENHOUSE

I came to the mountains for beauty
And I find here the toiling folk,
On sparse little farms in the valleys,
Wearing their days like a yoke.

White clouds fill the valleys at morning,
They are round as great billows at sea,
And roll themselves up to the hill-tops
Still round as great billows can be.

The mists fill the valleys at evening,
They are blue as the smoke in the fall,
And spread all the hills with a tenuous scarf
That touches the hills not at all.

These lone folk have looked on them daily,
Yet I see in their faces no light.
Oh, how can I show them the mountains
That are round them by day and by night?

Seeing It Was So Poems:

On the Aesthetics of Beowulf and Other Old English Poems John M. Hill, 2010-01-01 What makes one Anglo Saxon poem better than another Why does Beowulf still have the power to move us after so many centuries What might have been aesthetically pleasing to Old English readers and writers of poetry While there is an apparent consensus by scholars on a core of poems considered to be exceptional literary achievements Beowulf Judith the Vercelli book there has been little systematic investigation of the basis for these appraisals With new essays on rhetoric wordplay meter structure irony form psychology ethos and reader response the contributors to this collection aim to find objective aesthetic qualities in Anglo Saxon poetry Posing questions of quality and beauty as discoverable in artefacts On the Aesthetics of Beowulf and Other Old English Poems significantly advances our understanding not only of aesthetics and Old English poetry but also of Old English attitudes towards literature as an art form

The Poems William Shakespeare, 1992-01-09 This is a fully annotated edition

of all the poems which are now generally regarded as Shakespeare's excluding *The Sonnets*. It contains *Venus and Adonis*, *The Rape of Lucrece*, *The Phoenix and the Turtle*, *The Passionate Pilgrim*, and *A Lover's Complaint*. The introduction to the two long narrative poems examines their place within the classical and Renaissance European traditions, an issue which also applies to *The Phoenix and the Turtle*. *The Passionate Pilgrim* is a miscellany of twenty sonnets and lyrics containing only five poems which are certain to be Shakespeare's. John Roe analyses the conditions in which the collection was produced and weighs the evidence for and against Shakespeare's authorship of *A Lover's Complaint* and the much debated question of its genre. He demonstrates how in his management of formal tropes Shakespeare like the best Elizabethans fashions a living language out of handbook oratory.

Shakespeare's Sonnets and Narrative Poems A. D. Cousins, 2014-07-21 Alongside Spenser, Sidney and the early Donne, Shakespeare is the major poet of the 16th century largely because of the status of his remarkable sequence of sonnets. Professor Cousins' new book is the first comprehensive study of the Sonnets and narrative poems for over a decade. He focuses in particular on their exploration of self-knowledge, sexuality and death, as well as on their ambiguous figuring of gender. Throughout he provides a comparative context looking at the work of Shakespeare's contemporaries. The relation between Shakespeare's non-dramatic verse and his plays is also explored.

The Poem as Icon Margaret H. Freeman, 2020-03-13 Poetry is the most complex and intricate of human language used across all languages and cultures. Its relation to the worlds of human experience has perplexed writers and readers for centuries, as has the question of evaluation and judgment: what makes a poem work and endure? *The Poem as Icon* focuses on the art of poetry to explore its nature and function, not interpretation but experience, not what poetry means but what it does. Using both historic and contemporary approaches of embodied cognition from various disciplines, Margaret Freeman argues that a poem's success lies in its ability to become an icon of the felt being of reality. Freeman explains how the features of semblance, metaphor, schema and affect work to make a poem an icon, with detailed examples from various poets. By analyzing the ways poetry provides insights into the workings of human cognition, Freeman claims that taste, beauty and pleasure in the arts are simply products of the aesthetic faculty and not the aesthetic faculty itself. The aesthetic faculty, she argues, should be understood as the science of human perception and therefore constitutive of the cognitive processes of attention, imagination, memory, discrimination, expertise and judgment.

Voice and the Victorian Storyteller Ivan Kreilkamp, 2005-11-03 The nineteenth-century novel has always been regarded as

a literary form pre eminently occupied with the written word but Ivan Kreilkamp shows it was deeply marked by and engaged with vocal performances and the preservation and representation of speech He offers a detailed account of the many ways Victorian literature and culture represented the human voice from political speeches governesses tales shorthand manuals and staged authorial performances in the early and mid century to mechanically reproducible voice at the end of the century Through readings of Charlotte Brontë Browning Carlyle Conrad Dickens Disraeli and Gaskell Kreilkamp re evaluates critical assumptions about the cultural meanings of storytelling and shows that the figure of the oral storyteller rather than disappearing among readers preference for printed texts persisted as a character and a function within the novel This 2005 study will change the way readers consider the Victorian novel and its many ways of telling stories *English Poems...*
