Florence Nightingale and the Health of the Raj Jharna Gourlay, 2017-05-15 Florence Nightingale and the Health of the Raj presents in detail Nightingale's involvement with India and Indians and shows how she progressed from being concerned with the narrow sphere of army sanitation to the socio economic condition of the whole of India. Despite her interest in the country Florence Nightingale never actually visited India yet she still managed to instigate and inspire a number of sanitary and social reforms there. Starting in 1857 with army sanitation she had by the end of her involvement with India in 1896 shifted her attention to such social issues as village sanitation and female education. In between she was involved with the development of hospitals, irrigation, famine relief, the land tenure system in Bengal, urban sanitation and female nursing. In *Florence Nightingale and the Health of the Raj* Jharna Gourlay covers all these aspects of Florence Nightingale's work, tracing her political involvement and her growing awareness of Indian problems, showing how she gradually moved from an imperialist position to one advocating power sharing with Indians. Her story is also one of how a private individual without official position, moreover a woman in a patriarchal society, could influence government policy and public opinion on matters of immense importance. Based on primary sources from both Britain and India, particularly her own correspondence and articles, this book tells Florence Nightingale's story through her own words whilst simultaneously placing it in the wider historical context. As such it will prove a fascinating and illuminating study for a wide range of scholars interested in nineteenth century imperialist medical, gender and social history. *Rise of Reason* Hulas Singh, 2015-09-25 This book offers one of the first critical evaluations and in depth analysis of the intellectual movement in Maharashtra in the 19th century. Arguing against the prevalent view that Indian rationality was imported from Europe through the colonial agency, it traces the rational roots of the movement to indigenous intellectual traditions and history. It also questions the centrality assigned to the Bengal Renaissance as being the representative of the contemporary intellectual movement in the country. Strongly grounded in primary research, this volume brings forth many new facts and facets into the scholarly discourse on topics such as the idea of Drain and the rise of Indian nationalism, so far seen as a predominantly political process divorced from its cultural dimensions. It re-examines the view that cultural consciousness that preceded political agitation was a separate sphere of activity and suggests that both were integral stages of anti colonialism in the country. The author maintains that rationalism and nationalism were closely connected as a means and end continuum. He also provides a new and substantially different understanding of the 19th century intellectuals Mahatma Jotirao Phule and Pandita Ramabai among others. Lucid, accessible and thought provoking, this book will interest scholars and researchers of modern Indian history, Indian political thought, sociology, philosophy and Marathi literature. **Commonwealth Public Address** Marian B. McLeod, 2007 Until recent years oratory was considered a fundamental component of the literature of a nation and a liberal education implied a knowledge of the great speakers and their principal speeches, no less than of the important poems, plays

and prose works For some time however the study of literature has been reduced in many places to just two genres poetry and prose fiction but of late literary studies have expanded considerably to include speeches children s and juvenile literature historiography diaries and journals memoirs letters science and fantasy fiction even graffiti and inscriptions Increasingly papers on Commonwealth speakers are heard at national and international conferences and found in scholarly journals and the speeches of famous persons are studied with the same intensity as their imaginative works As a result rhetorical theories and communication studies have developed rapidly in order to better evaluate speeches or public address The papers included in this collection suggest the range of studies of Commonwealth public address historical comparative analytical and survey They examine the effectiveness of some of the major figures in world affairs G K Goldhale and B G Tilak India Jessie Street and R G Menzies Australia Maurice Bishop Grenada and Cheddi Jagan and Forbes Burnham Guyana In addition dig consider African and Canadian oratory and the relationship of speeches to history and politics concluding with a proposed canon of Commonwealth public address
