**The Sex Lives of Cannibals** J. Maarten Troost, 2004 Let me say at the top that I didn t have a particularly good reason for moving to Tarawa a small island in the Republic of Kiribati There was nothing Quaker ish Thoreau ish or even Gaughin ish about my taking a little leave from western civilisation which I though was fine mostly particularly as manifested ion certain parts of Italy To picture Kiribati imagine that the continental US were to conveniently disappear leaving only Baltimore and a vast swathe of very blue ocean in its place Now chop up Baltimore into 33 pieces place a neighbourhood where Maine used to be another where California once was and so on until you have 33 pieces of Baltimore dispersed in such a way that 32 33 Baltimorians will never attend an Orioles game again Now take away electricity running water tollets television restaurants building and aeroplanes except for two very old prop planes tended by people who have no word for maintenance Replace with thatch Flatten all the land into a uniform two feet above sea level Toy with islands by melting polar ice caps Add palm trees Sprinkle with hepatitis A B and C Stir in dengue fever and intestinal parasites Take away doctors Isolate

**The Sex Lives of Cannibals** J. Maarten Troost, 2004-06-08 The laugh out loud true story of a harrowing and hilarious two year odyssey in the distant South Pacific island nation of Kiribati possibly The Worst Place on Earth At the age of twenty six Maarten Troost who had been pushing the snooze button on the alarm clock of life by racking up useless graduate degrees and muddling through a series of temp jobs decided to pack up his flip flops and move to Tarawa a remote South Pacific island in the Republic of Kiribati He was restless and lacked direction and the idea of dropping everything and moving to the ends of the earth was irresistibly romantic He should have known better The Sex Lives of Cannibals tells the

hilarious story of what happens when Troost discovers that Tarawa is not the island paradise he dreamed of. Falling into one amusing misadventure after another, Troost struggles through relentless stifling heat, a variety of deadly bacteria, polluted seas, toxic fish, all in a country where the only music to be heard for miles around is La Macarena. He and his stalwart girlfriend Sylvia spend the next two years battling incompetent government officials, alarmingly large critters, erratic electricity, and a paucity of food options, including the Great Beer Crisis, and contending with a bizarre cast of local characters, including Half Dead Fred and the self-proclaimed Poet Laureate of Tarawa, a British drunkard who's never written a poem in his life. With *The Sex Lives of Cannibals*, Maarten Troost has delivered one of the most original, rip-roaringly funny travelogues in years, one that will leave you thankful for staples of American civilization such as coffee, regular showers, and tabloid news, and that will provide the ultimate vicarious adventure.

**Going Places** Robert Burgin, 2013-01-08 Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read-alikes with this detailed and expertly constructed guide. Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe, smart librarians need a guidebook that makes sense of the world of travel narratives. *Going Places: A Reader's Guide to Travel Narratives* meets that demand, helping librarians assist patrons in finding the nonfiction books that most interest them. It will also serve to help users better understand the genre and their own reading interests. The book examines the subgenres of the travel narrative genre in its seven chapters, categorizing and describing approximately 600 titles according to genres and broad reading interests, and identifying hundreds of other fiction and nonfiction titles as read-alikes and related reads by shared key topics. The author has also identified award-winning titles and spotlighted further resources on travel lit, making this work an ideal guide for readers, advisors, as well as a book general readers will enjoy browsing.

**30 Days in the South Pacific** Sean O'Reilly, James O'Reilly, Larry Habegger, 2005 Few can resist the lure of pristine beaches, endless coral reefs, and blazing tropical suns. The South Pacific is still largely unspoiled for travelers willing to stray a little off the beaten path. This reference gives readers a bird's-eye view of the many island groups that make up the area.

**Dark Paradise** Fuller, Jennifer Fuller, 2016-05-31 Examines the way in which the British transformed the Pacific islands during the nineteenth century. The discovery of the Pacific islands amplified the qualities of mystery and exoticism already associated with foreign islands. Their savage peoples, their isolation, and their sheer beauty fascinated British visitors across the long nineteenth century. *Dark Paradise* argues that while the British originally believed the islands to be commercial paradises or perfect sites for missionary endeavours, as the century progressed, their optimistic vision transformed to portray darker realities. As a result, these islands act as a breaking point for British theories of imperialism, colonialism, and identity. The book traces the changing British attitudes towards imperial settlement as the early view of island as paradise gives way to a fear of the hostile islanders and examines how this revelation undermined a key tenant of British imperialism: that they were the superior or civilized islanders.

**Key Features** The first monograph to trace the Pacific islands as represented through the lens of British

fiction and non fiction across the long nineteenth centuryExamines texts written by Pacific islanders and published in the British pressSignificantly broadens our understanding of the British Pacific by analysing understudied Pacific texts and authors alongside more canonical works
