G.W. Jones

Marxism And The Failure Of Organised Socialism In Spain 1879 1936:

Marxism and the Failure of Organised Socialism in Spain, 1879-1936 Paul Heywood, 1990-07-26 This is the first full length study in English of the role of Marxist theory in the Spanish Socialist movement prior to the outbreak of Civil War in 1936 In particular the author stresses the intellectual poverty of this aspect of leftwing politics in Spain In concentrating on the Partido Socialista Obrero Español PSOE the major organised party of the left prior to the Civil War the study seeks to achieve two main aims first to attempt to isolate the political social and intellectual factors which led to a particularly distorted version of Marxism which became established in Spain at the end of the nineteenth century and second to demonstrate how this particular conception of Marxism had a crucial negative impact on the political formulations and fortunes of the PSOE between 1879 and 1936 The central argument of the book is that the significance of Spanish Marxism lay precisely in its poverty since it was this decaffeinated version of the theory which set the parameters within which the PSOE formulated its strategy for socialism

Sammel-Bericht der Stadt Mühlhausen i. Thür. über die Verwaltungsjahre 1921 bis 1924 für den Zeitraum vom 1. 4. 21 bis 31. 3. 25 ,1925 **The Spanish Civil War and the British Labour Movement** Tom Buchanan, 1991-02-21 This book draws on a mass of documentary material to provide a major reinterpretation of British labour s response to the Spanish Civil War It challenges the view that the labour leadership betrayed the Spanish Republic and that this polarised the movement along left versus right lines Instead it argues that the overriding concern of the major leaders was to defend labour s institutional interests against the political destabilisation caused by the conflict rather than to defend Spanish democracy Although the main advocates of this position were trade union leaders associated with the labour right such as Walter Citrine and Ernest Bevin the book argues that their dominance reflected the centrality of the trade unions to labour movement decision making rather than the abuse of union power to achieve political goals

The Spanish Socialist Party and the modernisation of Spain Paul Kennedy, 2015-11-01 This book considers the most electorally successful political party in Spain the Spanish Socialist Workers Party PSOE which was in government for two of the three decades since it won office under Felipe Gonz lez in 1982 Providing rich historical background the book s main focus is on the period since General Franco s death in 1975 It charts Spain s modernisation under the PSOE with a particular focus on the role played by European integration in this process Covering events including the 2011 general election the book is one of the most up to date works available in English and will be of great interest to academics and undergraduate and postgraduate students in the field of Spanish and European studies

The Spanish Republic at War 1936-1939 Helen Graham, 2002-12-19 This book is a comprehensive 2002 analysis of the Spanish left during the civil war of 1936 9

The Impact of the Spanish Civil War on Britain Tom Buchanan, 2006-11-27 Explores the relationship between Britain and the Spanish Civil War This book explains the war s legacy and longer term impact on Britain and presents a chronological progression from the Civil War to the post war Franco era It also provides a discussion of the

importance of loss and memory New Lefts Terence Renaud,2021-09-07 A groundbreaking history of Europe's new lefts from the antifascist 1920s to the anti establishment 1960s In the 1960s the radical youth of Western Europe's New Left rebelled against the democratic welfare state and their parents antiquated politics of reform It was not the first time an upstart leftist movement was built on the ruins of the old This book traces the history of neoleftism from its antifascist roots in the first half of the twentieth century to its postwar reconstruction in the 1950s to its explosive reinvention by the 1960s counterculture Terence Renaud demonstrates why the left in Europe underwent a series of internal revolts against the organizational forms of established parties and unions He describes how small groups of militant youth such as New Beginning in Germany tried to sustain grassroots movements without reproducing the bureaucratic hierarchical and supposedly obsolete structures of Social Democracy and Communism Neoleftist militants experimented with alternative modes of organization such as councils assemblies and action committees However Renaud reveals that these same militants decades later often came to defend the very institutions they had opposed in their youth Providing vital historical perspective on the challenges confronting leftists today this book tells the story of generations of antifascists left socialists and anti authoritarians who tried to build radical democratic alternatives to capitalism and kindle hope in reactionary times

Rethinking Revolutions from 1905 to 1934 Stefan Berger,Klaus Weinbauer,2022-12-13 This edited collection offers a timely and original perspective on the many upheavals and revolutions that broke out across the world during the earlytwentieth century With previous research tending to confine revolutions within national borders this book sets out to place them within a broader global sphere of thought and action The authors explore the time phase between the Russian Revolution of 1905 and the Asturian Revolution of 1934 including cases from South Africa Australia China the Middle East and Latin America Providing insights from leading scholars in the field this collection highlights the interconnectedness and transnationalism of upheavals and revolutions offering a new approach which integrates political social and cultural history Chapter 8 is available open access under a Creative Commons Attribution 4.0 International License via [Link](#) [springer.com](#)

The Modern World-System IV Immanuel Wallerstein,2011-06-10 Immanuel Wallerstein's highly influential multi volume opus *The Modern World System* is one of this century's greatest works of social science An innovative panoramic reinterpretation of global history it traces the emergence and development of the modern world from the sixteenth to the twentieth century This new volume encompasses the nineteenth century from the revolutionary era of 1789 to the First World War In this crucial period three great ideologies conservatism liberalism and radicalism emerged in response to the worldwide cultural transformation that came about when the French Revolution legitimized the sovereignty of the people Wallerstein tells how capitalists and Great Britain brought relative order to the world and how liberalism triumphed as the dominant ideology The Modern World-system Immanuel Maurice Wallerstein,1974 *The Modern World System* Immanuel Wallerstein's influential multivolume reinterpretation of global history traces the emergence and development of the modern

world from the sixteenth century to the twentieth From publisher s description **Class, Culture and Conflict in Barcelona, 1898-1937** Chris Ealham,2004-03-01 This book investigates urban conflict popular protest and social control in Barcelona during the period 1898 1937 Focusing upon the sources of anarchist power in the city and the role of the organised anarchist movement during the Second Republic the volume concludes with an analysis of the decline of the power of the anarchist movement during the civil war in its identification of the local conditions that made Barcelona into the capital of European anarchism **West European Prime Ministers** G.W. Jones,2025-09-12 West European Prime Ministers 1991 examines the roles played by the prime ministers of seven West European countries Britain Germany France Italy Spain Holland and Ireland In addition three general chapters provide a comparative perspective The main focus is on the power of the prime ministers Their many and various resources such as their formal authority their political influence their administrative support and their personal skills and the constraints on their use of these powers are all examined and analysed The book also examines the people and organisations prime ministers have dealings with from cabinets ministers parliaments and parties to the civil service pressure groups and the public and appraises how well other power centres are resources or supports for the prime minister It explores the backgrounds and career patterns of prime ministers and the part they play in different policy areas It assesses trends in prime ministerial power over the last decade and reveals the significance of the personality of the prime minister Stabilising Fragile Democracies Paul Lewis,Geoffrey Pridham,2002-11 The first book to provide a systematic comparison of the democratic transitions in both Eastern and Southern Europe covering Italy Spain Greece Portugal Hungary Romania Poland and Bulgaria *The Spanish Civil War, the Soviet Union, and Communism* Stanley G. Payne,2008-10-01 In this compelling book Stanley G Payne offers the first comprehensive narrative of Soviet and Communist intervention in the revolution and civil war in Spain He documents in unprecedented detail Soviet strategies Comintern activities and the role of the Communist party in Spain from the early 1930s to the end of the civil war in 1939 Drawing on a very broad range of Soviet and Spanish primary sources including many only recently available Payne changes our understanding of Soviet and Communist intentions in Spain of Stalin s decision to intervene in the Spanish war of the widely accepted characterization of the conflict as the struggle of fascism against democracy and of the claim that Spain s war constituted the opening round of World War II The author arrives at a new view of the Spanish Civil War and concludes not only that the Democratic Republic had many undemocratic components but also that the position of the Communist party was by no means counterrevolutionary *West European Communist Parties after the Revolutions of 1989* Martin J. Bull,Paul M. Heywood,2016-07-27 This book analyses the impact of the collapse of communism in Eastern Europe and the former Soviet Union on the Communist Parties of Western Europe Seven case studies covering the Italian French Spanish Portuguese Belgian British and German parties provide a tightly argued comparative perspective The conclusion assesses the range of responses to the dramatic events of 1989 91 and likely future

direction of the west European communist movement It is argued that whilst it is no longer possible to talk of a coherent family of communist parties various individual parties some of them in revised form may continue to prosper

Europe's Uncertain Path 1814-1914 R. S. Alexander, 2012-01-30 Europe's Uncertain Path is an introduction to Europe's turbulent history from 1814 to 1914 It presents a clear narrative of the major political events set against the backdrop of social economic and cultural change An introduction to Europe's turbulent history from 1814 to 1914 Provides students with a solid grounding in the main political events and social changes of the period Explains the causes and outcomes of major events the effect of the emergence of mass politics the evolution of political ideologies and the link between foreign and domestic policy Offers balanced coverage of Eastern Western and Central Europe Illustrations maps and figures enhance student understanding

Feeding Barcelona, 1714-1975 Montserrat Miller, 2015-01-12 The food markets of Barcelona host thousands of customers daily from tourists eager to sample fresh fruits and grilled seafood to neighborhood cooks in search of high quality ingredients While other countries experienced major shifts away from the public market model in the twentieth century Barcelona's food markets remained fundamental to the city's identity economy and culture Montserrat Miller's *Feeding Barcelona 1714 1975* examines the causes behind the extraordinary vibrancy and tenacity of the Barcelonan market system Miller argues that recurrent revolutionary uprisings in Barcelona beginning in the mid eighteenth century forced ongoing collaboration between the public and private sectors to ensure adequate and effective food distribution Municipal support permitted small scale food sellers in Barcelona to survive in a period more commonly characterized by increasing capitalization in food retail while the importance of food markets to Barcelona's social networks enhanced vendors ability to recognize and adapt to changing customer demands In addition a high number of stalls owned by women contributed both to the financial well being of vendor families and to the sociability patterns that placed neighborhood food markets at the center of daily life in the city The shared commitment of vendors shoppers and government officials to a market model of food sales created the lasting and unique market system that persists in Barcelona to this day Drawing from extensive archival research and numerous interviews with individuals at all levels of the market system *Feeding Barcelona 1714 1975* is the first detailed history of the historical and social influences that create urban food markets

The End of the Spanish Empire, 1898-1923 Sebastian Balfour, 1997 This is the first full account in any language of Spain's disastrous war with the United States in 1898 in which she lost the scattered remnants of her old empire It is also the first comprehensive analysis of the ensuing political and social crisis in Spain stretching from the loss of the Empire to the military coup of 1923 Sebastian Balfour weaves together political economic and social history in his study of the reaction to war and crisis by a wide range of participants from rioters to rulers He examines the rise of Catalan nationalism the fruitless efforts of politicians and intellectuals to regenerate Spain from above the disintegration of Spain's political system before 1923 and the creation of an imperial myth in the subsequent dictatorship of Primo de Rivera and Franco This is essential reading for

anyone wishing to understand the roots of the Spanish crisis in the first half of the twentieth century Rethinking Social Democracy in Western Europe Richard Gillespie, William E. Paterson, 2013-07-23 First published in 1993 This title is the product of a conference designed to throw light on some central questions about the phase of programmatic renewal from the 1950s to the then present day The evidence presented in this volume pursues to demonstrate the existence of a European wave of social democratic programmatic renewal effort during the 1980s the sweep of which the author argues being broader than the previous renewal wave in the 1950s Spain, 1833-2002 Mary Vincent, 2007-12-06 This book provides a cultural history of Spanish politics from the civil war of 1833 to the Spanish adoption of the Euro in 2002 a period dominated for the most part by violent military interventions in the political process a succession of weak unstable but repressive governments and the ever present threat of rebellion from below and culminating in the victory and repressive dictatorship of General Franco Using a wide range of sources both textual and material Mary Vincent focuses on the question of how ordinary people came to identify themselves both as citizens and as Spaniards throughout this turbulent period She argues that a weak state rather than a weak sense of nation was the key to Spain's problematic development and that this is the key to explaining both the persistence of political violence and the strength of regional nationalism in modern Spain But as Vincent shows from the 1970s with modernization of the state and the introduction of democratic politics all Spaniards including Catalans and Basques enthusiastically adopted an additional identity that of Europeans And while questions over the territorial unity of the Spanish state have still not been wholly resolved nevertheless the political choices facing Spaniards today are very similar to those of other western European nations and Spanish singularity appears at last to be consigned to the past

Marxism And The Failure Of Organised Socialism In Spain 1879 1936 Book Review: Unveiling the Magic of Language
