Detective ,1996 **The Omnibus of Crime** Dorothy Leigh Sayers,1929 **Whatever Happened to Sherlock Holmes** Robert S. Paul,1991 Robert S Paul suggests that the reason detective fiction has won legions of readers may be that the writer of detective fiction without conscious intent appeals directly to those moral and spiritual roots of society unconsciously affirmed and endorsed by the readers Because detective stories deal with crime and punishment they cannot help dealing implicitly with theological issues such as the reality of good and evil the recognition that humankind has the potential for both the nature of evidence truth and error the significance of our existence in a rational order and hence the reality of truth and the value of the individual in a civilized society Paul argues that the genre traces its true beginning to the Enlightenment and documents two related but different reactions to the theological issues involved first a line of writers who are generally positive in relation to their cultural setting such as Edgar Allan Poe Wilkie Collins Conan Doyle and second a reactionary strain critical of the prevailing culture that begins in William Godwin s Caleb Williams and continues through the anti heroic

writers like Ars ne Lupin to Raymond Chandler Dashiell Hammett and John MacDonald **Justice Denoted** Terry White,2003-09-30 White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence Primarily a bibliography of novels it also annotates plays scripts for film and television novelizations and short story collections about lawyers and the law The idea behind the principal of selection is to disdain labels that reduce the variety of the legal thriller to a subgenre of mystery fiction Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists Its biographical and scholarly information about authors major and minor and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers Anatomy of a Murder as well as the romantic potboiler Among the more than 2 000 works are the Perry Mason novels of Erle Stanley Gardner John Mortimer s Rumpole series along with a staple of fiction by major authors of the genre like John Lescroart Lisa Scottoline Margaret Maron Scott Turow and John Grisham There are also individual works by Shakespeare Goethe Kafka Camus and Twain delineating humanity s obsession with the law as its shining prop of civilization and alternative b te noire of the common individual caught up in its maw The appendices include comments by lawyer novelist Michael A Kahn a historical introduction to the legal thriller craft notes by writers and prominent trial lawyers responding to author and lawyer questionnaires bibliography of critical sources and articles series characters and the legal terminology found in courtroom dramas and novels An essential reference tool for scholars researchers as well as the occasional reader of legal thrillers *Heart in Conflict* Michael Grimwood,2009-01-01 Heart in Conflict is a study of two periods of intense vocational crisis in William Faulkner s career as a writer his time of apprenticeship before the composition of The Sound and the Fury and the beginnings in the late 1930s and early 1940s of the long season of decline that followed the completion of Absalom Absalom These periods of crisis Michael Grimwood argues grew out of an ongoing tension between the divided components of Faulkner s personality between two versions of himself the illiterate bumpkin and the sophisticated aesthete It was a collaboration between these two postures that formed Faulkner s vocation that created the impulse to translate the rural unlettered world of Oxford Mississippi into a literature of the highest ambitions But Faulkner was neither bumpkin nor aesthete His awareness of the fraudulence of both his self images and ultimately his art caused him to create beginning with The Wild Palms in 1939 novels divided against themselves both structurally and thematically novels whose complexities emanate from their author s own complex personality Grimwood traces the formation of Faulkner s divided personality in his childhood and youth in the conflicting influences of literature

and landscape in the conflicting urges wrought by a mother who called him to the rigors of the schoolhouse and a father whose interests led to the diffuse pleasure of the world outside The conflict gained dimension when Faulkner's earliest poems written in the style of the European pastoral were mocked by students in the pages of the University of Mississippi literary magazine Faulkner internalized this mockery and it would emerge in the late 1930s and early 1940s as a destructively self-critical compulsion to write novels *The Wild Palms* *The Hamlet* *Knight's Gambit* and *Go Down Moses* that were simultaneously pastoral and mock-pastoral that reflected both an impulse to bequeath his own substance through words and a virtual surrender to illiteracy In many ways the tensions that divided Faulkner tensions between pastoral ideal and rural reality between flights of language and attachment to the wordless soil also divided the whole of southern literature and society from the time of its origins Such conflicts can be found in the writings of Thomas Jefferson philosopher of democracy and slaveowner in the southwestern humor and plantation fiction that dominated southern letters in the 1830s and in the works of the agrarian writers of the 1930s whose European poesy belies their dirt-road political beliefs Showing how the tensions in the narratives mirrored tensions in the author and in his society *Heart in Conflict* reveals William Faulkner as he struggled with his inheritance both as a southerner and as a southern writer [The Open Shelf](#), 1919
