**Programs and Courses** University of Northern Iowa,2006      **Functions: From Organisms to Artefacts** Jean Gayon,Armand de Ricqlès,Antoine C. Dussault,2023-07-25 This book originally published in French examines the philosophical debates on functions over the last forty years and proposes new ways of analysis Pervasive throughout the life sciences the concept of function has the air of an epistemological scandal ascribing a function to a biological structure or

process amounts to suggesting that it is explained by its effects This book confronts the debates on function with the use of the notion in a wide range of disciplines such as biology psychology and medicine It also raises the question of whether this notion which is as old in the history of technology as it is in the life sciences has the same meaning in these two domains
