Blessings of a Curse - Metric Pro Edition Wayne Edward Clarke, 1900 Book One of The Nexus of Kellaran Series. A mighty world of magic and wonder approaches a global turning point and a global war. Young Mark finds himself at the center of an intense whirlwind of adventure, romance and action that will transform the world of Kellaran in only seven days. A passionately acclaimed High Fantasy Epic. Uses Metric SI measurement units. New Professionally Published Edition. Features greatly improved cover art and graphics, better maps, new appendices including a recurring character list with descriptions and first appearance notes, proofreading by six editors to eliminate every typo and professional editing including chapter breaks. Kellaran is a mighty world, many times larger than the Earth; its technology is almost entirely magical and it is home to many modern and advanced societies. The humans, unicorns, dragons, elves, dwarves, giants, gnomes, selkies and gargoyles each have their own powerful nations and the precarious peace is about to be shattered yet again. Many fantasy novels have central events that are supposed to affect the entire world yet they are only described as affecting a part of one continent. **Blessings of A Curse** is a story with true global scope, an epic of world changing events all interacting in a frantic global crisis. It's a book that is cheering and emotionally uplifting. It seldom seems emotionally dark though it sometimes deals with tragic
