Metro Paris:

The Paris Metro Susan L. Plotkin, 2000-12 The metro may be a mere hundred years old but it tells a tale of France twenty times as long The story begins in the fifth century BC when wild Celtic tribes roamed the countryside of Gaul Then Julius Caesar imposed a Roman rule that lasted five hundred years and forced the Celts to settle down All that seems like only yesterday to a Frenchman because those Celts and Romans are close friends to every reader of the French comic book series Asterix Asterix and his fellow Celts live quite happily in a small fortified enclave in Brittany in northwestern France Their idyllic primitive existence is occasionally intruded upon by those nasty Roman conquerors but the Celts always manage to get the best of the Romans despite great odds

Al sia M tro Line 4 The Battle of Al sia 52 BC is the oldest event commemorated in the Paris Metro The Celtic warrior Vercing torix managed to unite competing tribes against the Romans in one last attempt to save Gallic independence It was not an easy task It was difficult to live with let alone lead these autonomous quarrelsome groups Vercing torix planned to wage hit and run guerrilla warfare to starve the Romans into defeat by destroying the crops in their path as they penetrated deeper into Gaul in pursuit of the pesky Celts In the town of Bourges the local population refused to allow the destruction of their wheat a fatal mistake Caesar descended on the town and confiscated it for his hungry troops With renewed energy the Romans gave chase The Celts retreated to a high plateau called Al sia where they were quickly surrounded by Caesar s forces The table was now turned Caesar built a fortification around Al sia twelve and a half miles in circumference It consisted of a double row of spikes one facing inward and the other outward which prevented both escape and the re provisioning of the rebels The Celts had only a month s worth of provisions but somehow they held out for two by which time the men were famished and exhausted Vercing torix surrendered Few lives had been lost in battle but countless numbers died of starvation Vercing torix was imprisoned in Rome where six years later when he was all but forgotten Caesar had him strangled to death Both the Celts who lost and the Romans who won have contributed much to French culture so it s a tricky thing for the French to say whether Al sia was a victory or a defeat One thing is clear in real life the Celts did not always win In the end it was most likely the mountains of horse manure that gave birth to the Paris Metro During the last quarter of the 19th century Paris did not lack the means of transport What it patently lacked was a transportation system There were competing omnibus lines trams trains and private conveyances all overlapping most taking roundabout routes throughout the city hindering one another and certainly hindering business Forty lines of horse drawn omnibuses traversed Paris in 1870 and ten thousand horses were required to pull them The maintenance of the horses ate up fifty percent of the entire company budget Each omnibus held about 20 passengers half of them riding on top of the carriage By the turn of the century the omnibuses carried as many as forty people each still with many sitting on the carriage roof The roads were made of cobblestones or wood planks or sometimes just hardened mud there were no shock absorbers on the carriages and the stench from the horse manure was overwhelming One hundred million passengers used the omnibuses that

year probably half of them holding perfumed handkerchiefs to their noses to ward off the stench **TIMELESS TRAVEL IN PARIS** Sharon E. du Toit, 2025-08-07 The excitement of a carefully planned trip slowly disappears as soon as you get off the RER B train at one of the many Paris stations You stare at the mountain of stairs and wonder if you should discard some of your clothes from your oversized backpack or suitcase Your wheelchair bound buddy is pondering if a six pack red bulls may assist in his predicament Your elderly disabled mom wants to turn around and take the train back to the airport upset with herself because she didn't buy this book earlier An easy to use guide of Paris stations would make life easier prevent unnecessary timewasting and possible bodily harm from climbing stairs This Metro RER and Tram guidelines navigates you around bothersome obstacles ensuring a more pleasurable trip Whether you are physically disabled wheelchair bound lazy or just in a hurry it does not need to be a difficult journey Easy way of getting to tourist attractions faster or even the patisserie shop at the corner The Paris public transport system is not as daunting as you might believe It is easy to use and much more budget friendly than taking a cab or taxi In this book you will find the Metro lines RER lines and Tram lines The stations will highlight the accessibility for wheelchair users parents with strollers and others It also mentions public toilets for those that may have a different need of transportation Using the Metro RER or Trams should be easy and fun not time consuming or difficult This book will assist in navigating you to a more travel friendly station for solo travellers families or movie producers
