Metropolitan Anthony of Sourozh Avril Pyman, 2016-01-01 Andrei Bloom 1914 2003 better known as Anthony Bloom or Metropolitan Anthony of Sourozh led an extraordinary life He was an individual who sought to be in touch with his God yet in solidarity with and responsibility for a tragically disconnected society a man of God who knew the world From the difficulties of Russian migr life that conditioned him as a monk without a monastery through the trials and suffering of war and revolution to his calling as Priest and Bishop of the Russian Orthodox Church in Great Britain he moved between many changing landscapes striving always to take his bearings in prayer and contemplation In spite of the collapse of their whole way of life his parents brought him up to be a generous and courteous friend to those around him As a surgeon and doctor in German occupied France he would provide treatment to those in need irrespective of ethnic or ideological affiliation In his character joy in the good and the beautiful was compounded with ardor and tragic depths This biography explores how Metropolitan Anthony sought the mind of Christ to cultivate and control his own loving heart and occasionally harsh exigence Avril Pyman draws on a mosaic of available evidence to offer deeper insight into the life and times of a remarkable spiritual teacher charismatic speaker and priest whose cosmopolitan background character and experience of science and medicine made a unique and significant contribution to Orthodox Christian thought and practice throughout the world Modern Spirituality John Garvey, 1994-09 **Modern Spirituality** John Garvey, 1985 This anthology brings together the best modern spiritual writers It has been carefully selected to present a range of approaches and a variety of religious traditions In the spiritual life we are not to be just imitators but have to find out our own way and that is where anthologies such as this can help Particular attention is given to techniques of prayer but wider issues such as prayer and activism are not neglected As the editor makes it clear many of the problems which modern industrial nations categorize as political and economic have their faith roots in the heart For this reason no person with a living faith can afford to ignore modern spirituality

Everything Starts from Prayer Mother Teresa of Calcutta, 2010-06-29 At the Home for the Dying in Calcutta Mother Teresa often cared for the residents as they approached the end As she was ministering to one illness ravaged man a visitor overheard her whisper a few words to him These few words embody some of Mother Teresa's most wonderful wisdom This is what she said You say a prayer in your religion and I will say a prayer as I know it Together we will say this prayer and it will be something beautiful for God These gentle words of solace and care provide us with a glimpse at a Mother Teresa we've

often overlooked Mother Teresa the universal teacher of prayer The world has admired the Mother Teresa who devoted her life to caring for the poorest of the poor everywhere But her close associates knew that all of Mother Teresa's outer activity of caring and action was the natural consequence of her devotion the overflow of her deep inner life They witnessed her reliance upon contemplative practice and they recognized Mother Teresa not only as a devout Catholic but also as a great ecumenical teacher of prayer

The discursive role of adjectives in the translation of Metropolitan Anthony Bloom's religious texts Mona-Ancuța IONESCU,2023-01-01 The book examines the ways in which adjectives contribute to the realization of the various language functions in several of Metropolitan Anthony Bloom's 1914-2003 spirituality works and transcribed talks as well as in their Romanian translated versions In particular it aims at offering an application of the communication theory of Jakobson 1960 1987 Kinneavy 1980 to Metropolitan Anthony's contemporary religious discourse and an investigation of the underlying lexical semantic and pragmatic relations carried out by the adjectival class in order for discourse aim to be achieved It also seeks to reveal the role of adjectives in the process of translation from English into Romanian more specifically in preserving the source text functions in the target language To this end the study engages in an analysis of the hierarchical communicative functions in the corpus as well as of the role played by adjectives both in the realization and transfer of the respective language functions The present book which may be of equal interest to researchers in linguistics and to theologians demonstrates not only the pivotal role of adjectives in fulfilling communicative purposes specific to religious communication but also their cohesive discourse role in Metropolitan Anthony's legacy At the same time it highlights the outstanding status of the adjectival class in establishing the functional cognitive correspondence between the source text and the target text in translation

Churchianity Vs. Christianity Anthony Bloom,2017 The expression churchianity was coined by C S Lewis It is a word that describes the parable of Christ or rather the event in which the Lord Jesus Christ pronounced his condemnation on the barren fig tree Had it been barren leafless dead Christ would not have condemned it He might even have spoken a word of life and brought it into newness But this tree stood there gloriously adorned with leaves telling everyone around that that they could come up to it in order to find a harvest of ripe fruits But there was nothing but leaves The appearance was there of reality there was nothing The words spoken by Christ are frightening there will never be a fruit on your branches until the end of the world In these nine talks Metropolitan Anthony challenges us to move beyond mere churchianity to a true and living faith He helps us to find our lofty calling in the familiar words of the creed and he points to a path forward both for individual believers and for our communities

The Ecumenical Movement Thomas E. FitzGerald, 2004-04-30 What is Ecumenism How and when did it start What are its goals and how will they affect the future of the Christian churches This book answers these questions and examines the remarkable story of new encounters between Orthodox Roman Catholic Anglican Old Catholic and most Protestant churches Most of these churches have been divided for centuries over issues of theology faith and practice Ecumenism seeks to

reconcile these differences and to bring the churches together into a new unity based on their commonalities and their understanding of Christian faith Here FitzGerald traces the history of the churches and their divisions and focuses on the ways in which the Ecumenical movement began and the efforts that have been made to assist the churches in overcoming age old strife animosity and misunderstanding For centuries Christian churches have remained divided over their doctrinal differences but beginning in the late nineteenth century churches and their members slowly began to emerge from their isolation They began to abandon competition mistrust and misunderstanding in an effort to seek out their common interests and faith through meetings and organizations meant to bring them together The encounters between the churches led to proposals for common prayers for unity and for common witness in society While not without difficulty these encounters have fostered a renewal in Christian theology worship and witness affecting all levels of church life The process has touched Christians all over the world in various ways FitzGerald carefully traces the history of the movement and its impact on the churches themselves as well as the believers who attend them making this important reading for all Christians and anyone interested in learning more about church division and efforts to restore unity
