Metternich Staatsmann Und Kavalier:

Metternich Wolfram Siemann,2019-11-01 Wolfram Siemann tells a new story of Clemens von Metternich the Austrian at the center of nineteenth century European diplomacy Known as a conservative and an uncompromising practitioner of realpolitik in fact Metternich accommodated new ideas of liberalism and nationalism insofar as they served the goal of peace And he promoted reform at home

The Correspondence of Arthur Schnitzler and Raoul Auernheimer with Raoul

Auernheimer's Aphorisms Donald G. Daviau,Jorun B. Johns,2020-05-01 This correspondence is a firsthand record of a literary and personal friendship that spanned the years 1906 to 1931 It is significant for both its insights into the lives and works of these two important writers and for its information concerning the eventful time in which they lived The previously unpublished aphorisms of Auernheimer serve as a means of introducing a writer who had long been unjustly neglected The aphorisms demonstrate the similarities of the two men in their broad range of interests as well as in the depth and perceptiveness of their thought and help to explain Schnitzler s high regard for his friend

Metternich, the German Question and the Pursuit of Peace Barbora Pásztorová,2022-03-07 Despite the large number of books and studies written about Metternich there is still a period of his political career that scholars neglect to this day the 1840s This book offers an analysis of Metternich s German policy in the years 1840 1848 and thus fills a gap in Metternich studies Analysing this period is important due to the fact that over the course of those less than nine years Metternich lost his influence within the German Confederation He represented a certain way of behaving moderate calm and conciliatory but it was an attitude which was rejected during the period of rising mass nationalism Nevertheless he continued to endeavour to steer this escalating nationalism and by applying calming policies prevent it from causing armed conflicts in Europe Since Metternich conceived the German Confederation at the Congress of Vienna in 1815 as one of the pillars of the European peace settlement the issue is viewed from the perspective of European crises of the time from the Rhine Crisis to the Swiss civil war Similarly it presents his policy in a broader context of economic and social history The book follows revisionist research on Metternich and refutes some of the clich s still associated with his policy
