Metternich's Diplomacy At Its Zenith:

Metternich's Diplomacy at its Zenith, 1820-1823 Paul W. Schroeder, 2014-05-23 What Metternich wanted at the peak of his career why he wanted it and the methods by which he achieved his goals are questions brilliantly answered in this survey and analysis of the Austrian chancellor's diplomacy during the period when he was the pre-eminent figure in European politics Metternich's single-minded objective during 1820-1823 was to preserve the Austrian hegemony he had gained in Central Europe after long wars enormous effort and great sacrifice If the internal security and international power position secured by Austria at the Congress of Vienna were to be defended against the impact of widespread revolution in Europe it was imperative that peace in Europe and the status quo be maintained This required an unyielding opposition to all political movements that might disturb the equilibrium especially French chauvinism and the spread of French constitutional ideas A one-man distillate of the doctrine of absolute monarchy Metternich was the relentless foe of any cause just or unjust that threatened European repose Hence when the revolution in Naples seriously menaced Austrian hegemony in Italy Metternich determined that the constitutional regime in Naples must be overthrown by an Austrian armed force an absolute monarchy restored and an Austrian army of occupation kept there Nor did he scruple to use duplicity secret negotiation trickery or deceit against ally and adversary alike in his effort to enlist them in the common cause of all thrones At the Congress of Troppau Metternich succeeded not only in defeating Russian ideas for peaceful intervention and a moderate constitution at Naples but also in converting Tsar Alexander to thoroughly conservative views thereby making Russia a powerful supporter of Austrian policies and knowingly alienating England formerly Austria's closest ally Paul W. Schroeder brings to this book exceptional scholarship and an objectivity hard to attain when dealing with a personality Although Metternich as Schroeder sees him doubtless helped to maintain European peace and order his real greatness consisted not in his European principles but in his ability to defend Austrian interests under the guise of European principles The evidence gathered from documentary material in the Haus Hof und Staatsarchiv in Vienna has forced the author to the conclusion that Metternich was no real statesman The very qualities that distinguished him as a brilliant diplomat keen vision cogent analysis fertility of expedients farsightedness flexibility and firmness of purpose were converted into those of blindness to reality superficial analysis sterility of expedients dogmatism and failure of will when confronted with fundamental problems of state and society

Metternich's diplomacy at its zenith : 1820 - 1823 Paul W. Schroeder, 1969 *Metternich* Wolfram Siemann, 2019-11-05 A compelling new biography that recasts the most important European statesman of the first half of the nineteenth century famous for his alleged archconservatism as a friend of realpolitik and reform pursuing international peace Metternich has a reputation as the epitome of reactionary conservatism Historians treat him as the archenemy of progress a ruthless aristocrat who used his power as the dominant European statesman of the first half of the nineteenth century to stifle liberalism suppress national independence and oppose the dreams of social change that inspired the revolutionaries of

1848 Wolfram Siemann paints a fundamentally new image of the man who shaped Europe for over four decades He reveals Metternich as more modern and his career much more forward looking than we have ever recognized Clemens von Metternich emerged from the horrors of the Revolutionary and Napoleonic wars Siemann shows committed above all to the preservation of peace That often required him as the Austrian Empire's foreign minister and chancellor to back authority He was as Henry Kissinger has observed the father of realpolitik But short of compromising on his overarching goal Metternich aimed to accommodate liberalism and nationalism as much as possible Siemann draws on previously unexamined archives to bring this multilayered and dazzling man to life We meet him as a tradition conscious imperial count an early industrial entrepreneur an admirer of Britain's liberal constitution a failing reformer in a fragile multiethnic state and a man prone to sometimes scandalous relations with glamorous women Hailed on its German publication as a masterpiece of historical writing Metternich will endure as an essential guide to nineteenth century Europe indispensable for understanding the forces of revolution reaction and moderation that shaped the modern world

The Grand Strategy of the Habsburg Empire A. Wess Mitchell, 2019-10 The Habsburg Empire's grand strategy for outmaneuvering and outlasting stronger rivals in a complicated geopolitical world The Empire of Habsburg Austria faced more enemies than any other European great power Flanked on four sides by rivals it possessed few of the advantages that explain successful empires Yet somehow Austria endured outlasting Ottoman sieges Frederick the Great and Napoleon A Wess Mitchell tells the story of how this cash strapped polyglot empire survived for centuries in Europe's most dangerous neighborhood without succumbing to the pressures of multisided warfare He shows how the Habsburgs played the long game in geopolitics corralling friend and foe alike into voluntarily managing the empire's lengthy frontiers and extending a benign hegemony across the turbulent lands of middle Europe The Grand Strategy of the Habsburg Empire offers lessons on how to navigate a messy geopolitical map stand firm without the advantage of military predominance and prevail against multiple rivals

Historical Dictionary of Austria Paula Sutter Fichtner, 2009-06-11 Austrians today often seem to believe that they have two histories One is their republican present the other the centuries that their forebears spent as part of the multi ethnic Habsburg Empire Contemporary Austria is a fixture among Europe's democracies Yet it did not achieve this state easily World War I the unification with Germany in 1938 and World War II were catastrophes for Austria In 1995 it became part of the European Union and its government culture and egalitarian economy are far cries from the monarchical and highly stratified society of the old Empire The second edition of the Historical Dictionary of Austria has been thoroughly updated and greatly expanded Through its chronology introductory essay appendix bibliography and hundreds of cross referenced dictionary entries greater

one simply cannot make sense of international politics including patterns of alliances and wars in certain situations without considering the fear of contagion

Security and Global Governmentality Miguel de Larrinaga, Marc G. Doucet, 2010-05-21 This book examines global governance through Foucaultian notions of governmentality and security as well as the complex intersections between the

two The volume explores how Foucault's understanding of the general economy of power in modern society allows us to consider the connection of two broad possible dynamics the global governmentalization of security and the securitization of global governance If Foucault's work on governmentality and security has found resonance in IR scholarship in recent years it is in large part due to his understanding of how these forms of power must necessarily take into account the management of circulation that in seeking to maximize good versus bad circulatory flows brings into play and problematizes the inside outside upon which domestic and international spaces have been traditionally understood Indeed Foucault introduces a set of conceptual tools that can inform our analyses of globalization global governance and security in ways that have been left largely unexplored in the discipline of IR Miguel de Larrinaga is Assistant Professor at the University of Ottawa where he has been teaching since 2002 Marc G Doucet is an Associate Professor in the Department of Political Science at Saint Mary's University
