nuances of Mexican national identity and music played an essential and persuasive role in the process. In this heterogeneous environment, cinema and its music continuously reshaped the contested, fluctuating space of Mexican identity, functioning both as a sign and symptom of social and political change.

Contemporary Mexican Women Writers Gabriella de Beer, 2010-06-28 Mexican women writers moved to the forefront of their country's literature in the twentieth century. Among those who began publishing in the 1970s and 1980s are Maria Luisa Puga, Silvia Molina, Brianda Domecq, Carmen Boullosa, and Angeles Mastretta. Sharing a range of affinities while maintaining distinctive voices and outlooks, these are the women whom Gabriella de Beer has chosen to profile in *Contemporary Mexican Women Writers*. De Beer takes a three-part approach to each writer. She opens with an essay that explores the writer's apprenticeship and discusses her major works. Next, she interviews each writer to learn about her background, writing, and view of herself and others. Finally, de Beer offers selections from the writer's work that have not been previously published in English translation. Each section concludes with a complete bibliographic listing of the writer's works and their English translations. These essays, interviews, and selections vividly recreate the experience of being with the writer and sharing her work: hearing her tell about and evaluate herself and reading the words she has written. The book will be rewarding reading for everyone who enjoys fine writing.

Panpipes & Ponchos Fernando Rios, 2020-09-09 Melodious panpipes and kena flutes. The shimmering strums of a charango. Poncho-clad musicians playing *El Condor Pasa* at subway stops or street corners while selling their recordings. These sounds and images no doubt come to mind for many world music fans when they recall their early encounters with Andean music groups. Ensembles of this type, known as Andean conjuntos or pan-Andean bands, have long formed part of the world music circuit in the Global North. In the major cities of Latin America too, Andean conjuntos have been present in the local music scene for decades, not only in Peru, Bolivia, and Ecuador, i.e. in the Andean countries, but also in Argentina, Chile, Colombia, and Mexico. It is solely in Bolivia, however, that the Andean conjunto has represented the preeminent folkloric popular music ensemble configuration for interpreting national musical genres from the late 1960s onward. Despite its frequent association with indigenous villages, the music of Andean conjuntos bears little resemblance to the indigenous musical expressions of the Southern Andes. Created by urban criollo and mestizo folkloric artists, the Andean conjunto tradition represents a form of mass-mediated folkloric music, one that is only loosely based on indigenous musical practices. *Panpipes & Ponchos* reveals that in the early to mid-20th century, a diverse range of musicians and ensembles, including *estudiantinas* (female vocal duos), bolero trios, art-classical composers, and mestizo panpipe groups, laid the groundwork for the Andean conjunto format to eventually take root in the Bolivian folklore scene amid the boom decade of the 1960s. Author Fernando Rios analyzes local musical trends in conjunction with government initiatives in nation-building and the ideologies of *indigenismo* and *mestizaje*. Beyond the local level, Rios also examines key developments in Bolivian national musical practices through their transnational links with trends in Peru, Argentina, Chile, Mexico, and France. As the first book-length study that chronicles how Bolivia's folkloric

music movement articulated on the one hand with Bolivian state projects and on the other with transnational artistic currents for the pivotal era spanning the 1920s to 1960s Panpipes Ponchos offers new perspectives on the Andean conjunto's emergence as Bolivia's favored ensemble line up in the field of national folkloric popular music
