Mexico En Sus Libros:

México en sus libros Enrique Florescano, 2012-05-05 Este es el primer libro que reúne las obras indispensables para conocer la historia de México desde sus orígenes hasta el presente. Ante la necesidad de obras que ordenen la prodigiosa multiplicación de libros y conocimientos acerca de los aspectos físicos geográficos históricos y actuales del país, Enrique Florescano y Pablo Mijangos se dieron a la tarea de preparar una guía de lecturas que serviría a quienes desearan formarse una imagen precisa de las múltiples vetas que componen el mapa histórico y cultural de México. La cuidadosa selección de obras que forman esta guía de lecturas va acompañada por comentarios que describen el contenido y las características de cada libro.

Zifar y sus libros: Karla Xiomara Luna Mariscal, 2015-10-21 Esta obra es una de las creaciones más singulares de la literatura castellana de la edad media. Zifar y sus libros 500 años es el tercer volumen de una serie que con motivo de los quintos centenarios de la primera impresión de distintos libros de caballerías busca generar monográficos especializados de alto nivel que reflexionen sobre los numerosos atractivos y misterios que nos ofrece este género literario. Se va consolidando la serie que comenzó con Amadís y sus libros 500 años 2008 y continúa con Palmerín y sus libros 500 años 2011 publicados por El Colegio de México.

Contemporary Mexico James W. Wilkie, Michael C. Meyer, Monzon de Wilkie Edna, 2023-07-28 Contemporary Mexico: Insights from the IV International Congress of Mexican History brings together an interdisciplinary collection of papers presented at the 1973 Congress held in Santa Monica, California. This landmark volume delves into the complexities of 20th-century Mexican history through diverse perspectives including anthropology, economics, political science, sociology, and more. The contributors aim to provide a nuanced and comprehensive view of Mexico's modern developments, offering new interpretations, reevaluations, and a synthesis of the latest research. From pre-Hispanic themes to land reform, political transitions, and cultural shifts, this work captures the evolving scholarly focus on Mexico's rich and multifaceted history, reflecting the growing maturity and internationalization of Mexican studies. The book also highlights the transformation of the Congresses themselves, charting their evolution from a focus on U.S.-Mexico comparative history to a specialized exploration of Mexican realities. Featuring insights from distinguished scholars, including analysis of social dynamics, leadership roles, and international relations, Contemporary Mexico stands as a critical resource for students, researchers, and anyone interested in the historical forces shaping modern Mexico. The volume not only underscores the importance of interdisciplinary collaboration but also points toward future directions for Mexican studies in a global context.
