Works from the Collection of Michael Crichton ,2010 No Requiem for the Space Age Matthew D.

Tribbe,2014-06-06 During the summer of 1969 the summer Americans first walked on the moon musician and poet Patti Smith recalled strolling down the Coney Island Boardwalk to a refreshment stand where pictures of Jesus President Kennedy and the astronauts were taped to the wall behind the register Such was the zeitgeist in the year of the moon Yet this holy trinity of 1960s America would quickly fall apart Although Jesus and John F Kennedy remained iconic by the time the Apollo Program came to a premature end just three years later few Americans mourned its passing Why did support for the space program decrease so sharply by the early 1970s Rooted in profound scientific and technological leaps rational technocratic management and an ambitious view of the universe as a realm susceptible to human mastery the Apollo moon landings were the grandest manifestation of postwar American progress and seemed to prove that the United States could accomplish anything to which it committed its energies and resources To the great dismay of its many proponents however NASA found the ground shifting beneath its feet as a fierce wave of anti rationalism arose throughout American society fostering a cultural environment in which growing numbers of Americans began to contest rather than embrace the rationalist values and vision of progress that Apollo embodied Shifting the conversation of Apollo from its Cold War origins to larger trends in American culture and society and probing an eclectic mix of voices from the era including intellectuals religious leaders rock musicians politicians and a variety of everyday Americans Matthew Tribbe paints an electrifying portrait of a nation in the midst of questioning the very values that had guided it through the postwar years as it began to develop new conceptions of progress that had little to do with blasting ever more men to the moon No Requiem for the Space Age offers a narrative of the 1960s and 1970s unlike any told before with the story of Apollo as the story of America itself in a time of dramatic cultural change Cincinnati Magazine ,2005-09 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region International Design

Organizations Jeremy Aynsley, Alison J. Clarke, Tania Messell, 2022-01-13 This innovative volume brings together international design scholars to address the history and present day status of national and international design organizations working across design disciplines and located in countries including Argentina Turkey Estonia Switzerland Italy China and the USA In the second half of the 20th century many non governmental organizations were created to address urgent cultural economic and welfare issues Design organizations set out to create an international consensus for the future direction of design This included enhancing communication between professionals educators and practitioners raising standards for design and creating communities of designers across linguistic national and political borders Shared needs and agendas were identified and categories of design constantly defined and re defined often with overt cultural and political intents Drawing on an impressive range of original research archival sources and oral testimony this volume questions the aims and achievements of national and international design organizations in light of their subsequent histories and their global remits The Cold War period is central to the book while many chapters draw on post colonial perspectives to interpret how transnational networks and negotiations took place at events and congresses and through publication

Science on Screen and Paper Mariana Ivanova, Juliane Scholz, 2024-08-01 During the Cold War scientific discoveries were adapted and critiqued in many different forms of media across a divided Europe Now more than 30 years since the end of the Cold War Science on Screen and Paper explores the intersections between scientific research and media by drawing from media history film studies and the history of science From public relations material to educational and science films from children s magazines to television broadcasts the contributions in this collected volume seek to embrace medial differences and focus on intersectional themes and strategies for the representation of science

Billy Graham Andrew Finstuen, Grant Wacker, Anne Blue Wills, 2017-05-24 Billy Graham stands among the most influential Christian leaders of the twentieth century Perhaps no single doctrine practice political position or preacher has united the sprawling and diverse world of evangelicalism like Billy Graham Throughout his six decade career Graham mainstreamed evangelicalism and through that tradition brought about major changes to American Christianity global Christianity church and state the Cold War race relations American manhood intellectual life and religious media and music His life and career provide a many paned window through which to view the history and character of our present and recent past Billy Graham American Pilgrim offers groundbreaking accounts of Graham s role in shaping these phenomena Graham stayed true to evangelical precepts yet journeyed to positions in religion politics and culture that stretched his tradition to its limits This book s distinguished contributors capture Graham s evolution and complexity Like most people he grew in fits and starts But Graham s growth occurred on an international stage influencing the world around him in ways large and small This book delves into this influence going beyond conventional subjects and taking a fresh and nuanced look at the complex life and legacy of one of the most important figures of the last century
