The Axis campaign climaxed in June with the recapture of Tobruk, a triumph that netted 33,000 prisoners and earned Rommel a field marshal's baton. By fall, however, after setbacks at Alam Halfa and the 2 battles of El Alamein, the Afrika Korps teetered on the brink of defeat, which would come in Tunisia 6 months later.

Waffen-SS Knights and Their Battles Peter Mooney, 2025-06-06. Fourth volume in series. Covers Knight's Cross recipients January to May 1944. **Aces at Kursk** Christopher A. Lawrence, 2024-07-25. The Battle of Kursk in July 1943 is known for being the largest tank battle in history. A Russian victory, it marked the decisive end of the German offensive capability on the Eastern Front and set the scene for the Soviet successes that followed. While many have focused on the tank engagements, especially the Battle of Prokhorovka, there was an intense air battle going on overhead that was bigger than the Battle of Britain. As part of the German offensive, the Luftwaffe's VIII Air Corps deployed around 1,100 aircraft in the south alone, while the opposing Soviet Second and Seventeenth Air Armies initially deployed over 1,600 aircraft. There was a similar effort surrounding the German attack in the north. The battle in the south began with a Soviet air strike on German airfields and a fight for control of the air that continued throughout the day across the front. On the first day of the battle, 5 July 1943, the Germans flew at least 2,387 sorties in the south, while the two Soviet Air Armies flew 1,688 sorties. That first day of battle resulted in 19 to 27 German planes and 189 Soviet aircraft shot down. This was an aerial engagement like no other ever seen before. Involved on the German side were the 52nd and 3rd Fighter Wings. The 52nd Fighter Wing was the most accomplished fighter wing in history, and many of its top aces were involved in the combats over the Kursk battlefield. These included Walter Krupinski (197 claimed kills in the war), Günther Rall (the third highest scoring ace in history, 275 claimed kills), and the highest scoring ace in history, Erich Hartmann (352 claimed kills). Opposing them were what were to become three of the top five Soviet aces: Kirill Yevstigneyev (53 claimed kills), Nikolai Gulayev (55 claimed kills), and the top scoring Allied ace of the war, Ivan Kozhedub (62 claimed kills). This was indeed the battle of the aces. But there was also the massive ground attack effort by

both sides including the Junkers Ju 87 Stuka fitted with 37mm anti tank guns flown by the man who would become most decorated soldier of the Third Reich Hans Ulrich Rudel The aerial battle involved hundreds of Soviet Sturmoviks or IL 2s Stalin s armored ground attack plane The battle featured the famous attack by Luftwaffe Hs 129s and Fw 190s on Soviet armor on 8 July 1943 Aces at Kursk is not just a war story but a revealing investigation that analyses the entire air battle that turned the tide of the war on the Eastern Front

Iron Arm John Joseph Timothy Sweet,2007 A detailed study of Italy s long ignored tank force Explores the intersection of technology war and society in Mussolini s Italy Second only to Germany in number of tank divisions first to create an armored corps Though overshadowed by Germany s more famous Afrika Korps Italian tanks formed a large part of the Axis armored force that the Allies confronted and ultimately defeated in North Africa in the early years of World War II Those tanks were the product of two decades of debate and development as the Italian military struggled to produce a modern mechanized army in the aftermath of World War I For a time Italy stood near the front of the world s tank forces but once war came Mussolini s iron arm failed as an effective military force This is the story of its rise and fall

Peiper's War Danny S Parker,2020-04-29 A bad reputation has its commitments So wrote home Jochen Peiper from the fighting front in the East in 1943 characterizing his battle hardened command during the Second World War Peiper s War is a new serious work of military history by the renowned author Danny S Parker which presents a unique view off the Second World War as seen from a prominent participant on the dark side of history The story follows the wartime career of Waffen SS Colonel Jochen Peiper a handsome Aryan prodigy who was considered a hero in the Third Reich Peiper had been Heinrich Himmler s personal adjutant in the early years of the war and having procured a field command in Hitler s namesake fighting force the Leibstandarte Adolf Hitler he become famous for a flamboyant and brutal style of warfare on the Eastern Front There in his sphere few prisoners were taken and motives of racial genocide were never far from unspoken orders Transferred to the west Peiper s battlegroup incinerated a tiny town in Northern Italy and killed the village mayor and priest Being well connected to Himmler and other generals of the period Peiper finds a place in the narrative as a storied witness to the inner workings of the Nazi elite along with other prominent SS officers such as Kurt Meyer In this meticulously researched work we witness the apex and then death spiral of Nazi military intentions as Peiper fights for Germany across every front in the conflict Peiper s War provides a telling inside look at Hitler s war and then how the dark secrets of his security minded command were improbably unearthed at the end of the conflict by an obscure top secret surveillance facility in the United States
