liked to claim or did his leadership both in opposition and in government involve more compromise and more Conservatism than we realize Finally what does the result of the EU referendum mean for the Party in years to come The answers as this accessible and gripping book shows are as intriguing and provocative as the questions Based on in depth research and interviews with the key players Tim Bale explains how and why the Tories lost power in 1997 and how and why they have eventually been able to rediscover their winning ways even if internal tensions and external challenges mean they still cant take anything for granted Crucial he suggests are the people the power structures the ideas and the very different interests of those involved This second edition of The Conservative Party From Thatcher to Camerons is a must read for anyone wanting to understand what makes the Tories tick
