the ultimate price they would pay for their moment in the sun *The Hate Game* Ben Dirs, 2013-10-24 Chris Eubank with his jodhpurs and gold topped cane who lisped in his posh accent about his distaste for the business of pugilism could not have appeared more different from Nigel Benn The Dark Destroyer the Essex boy who had battled with his demons to reach the top of the boxing world Their boxing style was just as contrasting and it was inevitable that they would have to settle their differences in the ring Their first bout for the WBO world middleweight title in Birmingham in November 1990 was a brutal affair widely held to be one of the all time great contests Eubank emerged victorious over Benn the people's champion and immediately fans called for a rematch But for three years the two men circled each other before coming together again in front of over 40 000 fans at Old Trafford and a global TV audience estimated at 500 million Author Ben Dirs has interviewed the key protagonists to tell a story that gripped the nation and that still resonates today 20 years on It is a tale that reveals the best and the worst of boxing while revealing the truth that lay behind the public facade *The Legality of Boxing* Jack Anderson, 2007-04-26 The first book of its kind dedicated to an assessment of the legality of boxing *The Legality of Boxing* A Punch Drunk Love assesses the legal response to prize fighting and undertakes a current analysis of the status of boxing in both criminal legal theory and practice In this book Anderson exposes boxing's exemption from contemporary legal and social norms Reviewing all aspects of boxing historical legal moral ethical philosophical medical racial and regulatory he concludes that the supposition that boxing has a consensual immunity from the ordinary law of violence based primarily on its social utility as a recognised sport is not as robust as is usually assumed It suggests that the sport is extremely vulnerable to prosecution and might in fact already be illegal under English criminal law outlines the physical and financial exploitation suffered by individual boxers both inside and outside the ring suggesting that standard boxing contracts are coercive thus illegal and that boxers do not give adequate levels of informed consent to participate advocates a number of fundamental reforms including possibly that the sport will have to consider banning blows to the head proposes the creation of a national boxing commission in the US and a similar entity in the United Kingdom which together would attempt to restore the credibility of a sport long known as the red light district of sports administration An excellent book it is a must read for all those studying sports law popular culture and the law and jurisprudence *The Palgrave Handbook of Sport, Politics and Harm* Stephen Wagg, Allyson M. Pollock, 2022-01-01 This book looks historically at the harm that has been inflicted in the practice of sport and at some of the issues debates and controversies that have arisen as a result Written by experts in history sociology sport journalism and public health the book considers sport and injury in relation to matters of social class gender ethnicity and race sexuality political ideology and national identity health and wellbeing childhood animal rights and popular culture These matters are in turn variously related to a range of sports including ancient pre and early industrial sports American football boxing wrestling and other combat sports mountaineering horseracing cycling motor racing rugby football cricket association football baseball basketball Crossfit ice hockey Olympic sports Mixed Martial Arts and sport in an
