Unpackaging Art of the 1980s Alison Pearlman,2003-06-15 American art of the 1980s is as misunderstood as it is notorious Critics of the time feared that market hype and self promotion threatened the integrity of art They lashed out at contemporary art questioning the validity of particular media and methods and dividing the art into opposing camps While controversies have since subsided critics still view art of the 1980s as a stylistic battlefield Alison Pearlman rejects this picture which is truer of the period s criticism than of its art Pearlman reassesses the works and careers of six artists who became critics biggest targets In each of three chapters she pairs two artists the critics viewed as emblematic of a given trend Julian Schnabel and David Salle in association with Neo Expressionism Jean Michel Basquiat and Keith Haring vis vis Graffiti Art and Peter Halley and Jeff Koons in relation to Simulationism Pearlman shows how all these artists shared important but unrecognized influences and approaches a crucial and overwhelming inheritance of 1960s and 1970s Conceptualism a Warholian understanding of public identity and a deliberate and nuanced use of past styles and media

Through in depth discussions of works from Haring's body paintings of Grace Jones to Schnabel's movie Basquiat Pearlman demonstrates how these artists interests exemplified a broader generational shift unrecognized by critics She sees this shift as starting not in the 1980s but in the mid 1970s when key developments in artistic style art world structures and consumer culture converged to radically alter the course of American art Unpackaging Art of the 1980s offers an innovative approach to one of the most significant yet least understood episodes in twentieth century art **Subversive Expectations** Sally Banes,1998 The rise of performance art as chronicled by renowned critic Sally Banes Her approach to the complex matrix of art community and culture draws on histories and theories of painting photography dance theater and folklore Her vivid descriptions and provocative interpretations fill a gap in the history of contemporary performance where the avant garde met the mainstream **100 (monologues)** Eric Bogosian,2014-05-05 This new collection by one of America's premier performers and most innovative and provocative artists includes 100 monologues from his acclaimed plays and solo shows including Drinking in America Men Inside Pounding Nails in the Floor with My Forehead Sex Drugs Rock Roll and more Also included are additional pieces from Talk Radio and Notes from Underground
