The Handbook of Emergent Technologies in Social Research Sharlene Nagy Hesse-Biber, 2011-01-15 Emergent technologies are pushing the boundaries of how both qualitative and quantitative researchers practice their craft and it has become clear these changes are dramatically altering research design from the questions researchers ask and the ways they collect data to what they even consider data Gathering a broad range of new developments in one place The Handbook of Emergent Technologies in Social Research offers comprehensive up to date thinking on technological innovations In addition to addressing how to effectively apply new technologies such as the internet mobile technologies geospatial technologies GPS and the incorporation of computer assisted software programs CAQDAS to qualitative quantitative and mixed methods approaches to research projects many chapters provide in depth examples of practices within both disciplinary and interdisciplinary

environments and outside the academic world in multi media laboratories and research institutes Not only an authoritative view of cutting edge technologies and their applications the Handbook examines the costs and benefits of utilizing new technologies on the research process the potential misuse of these techniques for methods practices and the ethical and moral dimensions of emergent technologies especially with regard to issues of surveillance and privacy The Handbook of Emergent Technologies in Social Research is an essential resource for research methods courses in various fields including the social sciences education communications computer science and health services and an indispensable guide for social researchers looking to incorporate emerging technologies into their methods and practice Renegade Kids, Suburban Outlaws Wayne S. Wooden, Randy Blazak, 2001 Topics covered include exploring boundary between deviance and criminality in the lives of young people who are deeply involved in the youth culture show how youth culture is not a set of categories so much as it is a dynamic and creative response to the confusions of growing up in modern society **The American System of Criminal Justice** George F. Cole, Christopher E. Smith, 2004 This classic best seller commonly referred to as The Eagle encourages students to become better citizens to determine what Justice means in our society and what role individuals play This text examines criminal justice as an interdisciplinary endeavor sharing elements from criminology sociology law history psychology and political science It challenges students to balance the mechanics and system of criminal justice with the human side of the story Cole and Smith present an exciting and relevant introduction to the field of criminal justice The text combines solid research and intellectual rigor in an approachable manner with detailed attention to current and compelling events to help students appreciate the many aspects of the discipline and how they can participate in the system as citizens of the United States *Telehealth for our Ageing Society* Anthony J. Maeder, 2018-03-15 The population of the world is ageing and the prospect of increasing care costs is generating new ideas and approaches to healthcare for the elderly This growing burden of care coupled with the rapid increase of digital literacy and an appetite for the use of digital resources among older citizens has also encouraged a diversification of remote healthcare options and has prompted the care sector to diversify its offer and investigate strategic alignments in research and development This book presents a selection of papers from the 5th Global Telehealth conference held in Adelaide Australia in November 2017 In recognition of the diversity of this area of healthcare this series of international meetings which began in 2010 has focused on different topics in telehealth The main aim of the 2017 meeting was to share knowledge of complementary research endeavors in telehealth as related to later life care and to foster interaction between the different groups undertaking research in this emerging topic area The 11 papers included here cover a diverse variety of topics including telehealth in the elderly with chronic heart failure wearable information technology and self management telerehabilitation exercise in residential care the Smarter Safer Homes platform and prediction of freezing of gait in patients with Parkinson s disease The book will be of interest to all whose work involves the development or delivery of healthcare for older patients The Nvivo Qualitative Project Book Patricia

Bazeley, Lyn Richards, 2000-10-13 A great basic book which can be used by the novice qualitative researcher The advice is friendly almost folksy with clear conceptual explanation of how the program works A very welcome contribution to this field Martha Ann Carey Albert Einstein College of Medicine New York Qualitative researchers continue to be criticized because they rely too much on their own interpretations and avoid analytical and theoretical issues This book provides ways to integrate the thinking about a project and the data you have with practical ways that the software can facilitate the process I recommend it for both the new user as well as the experienced one Marilyn Lichtman Forum for Qualitative Social Research follow the link below to read the complete review This book invites readers to learn how to use qualitative data analysis software in the context of doing their research project The reader follows basic steps for creating and conducting a real project with real data using the new generation software package QSR NVivo The software tools are introduced only as needed and explained in the framework of what is being asked The reader is the craftsman trialling those tools in the processes of getting started tentative interpretation drawing links shaping data and seeking and establishing explanations and theories The NVivo Qualitative Project Book allows the researcher to work through their own project or work with data provided from a real project The authors draw on decades of experience of research and training researchers around the world and take the reader through each step in a style combining informality and authority with frequent tips and reflections on what is being done Demonstration software is provided on the enclosed CD ROM with data to help create a researcher's project a project about researchers and researching and with multiple stages arranged sequentially in the development of a real project As a practical tool to help researchers understand qualitative data analysis software using NVivo and a guide through the sometimes complex processes of doing a research project this book will be invaluable reading for researchers and students undertaking qualitative research Pat Bazeley provides training and consulting services in research design and data analysis through her company Research Support Lyn Richards is Director of Research Services at Qualitative Solutions and Research the developers of NUD IST and NVivo software NVivo is distributed by Scolari SAGE Publications Software
