King,2022-06-13 I want the world to have these self healing tools at hand through angels archangels Reiki the Divinity and unity We are here to shake off our own sins and karmic payments to break an entire nation of suffering Thus we give the

wings back to our children to dream of a living world full of color joy kindness health and wealth The more light we spread the faster we move toward 2032 when the golden age begins when the human species will evolve from Homo sapiens to Homo luminous We came out of a karmic cycle of ego and materialism that lasted two hundred years This was the age of man based on materialism and the gathering of as much wealth as possible which ended on March 21 2021 when we entered the age of Aquarius an era in which the emphasis will be from an energetic point of view on the elevation of the spirit and on the inner aspects The new species will be called Homo luminous The human collective throughout history has suffered and it has been dramatic Being allowed to deal with our own feelings through our own powers as human beings disconnected from the divine and the Divinity in each of us we have come to believe that it is right to kill in the name of religion and the ideologies based on it We have come to believe and interpret through our own selfish minds that God wants us divided that God is the one who punishes and that he separates people according to color financial status or ethnicity However all these dirty and selfish ideologies are going to fall apart Each of us will experience this through our own prism Each of us will make this leap Each of us will reconnect with the Divinity in us and realize that any thought action or deed on others has an effect on us as well You will realize that you are a cocreator of your own life and you will be able to make your own contribution in this regard The divine will flow through each of us for we will earn this right We have earned this right over time We earned it when people began to search within themselves for the answers The Father waited for us with infinite patience and light to return home to find ourselves and to become one with him again In one of my meditations I was shown something that made me realize how interconnected everything on the planet is and how they all lead to the same Source The images came quickly so I was not able to connect with everything I saw in a conscious way I saw images of a grain of sand stones grass cars streets animals the sky clouds water wind and more and then the images shrank as I ascended above Earth Consciousness continued to show me Earth the stars black holes and constellations until I felt that no earthling or other being but the Father would be able to comprehend the vast universe shown to me including beings in heaven When you bring into the light certain traumas of yours you free not only yourself from them but also your children These processes have also an opposite effect going down the ancestral line until the beginning of the first life Do you realize now how important it is to overcome your fears Do you realize now what can happen if you manage to overcome a fear whether you do it by being present or calling on the help of angels Reiki therapy or other methods The final destination is important A part of you is brighter a part that shines When you work every day every week or whenever you need or feel it is time to release something more the body and the soul are reunited as a whole in the light piece by piece until you become just the light

Book jacket *Parent Voice* Russell J. Quaglia, Kristine Fox, Deborah Young, 2017-09-13 Find your best voice to inspire your child to reach their aspirations. With no single or right formula to teach, reassure or help a child, no precise age gauge for first experiences and blurry lines between clear, obvious and gut decisions, how can a parent know what is best or right in the course of their child's education? *Parent Voice* applies thought, experience and a developmental model for parents to follow that allows for differences in personalities, dispositions and supporting players. Real musings give real-life examples of parents positively influencing their child's education. Reflection questions encourage engagement and application. Action items offer guides for each stage of a child's development. Be the guide and advocate your child needs by finding your best parent voice. *Parent Voice* describes how to handle difficult situations with the Listen-Learn-Lead structure and also offers solutions to prevent them in the first place. This book teaches parents how to use their voices in effective ways and how to give their children voice. Karen L. Tichy, Ed.D., Assistant Professor of Educational Leadership, Saint Louis University, St. Louis, MO.

Be the Parent of Your Child's Dreams Malcolm Bonner, 2014-10-07 I wrote *Be the Parent of Your Child's Dreams* because with so much media and institutional emphasis on labeling, controlling and punishing our children, we as a society had lost touch with the most important element to love our children. We can learn to practice principles of recovery such as honesty, compassion, open-mindedness, forgiveness, acceptance and unconditional love with our own children. In *Be the Parent of Your Child's Dreams*, the focus is on us as parents to bring our best selves to every moment and every interaction with our children. Each daily reflection illustrates principles that parents, whether in recovery or not, can incorporate into our lives. I want to thank all of my family members and friends who contributed to the writing of *Be the Parent of Your Child's Dreams*.
