Silcox, David Milne, 1996-01-01 A biography of one of Canada's greatest artists lavishly illustrated and based on years of research by a leading historian David Milne 1882-1952 is recognized as one of the most innovative and original artists of his generation **David B. Milne: 1882-1928** David Milne, 1998 **David Milne** David P. Silcox, 2005 A well illustrated concise introduction to the art and life of David Milne 1882-1953 widely regarded as one of the most gifted Canadian painters of his generation Canadian Art in the Twentieth Century Joan Murray, 1999-11-01 Canadian Art in the Twentieth Century is a survey of the richest most controversial and perhaps most thoroughly confusing centuries in the whole history of the visual arts in Canada the period from 1900 to the present Murray shows how beginning with Tonalism at the start of the century new directions in art emerged starting with our early Modernists among them Tom Thomson and the Group of Seven Today Modernism has lost its dominance Artists critics and the public alike are confronted by a scene of unprecedented variety and complexity Murray discusses the social and political events of the century in combination with the cultural context movements ideas attitudes and styles the important groups in Canadian art and major and minor artists and their works Fully documented well researched and written with clarity and over four hundred illustrations in both black and white and colour Murray's book is essential for understanding Canadian art of this century As an introduction it is excellent in both its scope and intelligence **Inner Places** James King, 2015-08-08 2016 Hamilton Arts Council Literary Award for Non Fiction Winner David Milne is one of Canada's finest artists a man whose work speaks to the intricate beauty of the world as he experienced it David Milne 1882-1953 dedicated his life to exploring nature and casting it into art in a variety of modernist formats He was born into poverty in rural Ontario and remained poor all his life because of his relentless dedication to his art For him art was life Nothing mattered to him as much as the enormous kick he felt when he was able to produce the image his artist's eye told him was there Milne returned to Ontario in 1929 after a twenty five year stay in the United States In every place he lived his peripatetic existence Milne created a different kind of landscape painting In his chosen life of solitude his mind and hand remained very much alive Since Milne spent as much time writing as he did painting he provides an enormous amount of material for a life writer His biography re-creates the texture of the artist's one of a kind life and struggles allowing a truly intimate portrait to emerge *Picturing the Land* Marilyn J. McKay, 2011-04-12 Emphasizing the ways in which social economic and political conditions determine representation Marilyn McKay moves beyond canonical images and traditional nationalistic interpretations by analyzing Canadian landscape art in relation to different concepts of territory Taking an expansive and inclusive perspective on Canadian landscape art McKay depicts this tradition in all its diversity and draws it into the larger body of Western landscape art broadening the horizon of future study appreciation and criticism Richly illustrated and filled with sophisticated and innovative commentary *Picturing the Land* provides new and distinct histories of the landscape art of French and English Canada **Bringing Art to Life** Andrew

Horral,2009-09-14 In 1959 Alan Jarvis the brilliant and charismatic director of the National Gallery of Canada was forced to resign following a disagreement with the government over the purchase of works by European Old Masters He never fully recovered from this dismissal or the public humiliation that followed succumbing to alcoholism in a little over a decade

The Force of Culture Karen Finlay,2004-12-15 A misunderstood and sometimes maligned figure Vincent Massey was one of Canada s most influential cultural policy makers and art patrons Best known as Canada s first native born Governor General he chaired the landmark Royal Commission on National Development in the Arts Letters and Sciences that led to the creation of the Canada Council The Force of Culture examines Massey s notion of culture its conflicted roots in late nineteenth century and early twentieth century Canadian Protestant thought and Massey s transformation into a champion of culture as a bastion of Canadian sovereignty Karen Finlay s study goes beyond existing literature by examining the role of Massey s Methodist upbringing in instilling an education gospel as the bedrock of culture and the foundation of a national citizenry The study also reassesses Massey s reputation as a supporter of the fine arts Steeped in Methodism his attitudes towards the arts were ambiguous He never adopted a purely art for art s sake doctrine but came to understand that the arts without being moralizing could serve a moral and cultural purpose the expression and affirmation of national character and sovereignty As well as charting Massey s evolving attitudes towards culture and the arts Finlay attempts to redress the common charges of sexism elitism and anglophonism levelled against him Finlay stresses Massey s contradictory views on issues relating to gender race and class outweighed by the ongoing legacy of his belief in Canadian cultural diversity Above all Massey valorized the principles of excellence and diversity as twin antidotes to the anathema of conformity and cultural homogenization The tenet Massey sought to honour pertaining deeply to the collective and moral nature of humanism in Canada Finlay argues was community without uniformity The Force of Culture shows that Massey was in certain respects a democratizer and even a populist who believed that difference need not divide Electronic Format Disclaimer Images removed at the request of the rights holder
