*Border States in the Work of Tom Mac Intyre* Catriona Ryan,2012-01-17 This work analyses the prose and drama of the Irish writer Tom Mac Intyre and the concept of paleo postmodernism It examines how Mac Intyre balances traditional themes with experimentation which in the Irish literary canon is unusual This book argues that Mac Intyre s position in the Irish literary canon is an idiosyncratic one in that he combines two contrary aspects of Irish literature between what Beckett terms as the Yeatsian antiquarians who valorize the Victorian Gael and the others whose aesthetic involves a European influenced breakdown of the object which is associated with Beckett Mac Intyre s experimentation involves a breakdown of the object in order to uncover an unconscious Irish mythological and linguistic space in language His approach to language

experimentation is Yeatsian and this is what the author terms as paleo postmodern Thus the project considers how Mac Intyre incorporates Yeatsian revivalism with postmodern deconstruction in his drama and short stories How to Study Modern Poetry Tony Curtis,1990-11-11 In this book Tony Curtis himself an award winning poet offers clear and positive help to students who are faced by a modern poem which puzzles and frightens them How do we proceed to construct a critical response to a poem which may not rhyme may not have metrical regularity may not be written in verses or even have conventional punctuation This book deals imaginatively and originally with such problems It also provides helpful critical readings of many of the major poems of the post war years by poets such as Ted Hughes Sylvia Plath Dylan Thomas Philip Larkin Seamus Heaney R S Thomas Dannie Abse and William Carlos Williams **The Poetry Handbook** John

Lennard,2006-01-05 The Poetry Handbook is a lucid and entertaining guide to the poet s craft and an invaluable introduction to practical criticism for students Chapters on each element of poetry from metre to gender offer a wide ranging general account and end by looking at two or three poems from a small group including works by Donne Elizabeth Bishop Geoffrey Hill and Nobel Laureate Derek Walcott to build up sustained analytical readings Thorough and compact with notes and quotations supplemented by detailed reference to the Norton Anthology of Poetry and a companion website with texts links and further discussion The Poetry Handbook is indispensable for all school and undergraduate students of English A final chapter addresses examinations of all kinds and sample essays by undergraduates are posted on the website Critical and scholarly terms are italicised and clearly explained both in the text and in a complete glossary the volume also includes suggestions for further reading The first edition widely praised by teachers and students showed how the pleasures of poetry are heightened by rigorous understanding and made that understanding readily available This second edition revised expanded updated and supported by a new companion website confirm The Poetry Handbook as the best guide to poetry available in English The Life of Metrical and Free Verse in Twentieth-Century Poetry Jon Silkin,2016-07-27 In a wide ranging and compelling account of the life of metrical and free verse in the twentieth century poet and critic Jon Silkin

deepens our understanding of the way poetry works on us He begins from the premiss that two modes of verse free and metrical engage the creative energies of poetry now creating a rich fertile environment capable of yielding work valuable to poetry itself and to the society which has given it life With a practitioner s empathy Silkin reads the poetry of Whitman Hopkins Eliot Pound Lawrence Dylan Thomas Bunting and eight British poets from the post second World War period to illustrate how free and metrical verse create separately or together a poetic harmony Additionally he includes crucial statements on modern poetry from poets themselves concluding with a fine memoir of Basil Bunting by Connie Pickard published in book form for the first time

**A History of Twentieth-Century British Women's Poetry** Jane Dowson,Alice Entwistle,2005-05-19 Publisher Description

**Modernism and Ireland** Patricia Coughlan,1995 An incisively argued collection of essays which sets out to look afresh at the landscape of Irish poetry in the 1930s

**Derek Mahon: A Retrospective** Nicholas Grene,Tom Walker,2024-09-17 Derek Mahon 1941 2020 is widely recognized as one of the most important Irish poets of his generation This collection of new critical essays offers an important retrospective assessment of the nature of his poetic achievement Bringing together many leading scholars of modern and contemporary Irish poetry including a notable number of accomplished poet critics its contributors range widely across Mahon s body of work Their essays offer fresh considerations of the biographical geographical and literary contexts that shaped his poetic voice This includes paying attention not only to more familiar influences but also to previously little considered interlocutors The stylistic and formal achievement of his voice is re evaluated in ways that range from attentive close readings to considerations of his controversial practice of self revision and his engagements with music and experiments in translation The politics of a poet often misleadingly considered apolitical are also reframed to take in the engagements of his early work through to the ecocritical commitment of his later poetry Indeed a notable aspect of this book is the consideration it gives to all the phases of Mahon s career As a whole the collection opens up many new ways of reading and understanding Mahon s important body of work

**Contemporary Poetry** Nerys Williams,2011-04-06 Discussing the work of more than 60 poets from the US UK Ireland Australia New Zealand and the Caribbean Nerys Williams guides students through the key ideas and movements in the study of poetry today

**Poetry, Poets, Readers** Peter Robinson,2002 Poetry Poets Readers is a defence of poetry against the protective moves which claim that poets never lie because they never affirm or that their poems exist in a separate world These much re iterated manoeuvres for safe guarding poetry by banishing it from an active role in life can paradoxically go hand in hand with a poet s yearning for the authority of a legislator Through detailed considerations of poetry by Shakespeare Keats Yeats Auden Elizabeth Bishop and Paul Muldoon along with sustained meditations on question forms in poems the role of fact in fictions the nature of literary value speech acts and performative utterances issued by poets the book sets out a fresh model for relationships between poetry poets and readers one which allows the historical fact of poems having made things happen to be itself happening Peter Robinson himself an award winning poet explores what we

do by imagining when we read or write poems In describing how poetry poets and readers make things happen the poet offers us an invitation and implies a promise Taking up the one we find out how to keep the other
