Ridiculous! Absurd! Disgusting!. ,1989 *Ridiculous! Absurd! Disgusting!* Frank Kuppner,1989 **Hartrampf's Vocabularies** Gustavus A. Hartrampf,1929 **Trapped in "black Russia."** Ruth Pierce,1918 Author is an American who travels from Romania to Kiev without her husband Peter but with her companion Marie expecting to stay only one week but is put under house arrest Neurosis Wolfgang Giegerich,2020-01-06 Psychoanalysis began over a century ago as a treatment for neurosis Rooted in the positivistic mindset of the medicine from which it stemmed it trained its empiricist gaze directly upon the symptoms of the malaise only to be seduced into attributing it to causes as numerous as there are aspects of human experience Edifying as this was for our understanding of the life of the psyche it left the sickness of the soul that was its actual subject matter the neurosis which it was supposed to be about out of its purview The crux of this problem was of a conceptual nature As psychology increasingly gave up on its constituting concept its concept of soul it succumbed to the same extent to treating its patients without an adequate concept of what both it and neurosis were about Attention was paid to mishaps and traumas the vicissitudes of development and the Oedipus complex But neurosis according to the thesis of this ground breaking book comes from the soul even is soul the soul in its untruth Indeed both it and the modern field of psychology are successors of the soul forms that preceded them religion and metaphysics with the difference that psychology s reluctance to recognize and take responsibility for its status as such has been matched by the neurotic soul s clinging to obsolete metaphysical categories even as the often quite ordinary life disappointments of its patients are inflated with absolute importance The folie deux has been on a massive scale Owing their provenance to the supplement they each provide the other psychology and neurosis are entwined in a Gordian knot the cutting of which requires insight into the logic that pervades both Taking up this sword Giegerich exposes and critiques the metaphysics that neurosis indulges in even as he returns psychology to the soul not of course to the soul as some no longer credible metaphysical hypostasis but as the logically negative life of the mind and power of thought Using several fairy tales as models for the logic of neurosis he brilliantly analyses its enchanting background processes exposing thereby in a most lively and thoroughgoing manner the spiteful cunning by which the neurotic soul against its already existing better judgement betrays its own truth Topics include the historicity of neurosis its soulful purpose as a general cultural phenomenon its internal logic functioning and enabling conditions as well as the Sacred Festival drama character of symptomatic suffering the theology of neurosis and the neurotic as the figure of modernity s exemplary man A collection of vignettes descriptive of various kinds of neurotic presentation routinely met with in the consulting room is also included in an appendix under the heading Neurotic Traps **The Cambridge Guide to Literature in English** Dominic Head,2006-01-26 This illustrated and fully updated Third Edition of The Cambridge Guide to Literature in English is the most authoritative and international survey of world literature in English available The Guide covers everything from Old English to contemporary writing from all over the English speaking world
