Program Master Index Charles V. Dintrone, 1996 Television history has become one of the hottest areas of research in popular culture. Because the field is relatively new and so wide ranging, no matter what one is researching, much of the relevant material will be found scattered through numerous other works, frustrating scholarly progress. This work makes the television researcher's job easier by providing a single index to 341 books that include information on 1,002 shows. Most of the books deal exclusively with television, though some autobiographies, biographies, Congressional hearings, and works on communication and the media are also indexed. For a show to be included, it must have been carried on NBC, CBS, ABC, or Fox and must have been a series. Shows on PBS are generally not included, though exceptions have been made for *Sesame Street* and *Mister Rogers Neighborhood*. King of the Cowboys, Queen of the West Raymond E. White, 2005 For more than sixty years Roy Rogers and Dale Evans personified the romantic, mythic West that Americans cherished. Blazing a trail through every branch of the entertainment industry—radio, film, recordings, television, and even comic books—the couple capitalized on their attractive personas and appealed to the nation's belief in family values, an independent spirit, and community. Raymond E. White presents these two celebrities in the most comprehensive and inclusive account to date. Part narrative, part reference, this impeccably researched, highly accessible survey spans the entire scope of Rogers's and Evans's careers and highlights their place in twentieth-century American popular culture. In a dual biography, he shows how Rogers and Evans carefully husbanded their public image and, of particular note, incorporated their Christian faith into their performances. Testifying to both the breadth and the longevity of their careers, the book includes radio logs, discographies, filmographies, and comicographies that will delight historians and collectors alike. **Back in the Saddle** Gary A. Yoggy, 1998-09-15 The western is one of the most popular genres in American film history, and some estimate more than 20,000 of them have been produced. Its popular portrayal of the American West as a place where good and evil are clearly defined, created heroes that are still among the most respected and remembered in film history. Writers Lane Roth and Tom W. Hoffer, William E. Tydeman III, R. Philip Loy, Gary Kramer, Raymond E. White, Michael K. Schoenecke, Sandra Schackel, Jacqueline K. Greb, Jim Collins, Richard Robertson, and Gary Yoggy each contributed an essay focusing on the performances of some of the most famous of Hollywood's leading cowboys and cowgirls. Analyses of the works of G. M. Broncho, Billy Anderson, Tom Mix, Buck Jones, Tex Ritter, Roy Rogers, James Stewart, Barbara Stanwyck, Steve McQueen, and James Arness are included. James Drury of *The Virginian* relates his firsthand experiences of movie making by way of introducing this collection. **Baseball** Edward J. Rielly, 2005-01-01 *Baseball: An Encyclopedia of Popular Culture* looks at American society through the prism of its favorite pastime, discussing not only the game itself but a variety of topics with significance beyond the diamond. Its 269 entries, which vary in length from two hundred to twenty-five hundred words, explore the game's intersection with race, gender, art, drug abuse, entertainment, business, gambling, movies, and the shift from rural to urban society. Filled with larger-than-life characters, baseball legends, sports facts, and firsts, important milestones, and observations about daily life and popular culture.

Paul Holsinger, 1999-01-30 Spanning more than 400 years of America's past this book brings together for the first time entries on the ways Americans have mythologized both the many wars the nation has fought and the men and women connected with those conflicts Focusing on significant representations in popular culture it provides information on fiction drama poems songs film and television art memorials photographs documentaries and cartoons From the colonial wars before 1775 to our 1997 peacekeeper role in Bosnia the work briefly explores the historical background of each war period enabling the reader to place the almost 500 entries into their proper context The book includes particularly large sections dealing with the popular culture of the American Revolution the Civil War the Indian Wars West of the Mississippi World War II and Vietnam It has been designed to be a useful reference tool for anyone interested in America's many wars to provide answers to teach to inspire and most of all to be enjoyed Western Gunslingers in Fact and on Film Buck Rainey, 2015-11-17 Billy the Kid Wild Bill Hickok Belle Starr Wyatt Earp the Younger Gang the Dalton Doolin Gang and Bat Masterson these real life lawmen and lawbreakers have been the basis of so many Hollywood Westerns that it has become difficult to discover where the truth ends and the legend begins All actually became larger than life characters during their lifetimes as contemporary newspapers and books embellished their deeds for their own purposes But it was in Hollywood that the line between reality and myth was completely blurred Each chapter length entry here first focuses on the known facts of the people's lives and how each became truly legendary during their lifetimes The reality is then compared to how they have been portrayed in the movies *Chai Noon* Jonathan L. Friedmann, 2025 Only a few Westerns contain explicitly Jewish stories or themes and very rarely do Old West tales involve identifiably Jewish characters Yet Jewish contributors have shaped the Western once Hollywood's most popular genre ever since the silent era both onscreen and offscreen and some filmmakers have sought to infuse the genre with a distinctly Jewish sensibility In *Chai Noon* Jonathan L. Friedmann applies some of the central questions of Jewish film studies to the Western What makes a movie Jewish What counts as a Jewish image on screen What types of Jewish representation are appropriate How much of a film's Jewishness owes to the filmmakers and how much to the viewer's interpretation This volume joins other reconsiderations of outsider and minority representations in Westerns to offer a more nuanced view of the genre Friedmann engages with larger themes of Jewish identity in popular film including depictions of race ethnicity and foreignness He also identifies similar concerns within the invention and creation of the imaginary West writ large in American culture The juxtapositions prove to be both unexpected and intuitively understandable Genre and Contemporary Hollywood Steve Neale, 2019-07-25 This wide ranging text is one of the first to look in detail at some of the principal genres cycles and trends in Hollywood's output during the last two decades It includes analysis of such films as *Sense and Sensibility* *Grifters* *The Mask* *When Harry Met Sally* *Pocahontas* *Titanic* *Basic Instinct* Coppola's *Dracula* and *Malcolm X* Hollywood and the O.K.
